PREFACE

AMENDMENTS TO THE DRUG TARIFF

January 2011

1. In accordance with regulation 56(f) of the National Health Service (Pharmaceutical Services) Regulations 2005, the Secretary of State for Health as respects England and in accordance with regulation 18(e) of the National Health Service (Pharmaceutical Services) Regulations 1992, the Welsh Ministers* have amended the Drug Tariff and determinations made in respect of the amendments to the Drug Tariff shall have effect from 1 January 2011.

Before the Secretary of State and the Welsh Ministers make further determinations they will consult with such organisations as appear to be representative of persons to whose remuneration the determination would relate and such other persons as they consider appropriate in respect of determinations which relate to persons providing pharmaceutical services, or a category of such services in accordance with section 165 of the National Health Service Act 2006 and section 89 of the National Health Service (Wales) Act 2006, regulations made under those sections and under section 164 of the National Health Service Act 2006 and section 88 of the National Health Service (Wales) Act 2006.

2. Please note that you are now being supplied each month with the Drug Tariff which incorporates all amendments to date. All entries showing a change in price are not specifically included in this preface but are indicated in the Drug Tariff by ▽ for price reduction and △ for price increase; changes to the text relating to code, product description, or the inclusion of a new product are indicated by a vertical line in the margin.
3. While every effort is made to ensure that each monthly publication of the Drug Tariff includes all amendments made by the Secretary of State and the Welsh Ministers to the price applicable to the relevant period, the need to observe printing deadlines sometimes defeats those efforts. Any omitted amendments will be effective from the date on which they came into force, even if publication of the details is unavoidably delayed.

* Functions of the National Assembly for Wales have transferred to Welsh Ministers in accordance with section 162 of and paragraph 30 of Schedule 11 to the Government of Wales Act 2006.

PREFACE

4. ADVANCE NOTICE**4.1 ADDITIONS TO FEBRUARY 2011 DRUG TARIFF****4.1.1 ADDITIONS TO PART VIII EFFECTIVE FROM 1 FEBRUARY 2011**■ **Special Container**◆ **Calendar Pack**

Amiloride 5mg / Bumetanide 1mg tablets	28	Category A
Brinzolamide 10mg/ml / Timolol 5mg/ml eye drops	■ 5ml	Category C <i>Azarga</i>

DEFINITIONS

- (a) Except where the context otherwise requires, the terms to which a meaning is assigned by the Regulations or the Terms of Service have the same meaning in this Tariff.
- (b) The term contractor has the same meaning as chemist as defined in the Regulations.
- (c) A pharmacy contractor is a person with whom the Primary Care Trust (PCT) for England and Local Health Board (LHB) for Wales has made arrangements for the provision of pharmaceutical services in respect of the supply of drugs, appliances and chemical reagents.
- (d) An appliance contractor is a person with whom the PCT for England and LHB for Wales has made arrangements for the provision of pharmaceutical services so far as it relates to the supply of appliances included within Part IXA/B/C of this Tariff.
- (e) The term persons includes a body of persons corporate or unincorporate.
- (f) The term Pricing Authority means, as the case may require, the NHS Business Services Authority (NHSBSA) or the Health Solutions Wales.
- (g) The term appliances as used in this Tariff includes dressings.
- (h) The term prescription refers to an item on a prescription form or dispensed in accordance with a repeatable prescription.
- (i) The term prescription form includes, where appropriate, a repeatable prescription.
- (j) The term pharmacy means any premises where drugs are provided by a pharmacist as part of pharmaceutical services under section 126 (arrangements for pharmaceutical services) for England of the National Health Service Act 2006 and Section 80 of the National Health Service (Wales) Act 2006.

In the preparation of this Tariff the Secretary of State for Health and the Welsh Ministers have consulted the Pharmaceutical Services Negotiating Committee.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**CLAUSE 1 DRUGS**

Any drug included in this Tariff or in the British National Formulary including the Nurse Prescribers' Formulary, Dental Practitioner's Formulary, European Pharmacopoeia, British Pharmacopoeia or the British Pharmaceutical Codex, supplied as part of pharmaceutical services, must comply with the standard or formula specified therein unless the prescriber has indicated to the contrary. Any drug supplied which is not so included must be of a grade or quality not lower than that ordinarily used for medicinal purposes.

CLAUSE 2 APPLIANCES

The only appliances which may be supplied as part of the pharmaceutical services are those listed in Part IXA/ B/C, and Part X (see Clause 4 below), of the Tariff and which comply with the specifications therein. The items within Part IXA which are **not** prescribable on Forms FP10(CN) and FP10(PN) are annotated ☒

CLAUSE 3 CHEMICAL REAGENTS

The only chemical reagents which may be supplied as part of the pharmaceutical services are those listed in Part IXR of the Tariff. The items within Part IXR which are **not** prescribable on forms FP10(CN) and FP10(PN) are annotated ☒

CLAUSE 4 DOMICILIARY OXYGEN THERAPY SERVICE

The requirements for the supply of domiciliary oxygen and its associated appliances together with the arrangements for reimbursement of those contractors included on the PCT's for England and LHB's for Wales lists of contractors authorised to provide this service, are set out in Part X of the Tariff.

CLAUSE 5 CLAIMS FOR PAYMENT

Contractors shall:

- (a) endorse prescription forms as required in Clause 9 (Endorsement Requirements) of this Tariff; and
- (b) despatch the forms to the NHS Prescription Services of the NHS Business Service Authority (NHS Prescription Services) for England or Health Solutions Wales (HSW) for Wales:
 - (i) with the appropriate claim form;
 - (ii) sorted as appropriate;
 - (iii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iv) not later than the fifth day of the month following that in which the supply was made.

CLAUSE 5A CLAIMS FOR PAYMENT - REPEAT DISPENSING SERVICES

Contractors shall:

- (a) endorse batch issues (rather than repeatable prescriptions) as required in Clause 9 (Endorsement Requirements) of this Tariff. In addition, batch issues relating to drugs, appliances or chemical reagents which have been dispensed shall be stamped with the contractor's stamp and dated with the date on which the items were dispensed
- (b) despatch the batch issues relating to drugs, appliances or chemical reagents which have been dispensed to the NHS Prescription Services for England or HSW for Wales:
 - (i) with the appropriate claim form;
 - (ii) sorted as appropriate;
 - (iii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iv) not later than the fifth day of the month following that in which the supply was made;
- (c) destroy any batch issues relating to drugs, appliances or chemical reagents which are not required, or which should not be dispensed because the contractor has been notified to that effect by the doctor who issued them or because the relevant repeatable prescription has expired; and
- (d) retain repeatable prescriptions until they have expired or are no longer required and then despatch them to the NHS Prescription Services for England or HSW for Wales:
 - (i) sorted as appropriate separate from the batch issues;
 - (ii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iii) in the month following that in which they expired or the contractor became aware that they were no longer required.

This Page is Intentionally Blank

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

CLAUSE 6 **CALCULATION OF PAYMENTS**A Pharmacy Contractors**

Payment for services provided by pharmacy contractors in respect of the supply of drugs, appliances and chemical reagents supplied against prescriptions at each separate place of business shall comprise:-

- (i) (a) The total of the prices of the drugs, appliances and chemical reagents so supplied calculated in accordance with the requirements of this Tariff.
LESS
*(b) An amount, based on the total of the prices at (i)(a) above, calculated from the table at Part V ("Deduction Scale").
AND
- (ii) The appropriate professional fee as set out in Part IIIA
AND
- (iii) The allowance for containers and specified measuring devices as set out in Part IV.

***NOTE 1**

No deduction will be made in respect of prescriptions for items listed on page 8 to page 16 for which the contractor has not been able to obtain a discount.

****NOTE 2**

(Wales only) Payments in respect of October 1999 to March 2000.

Contractors in agreement with LHBs in Wales who have notified the LHB that they accept the revised basis of calculation of payments for the period 1 October 1999 to 31 March 2000 set out in the National Assembly's offer letters on 20 November 2000 and 3 April 2001 shall be paid in accordance with the provisions of these letters.

*****NOTE 3**

(Wales only) Payments in respect of 1 October 2008 to 31 October 2008.

Contractors in agreements with LHBs in Wales will be paid in accordance with the provisions of:

Part VIA - Payment for Essential Services (Pharmacy Contractors),
Part VIC - Advanced Services (Pharmacy Contractors), Medicines Use Review and Prescription Intervention Service, and
Part XIII - Payments in respect of Pre Registration Trainees
of the October 2008 edition of this Tariff as they apply in relation to England.

B Appliance Contractors

Payment for services provided by appliance contractors in respect of the supply of appliances so supplied against prescriptions at each separate place of business, shall comprise:-

- (i) The total of the prices of the appliances, calculated in accordance with Part IXA/B/C
PLUS
- (ii) The appropriate professional fee as set out in IIIB
PROVIDED THAT
 - (a) Where prescription forms are received by the Pricing Authority from two or more contractors whose names are separately entered on the pharmaceutical list for the supply of appliances only in respect of the provision of services at the same place of business, all such prescription forms shall be aggregated for the purpose of the calculation as at (ii) above and the professional fees so calculated shall be applied to the total number of appliances supplied by each of those persons.
 - (b) A contractor's name shall not be entered on the Pharmaceutical List separately for the same place of business in respect of (1) the supply of appliances, (2) the supply of drugs and appliances, or (3) the supply of drugs, except in the case of a contractor for whom separate entries on the Pharmaceutical List relating to the same place of business were allowed prior to the first day of November 1961.
 - (c) Where a contractor's name is entered on the Pharmaceutical List in respect of the provision of services at more than one place of business, the calculation as at (ii) above shall be made separately in respect of prescriptions received in respect of the services provided at each place of business.
- PLUS
- (iii) The appropriate fees as set out in IIIB
PLUS
- (iv) An infrastructure payment as set out in VIB.

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

CLAUSE 7 PAYMENTS FOR DRUGS, APPLIANCES AND CHEMICAL REAGENTS

- A The price on which payment is based for a quantity of a drug, appliance or chemical reagent supplied is calculated proportionately from the basic price (see Clause 8 - Basic Price).
- B Subject to the provisions of Clause 10 (Quantity to be supplied) payment will be calculated on the basis that the exact quantity ordered by the prescriber has been supplied.
- C Where a prescription form has been returned to the contractor for endorsement or elucidation and it is returned to the Pricing Authority unendorsed, or incompletely endorsed, or without further explanation, then the price for the drug, appliance or chemical reagent which it orders shall be determined by the Secretary of State for Health and the Welsh Ministers.
- D If a contractor's overall supply of a product appears to justify payment being based on the cost of a larger size than that normally required pursuant to orders on prescription forms and notice has been given to that effect to the contractor, the basic price will be the price of that larger size, the prescription form being deemed to have been endorsed.

CLAUSE 8 BASIC PRICE

- A The basic price for those drugs, appliances and chemical reagents ordered by a name, or a synonym of that name, included in Parts VIII or IX shall be the price listed in the Drug Tariff.
- B In exceptional circumstances, where, in the opinion of the Secretary of State for Health and the Welsh Ministers, there is no product available to contractors, at the price in Part VIII, claims for reimbursement for a product with a higher price than that listed may be accepted. Such claims shall be made by endorsement as set out in Clause 9C but only in the circumstances described in that Clause. If the Secretary of State for Health and the Welsh Ministers are satisfied that the contractor was not able reasonably to obtain the product at a lower price, the basic price shall be the list price, for supplying to contractors, of the product and pack size so used, or such other price as the Secretary of State for Health and the Welsh Ministers shall determine.
The Secretary of State for Health and the Welsh Ministers will publish details of any preparations to which this applies and the month(s) in which it applies. The Secretary of State for Health and the Welsh Ministers may in addition specify the products for which endorsement will be accepted.
- C The basic price for a drug which is not listed in Part VIII of the Tariff shall be the list price, for supplying to contractors, of the pack size to be used for a prescription for that quantity, published by the manufacturer, wholesaler or supplier. In default of any such list price, the price shall be determined by the Secretary of State for Health and the Welsh Ministers.

CLAUSE 9 ENDORSEMENT REQUIREMENTS

- A Contractors shall endorse prescription forms for drugs, appliances and chemical reagents listed in this Tariff as required by this Clause and when so required by the provisions of Part II Clauses 10 (Quantity to be Supplied) and 11 (Broken Bulk), Part III (Fees) and Note 2 to Part IXA/B/C (Appliances).
- B Prescriptions for drugs not listed in Part VIII of the Tariff shall be endorsed by the contractor with the pack size from which the order was supplied and, if the order is in pharmacopoeial or 'generic' form, with the brand name or the name of the manufacturer or wholesaler from whom the supply was purchased. Where the preparation is in Part VIII of the Tariff and more than one pack size is listed, contractors shall endorse the pack size from which the order was supplied. Where the preparation is in Part VIII of the Tariff and only one pack size is listed, no endorsement of pack size is necessary. Where additional specific endorsement is necessary contractors shall endorse prescription forms when so required by the provisions of Part II Clauses 10 (Quantity to be Supplied) and 11 (Broken Bulk), Part III (Fees).
- C Where the preparation is in Part VIII of the Tariff and, as described in Clause 8B, in the opinion of the Secretary of State for Health and the Welsh Ministers there is no product available to contractors at the appropriate price, endorsements of brand name or of manufacturer or wholesaler of the product and pack size so used may be accepted. Contractors shall not so endorse unless they have made all reasonable efforts to obtain the product at the appropriate price but have not succeeded. The endorsement shall be initialled and dated by or on behalf of the contractor, and shall be further endorsed "no cheaper stock obtainable" or "NCSO" to indicate that the contractor has taken all such responsible steps.
- D Where insufficient information is available to enable the Pricing Authority to process the prescription, the form (or a copy of the original form) shall be returned to the contractor who shall endorse the prescription form (or copy) with the information requested.
- E Where a contractor supplies a quantity at variance with that ordered, ie under the provisions set out in Clause 10 (Quantity to be Supplied), the prescription shall be endorsed with the quantity supplied. An exception to this requirement is where a drug is supplied in a Calendar Pack and the quantity ordered differs from that pack. In such cases and in the absence of an endorsement to the contrary, the contractor will be deemed to have supplied the quantity available in the nearest number of packs or sub-packs to that ordered.

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

CLAUSE 10 QUANTITY TO BE SUPPLIED

A Subject to the requirements of the Weights and Measures (Equivalents for Dealing with Drugs) Regulation, 1970, with regard to the supply in metric quantities of orders expressed in imperial quantities, payment will normally be calculated on the basis that the exact quantity ordered by the prescriber has been supplied, except only of those preparations referred to in B and C below:

B **Drugs and Chemical Reagents in Special Containers.**

Where the quantity ordered by the prescriber does not coincide with that of an original pack and the drug or chemical reagent is:

- (i) Sterile
- (ii) Effervescent or hygroscopic, or
- (iii) (a) Liquid preparations for addition to bath water
(b) Coal Tar preparations
(c) Viscous external preparations

(iv) Packed in a castor, collapsible tube, drop-bottle, pressurised aerosol, puffer pack, roll-on-bottle, sachet, shaker, spray, squeeze pack, container with an integral means of application, or any other container from which it is not practicable to dispense the exact quantity:

the contractor shall supply in the special container or containers the quantity nearest to that ordered and endorse the prescription form with the number and size of those containers. Although payment will normally be based on the quantity nearest to that ordered, some items are available in a larger size pack or container than that normally required pursuant to orders on prescription forms. Where the amount ordered on a prescription form, or the frequency of supply, justifies supply from such larger size pack or container, payment will be based on the cost of that larger size in the absence of endorsement.

C **Manufacturers' Calendar Packs (including Oral Contraceptives)**

- (i) A manufacturer's calendar pack is a blister or strip pack showing the days of the week or month against each of the several units in the pack. Although payment is normally based on the number of packs or sub-packs nearest to the quantity ordered (see Clause 9E (Endorsement Requirements)) there may be occasions when, in the pharmacist's professional opinion, the prescriber's intention is that an exact quantity should be supplied. In such cases the contractor should supply accordingly and endorse the prescription form with the quantity supplied. Payment will then be based on the quantity shown by the endorsement.
- (ii) Payment for a Manufacturer's Calendar Pack or Original Pack will be based on the smallest pack size available when one or a number of such packs are ordered. Some original packs contain more than one monthly cycle and prescriptions ordering three or more such packs will be returned to the contractor for clarification.

* Products included in Clause 10B(iii) are listed on page 17 and page 18.

CLAUSE 11 BROKEN BULK

A This clause applies to drugs, incontinence and stoma appliances in Part IXB and IXC and chemical reagents other than items supplied in special containers covered by Clause 10B.

B When the quantity ordered on a prescription form is other than the minimum quantity the manufacturer, wholesaler or supplier is prepared to supply and the contractor, having purchased such minimum quantity as may be necessary to supply the quantity ordered cannot readily dispose of the remainder, payment will be made for the whole of the quantity purchased. Subsequent prescriptions, received during the next six months, will be deemed to have been supplied from the remainder and no further payment will be made to drug costs other than fees and container allowances until that remainder has been used up. Thereafter contractors must endorse prescription forms to indicate when a claim for payment is being made.

CLAUSE 12 OUT OF POCKET EXPENSES

Where, in exceptional circumstances, out-of-pocket expenses have been incurred in obtaining a drug, appliance or chemical reagent other than those priced in Part VIII Category A and M, Part IXA and Part IXR of the Tariff and not required to be frequently supplied by the contractor, or where out-of-pocket expenses have been incurred in obtaining oxygen from a manufacturer, wholesaler or supplier specially for supply against a prescription, payment of the amount by which such expenses on any occasion exceed 10p may be made where the contractor sends a claim giving full particulars to the Pricing Authority with the appropriate prescription form.

CLAUSE 13 DRUG PREPARATIONS REQUIRING RECONSTITUTION FROM GRANULES OR POWDER

A This clause applies to a drug preparation requiring reconstitution from granules or powder by the contractor and resulting in a liquid of limited stability.

B When the quantity reconstituted from an original pack or packs is unavoidably greater than the quantity ordered, and it has not been possible for the contractor to use the remainder for or towards supplying against another prescription (See "CLAUSE 11 BROKEN BULK" on page 7.) payment, which attracts the standard professional fee (but see also Part IIIA, 2D), will be calculated from the Basic Price of the preparation and will be based on the nearest pack or number of packs necessary to cover the quantity ordered.

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

Drugs for which discount is not deducted

Contractors who have not received discount in respect of the following products need not endorse the prescription. The prescription price reimbursement will have no discount deduction applied. However, there is an exception for specials.

For specials and other unlicensed medicines sourced from within the UK on a named-patient basis, other than those containing Controlled Drugs in schedules 1, 2 and 3 of the Misuse of Drugs Regulations 2001, where discount has not been obtained from the supplier, contractors need to endorse 'DNG' for 'discount not given' to avoid discount being removed.

If discount was obtained by the contractor no endorsement should be made.

"Specials"

Specials are unlicensed relevant medicinal products for human use which have been specially prepared to meet a prescription ordered for individual patients without the need for the manufacturer to hold a marketing authorisation for the medicinal product concerned.

Items sourced from outside the UK

All specials and other unlicensed medicines sourced from outside the UK for supply on a named-patient basis should be endorsed 'DNG' if discount has not been obtained, irrespective of whether they contain Controlled Drugs.

PRODUCTS INCLUDED IN CLAUSE 10B(iii)

Products included in Clause 10B(iii) are listed below.

Liquid preparations for external use:

SubPara	Name	Pack(s)
(c)	Alphosyl Shampoo 2 in 1	(125ml and 250ml)
(c)	Ascabiol Emulsion	(100ml)
(a)	Aveeno Bath Oil	(250ml)
(c)	Aveeno Lotion	(400ml pump pack)
(a)	Balneum Bath Oil	(200ml, 500ml and 1000ml)
(a)	Balneum Plus Bath Oil 82.95%/15%	(500ml)
(b)	Capasal Therapeutic Shampoo	(250ml)
(c)	Ceanel Concentrate	(150ml and 500ml)
(a)	Cetraben Bath Oil	(500ml)
(c)	Deb Antimicrobial Body Wash	(150ml and 400ml)
(c)	Dentinox Cradle Cap Shampoo	(125ml)
(a)	Dermalo Bath Emollient	(500ml)
(c)	Dermol 200 Shower Emollient	(200ml)
(c)	Dermol 500 Lotion	(500ml pump)
(c)	Dermol 600 Bath Emollient	(600ml)
(a)	Diprobath Emollient	(500ml)
(a)	Doublebase Emollient Bath Additive	(500ml)
(a)	E45 Emollient Bath Oil	(250ml and 500ml)
(c)	E45 Lotion	(200ml and 500ml pump)
(c)	E45 Shower Creme Emollient	(200ml)
(c)	E45 Emollient Wash Cream	(250ml)
(c)	Eczmol 1% Cream	(250ml)
(a)	Emulsiderm Emollient	(300ml and 1 litre)
(b)	Exorex Lotion	(100ml and 250ml)
(a)	Hydromol Bath and Shower Emollient	(350ml, 500ml and 1 litre)
(c)	Hydromol Intensive 10% Cream	(30g and 100g)
(c)	Meted Shampoo	(120ml)
(b)	Neutrogena T/Gel Shampoo for Dry Hair	(125ml and 250ml)
(b)	Neutrogena T/Gel Therapeutic Shampoo	(125ml and 250ml)
(a)	Oilatum Bath Formula	(150ml and 300ml)
(c)	Oilatum Cream	(150g, 500ml and 1050ml)
(a)	Oilatum Emollient	(250ml and 500ml)
(c)	Oilatum Junior Cream	(150g, 350ml and 1050ml)
(a)	Oilatum Junior Emollient Bath Additive	(150ml, 250ml, 300ml and 500ml)
(a)	Oilatum Plus Bath Additive	(500ml)
(c)	Oilatum Scalp Intensive Shampoo	(100ml)
(c)	Oilatum Scalp Treatment Shampoo	(50ml, 100ml and 150ml)
(c)	Oilatum Shower Gel Fragrance Free	(150g)

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,

SCALE OF FEES (APPLIANCE CONTRACTORS)

This Page is Intentionally Blank

CONTAINERS

See Part II Clause 6A (iii)

1. A Pharmacy Contractor shall supply in a **suitable container** any drug which he is required to supply under Part II of Schedule 2 to the Regulations.

Capsules, tablets, pills, pulvules etc shall be supplied in airtight containers of glass, aluminium or rigid plastics; card containers may be used only for foil/strip packed tablets etc.
For ointments, creams, pastes, card containers shall not be used

IV

Eye, ear and nasal drops shall be supplied in dropper bottles, or with a separate dropper where appropriate.

2. **Payment for containers** is at the average rate of **3.24p** per prescription for every prescription (except an oxygen prescription) supplied by contractors whether or not a container is supplied.

This payment includes provision for supply of either a **5ml plastic measuring spoon** (which shall comply with BS 3221:Part 6:1987), or a **1ml, 5ml or 10ml plastic oral syringe measure** with every oral liquid medicine, except where the manufacturer's pack includes one. Plastic oral syringe measures must be clearly labelled 'oral' and/or 'enteral' in a large font size, comply with appropriate British or European Standards (BS 3221:Part 7:1995 or an equivalent European Standard for the 5ml syringe) and be wrapped together with a bottle adaptor and instructions. Choice of whether a spoon or syringe (and its size) is supplied will depend on the nature of the medication regime.

In very exceptional circumstances, or where specifically requested by the prescriber dilution may still take place. The prescription should be endorsed accordingly.

3. Payment for containers is payable to pharmacy contractors only.

DEDUCTION SCALE (PHARMACY CONTRACTORS)

This Page is Intentionally Blank

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)**1. Establishment Payments**

- 1.1 Pharmacy contractors who dispense the stated number of prescription items or more in any month will receive an Establishment Payment from 1 April 2005.
- 1.2 In England, pharmacy contractors who dispense 2,240 prescription items or more in any month from 1 April 2010 to 30 September 2010 and 2,300 prescription items or more in any month from 1 October 2010 to 31 March 2011 will receive an Establishment Payment as set out in the table below:

Number of items per month for 1 April 2010 to 30 September 2010	Number of items per month for 1 October 2010 to 31 March 2011	Establishment Payment for 1 April 2010 to 31 March 2011
2,240 - 2,529	2,300 - 2,599	£23,278
2,530 - 2,809	2,600 - 2,889	£24,190
2,810+	2,890+	£25,100

VIA

- 1.3 In Wales, pharmacy contractors who dispense 2,240 prescription items or more in any month from 1 April 2010 will receive an Establishment Payment as set out in the table below:

Number of items per month from 1 April 2010	Establishment Payment from 1 April 2010
2,240 - 2,529	£23,278
2,530 - 2,809	£24,190
2,810+	£25,100

- 1.4 The Establishment Payment will be paid monthly, calculated as 1/12th of the payment, on the basis of the number of prescription items submitted, and reimbursed by the Pricing Authority, in the relevant month.
- 1.5 Where total monthly payments in relation to prescriptions passed for pricing for the period April to March are less than the amount which would have been paid had the payment been calculated on an annual basis or six monthly* basis, pharmacy contractors may make a claim for a top up payment to their PCT for England and LHB for Wales. They should submit, by the following 30 November, copies of FP/WP34 statements for the relevant period (April to March) as evidence of the total number of prescription items passed for pricing during this period.

* For England for 2010-11, this should be applied on a six monthly basis taking into account the Establishment Payment due for April to September and for October to March.

2. Practice Payments

- 2.1 All pharmacy contractors will receive a Practice Payment from 1 April 2005.
- 2.2 In England and Wales, Practice Payments from 1 April 2010 to 30 September 2010, which includes a contribution for provision of auxiliary aids for people eligible under the Disability Discrimination Act 1995 (DDA), are set out in the table below:

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

Number of items per month	Practice Payment for 1 April 2010 to 30 September 2010	Contribution in Practice Payment for DDA for 1 April 2010 to 30 September 2010
Up to 1,099	£300	£300
1,100 - 1,599	£3,600	£600
1,600 - 2,239	£5,040	£750
2,240+	70.9p per item	6.6p per item

2.3 In Wales, Practice Payments from 1 October 2010 will be as set out in 2.2 above.

2.4 In England, Practice Payments from 1 October 2010 to 31 March 2011 are set out in the table below:

Number of items per month	Practice Payment for 1 October 2010 to 31 March 2011	Contribution in Practice Payment for DDA for 1 October 2010 to 31 March 2011
Up to 1,099	£300	£300
1,100 - 1,599	£3,600	£600
1,600 - 2,299	£5,040	£750
2,300+	70.9p per item	6.6p per item

2.5 Practice Payments will be paid monthly, calculated, subject to 2.6 to 2.8 below, as 1/6th of the payment, on the basis of the number of prescription items submitted, and reimbursed by the Pricing Authority, in the relevant month.

2.6 From 1 October 2005, in order to receive the full Practice Payment pharmacy contractors must have, and must have declared to the Pricing Authority on the appropriate claim form for the relevant month minimum dispensing staff levels as set out in the table below:

Number of items per month	Minimum dispensing staff level (Hours per week)*
2,000 - 3,499	40 hours
3,500 - 4,999	56 hours
5,000 - 6,499	75 hours
6,500 - 7,999	94 hours
8,000 - 9,499	112 hours
9,500 - 10,999	131 hours
11,000**	150 hours

* Dispensing staff include: a pharmacist; a non-practising pharmacist working as a dispenser; a pre-registration trainee (only half of the pre-registration trainees hours should be counted for this purpose) or an assistant trained to undertake the functions being performed. Where a staff member has multiple roles, only the number of hours spent supporting the dispensing process may be counted in the staffing declaration.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

In determining the dispensing staff level to declare on the appropriate claim form the number of hours should be rounded as follows:

0.5 or less round down to the nearest whole number of hours
Above 0.5 round up to the nearest whole number of hours.

**Pharmacy Contractors will be required to employ a staff member for an extra 19 hours per week for each additional 1,500 items the pharmacy contractor dispensed per month above 11,000 items.

- 2.7 From 1 October 2005, where for any month a pharmacy contractor has declared to the Pricing Authority dispensing staff levels lower than those set out in the table in 2.6 above, the Practice Payment for the relevant month will be paid at the level that would be paid if the pharmacy only dispensed the number of items at the lowest level in the band that corresponds in the above table to its declared dispensing staff levels. (Example: A pharmacy contractor dispensing 7,000 prescription items a month who employs dispensing staff for only 75 hours per week, including a pharmacist, would receive the Practice Payment for 5,000 prescriptions items per month, ie from 1 April 2010 to 30 September 2010 $5,000 \times 70.9p = \text{£}3,545$).
- 2.8 From 1 October 2005, where for any month a pharmacy contractor has not declared dispensing staff levels to the Pricing Authority, the Practice Payment for the relevant month will be paid at the minimum level (ie from 1 April 2010 to 30 September 2010 1/6th of £300).
- 2.9 Subject to 2.9.1 and 2.9.2, where total monthly payments in relation to prescriptions passed for pricing for the period April to March are less than the amount which would have been paid had the payment been calculated on an annual or six monthly* basis, ie the total of the relevant payments set out in the tables in 2.2 and 2.4, pharmacy contractors may make a claim for a top up payment to their PCT for England and LHB for Wales. They should submit, by 30 November, copies of FP/WP34 statements for the relevant period (April to March) as evidence of the total number of prescription items passed for pricing during this period.
- 2.9.1 Where, in any month, Practice Payments were paid at a lower level because minimum dispensing staff levels were not met, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable.
- 2.9.2 Where, in any month, Practice Payments were paid at a lower level because a pharmacy contractor did not declare dispensing staff levels, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable, unless the pharmacy contractor can satisfy their PCT for England and LHB for Wales that their dispensing staff levels were sufficient in respect of the table in 2.6 for the relevant month.
- *For 2010-11, this should be applied on a six monthly basis taking into account the Practice Payment due for April to September and for October to March.
3. **Repeat Dispensing**
- 3.1 All pharmacy contractors will receive a repeat dispensing annual payment of £1,500 from 1 April 2005. The payment will be paid monthly calculated as 1/12th of the annual payment (£125 per month).
- 3.2 Pharmacists undertaking repeat dispensing should undertake appropriate training. Appropriate training for these purposes includes successful completion of the Centre for Pharmacy Postgraduate Education's (CPPE) NHS repeat dispensing 'focal point' programme. For pharmacists in Wales, suitable training would be 'Repeat Dispensing', a programme available from the Welsh Centre for Postgraduate Pharmaceutical Education.
4. **Transitional Payment**
- 4.1 All pharmacy contractors will receive Transitional Payments from 1 April 2005. Transitional Payments will be paid monthly on the basis of the number of prescription items submitted and reimbursed by the Pricing Authority, in the relevant month.

VIA

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

4.2 Transitional Payments from 1 July 2007 are set out in the table below:

Number of items per month	Payment
1 - 500	£7.40
501 - 1,000	£14.80
1,001 - 1,500	£22.20
Rising in bands of 500	Increased by £7.40 each band

5. Electronic Transmission of Prescriptions Allowances

- 5.1 The Electronic Prescription Service will be deployed in phases with two releases (Release 1 and Release 2) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at www.cfh.nhs.uk.
- 5.2 In order to be able to use the Electronic Prescription Service pharmacy contractors will need to have
- An ETP compliant pharmacy system accredited as such by NHS Connecting for Health (either Release 1 or Release 2)
 - Appropriate network connectivity to be able to operate the Electronic Prescription Service
 - Staff operating the service who are registered users and have been issued with smart cards and PIN numbers by their PCT's Registration Authority.
- 5.3 All pharmacy contractors were paid two allowances of £1300 (ie a total of £2600) in December 2005 and February 2006. These allowances were linked to a pharmacy deploying Release 1 of the Electronic Prescription Service.
- 5.4 Where a contractor opened new premises (other than a relocation) after 1 November 2005 and before 1 January 2006, if they are in a position to operate Release 1 of the Electronic Prescription Service they may claim the first ETP Release 1 Allowance of £1300 by submitting an ETP R1 Allowance Claim Form to their PCT. Where a contractor has opened new premises (other than a relocation) after 1 January 2006, if they are in a position to operate Release 1 of the Electronic Prescription Service, they may claim the first and second ETP Allowances of £1300 (ie a total of £2600) by submitting an ETP R1 Allowance Claim Form to their PCT. Claims for one or both ETP Release 1 allowances must be made by 31 July 2009. After 31 July no further payments will be made in respect of Release 1.
- 5.5 LPS Contractors that are in a position to operate Release 1 of the Electronic Prescription Service, will need to agree with their PCT whether it is appropriate for them to claim up to £2600.
- 5.6 The Release 1 allowances are paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 1 allowances for the new relocated premises.
- 5.7 If a pharmacy contractor that received the two £1300 allowances in December 2005 and February 2006 has not yet deployed Release 1 of the Electronic Prescription Service, they are expected to deploy Release 1 by 31 July 2009, unless there are mitigating circumstances which they have discussed with their PCT.
- 5.8 A further allowance of £1000 will be paid linked to the pharmacy deploying Release 2 of the Electronic Prescription Service. Payment will be automatically triggered, when a pharmacy submits a synthetic reimbursement endorsement message to NHS Prescription Services. This synthetic reimbursement endorsement message must be submitted to NHS Prescription Services by a date yet to be determined of which three months notice will be given, in order for the allowance to be paid.
- 5.9 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 5.10 Subject to the conditions in 5.2, a pharmacy contractor who operates Release 1 or Release 2 of the service if an appropriate prescription is presented or requested, shall be entitled to an ETP monthly allowance of £200 per calendar month from the PCT for each month that he is able to operate the service.
- 5.11 A contractor must submit an ETP Monthly Allowance Claim Form (previously known as form PPAETP1) to his PCT by the end of the first month that he is able to operate the service to receive the monthly allowance for that month and subsequent months. If at a later date the pharmacy contractor becomes unable to operate the Electronic Prescription Service, the contractor must inform the PCT in writing immediately so that the PCT can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the PCT). When the EPS service is resumed, a completed ETP Monthly Allowance Claim Form will need to be resubmitted.

VIA

6. IM&T Services and Allowances (Wales)

- 6.1 The Primary Care Informatics Programme, part of the NHS Wales Informatics Service sets and delivers the corporate IM&T policy and strategic direction for Community Pharmacy in Wales.
- 6.2 There are parallel strategic developments within England and Wales in relation to the technical architectures that underpin the 'NHS Care Records Service' (England) and the 'Individual Health Record' (Wales).
- 6.3 However, differences in direction and pace of these respective programmes have meant that Wales, via a national community pharmacy IM&T programme board of representative stakeholders, has determined appropriate and comparable solutions, deliverable through a pragmatic, phased approach.

Phase 1 - IT Infrastructure and Connectivity Services

- 6.4 In 2005/06, two previous allocations of £1,300 (ie a total of £2,600) were paid to pharmacy contractors in Wales and directed to ensure investment in systems support the Programme's key objectives associated with Phase 1; specifically, that funding must be targeted to ensure any investment in IT is "fit for purpose" and capable of running the latest version of the pharmacy contractors' PMR system.
- 6.5 In addition, from 2007, a recurring 'connectivity' payment of £200pcm was made available to all contractors capable of secure/managed access to the NHS Wales network and its connectivity services, such as web eMail and HOWIS (Health of Wales Information Services).
- 6.6 With effect from 30 September 2010 the recurring 'connectivity' payment of £200pcm, linked to Phase 1 services will be re-aligned to Phase 2 services

Phase 2 - Release 1 - 3

- 6.7 Phase 2 is being addressed as three 'Releases', consisting of:

Release Number	Service/System	Available Date	Maximum Deployment Timescale
1	NHS Wales-compliant Email service	1 April 2010	30 September 2010
2	2D-Barcoded Prescription service	See 6.8	30 September 2011
3	Electronic Transmission of Claims service	See 6.8	31 March 2012

- 6.8 Pharmacy contractors will be given at least three months' notice of their pharmacy IT system's capability to access each respective release of Phase 2. The following website shows the current status for each of the systems/suppliers and their progress towards compliance: <http://howis.wales.nhs.uk/wmss>.
- 6.9 Contractors are reminded of the ongoing requirement to advise NHS Wales Business Service Centre whenever they have a change of system supplier or accredited connectivity provider, using ETP1 or ETP2 Claim Forms, as appropriate.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 6.10 In 2007/08, to support the **implementation** requirements of Phase 2, an additional one-off payment of £1,000 was paid to pharmacy contractors.
- 6.11 Failure to place an order for respective Releases of an NHS Wales compliant system or service within three months following the maximum deployment date advised could result in the £1,000 allowance also being reclaimed.
- Further Information**
- 6.12 These allowances and guidelines will be published in Part VIA of the Drug Tariff, the most recent edition of which can be found online at: http://www.ppa.org.uk/ppa/edt_intro.htm
- 6.13 Further supplementary guidance on procedures to support the implementation of forthcoming developments will be provided, as appropriate.
7. **Scheme to engage Community Pharmacy in a proportionate response to the emerging H1N1 Influenza infection (Wales only)**
- 7.1 From July 2009 Pharmacy Contractors in Wales who engage in the delivery of arrangements to enable the dispensing of antiviral medication from the national stockpile will receive the fee of £4 per item of this stock dispensed. No other fees or allowances will be payable for or in respect of these items.
- 7.2 This applies to stocks of antiviral medication delivered by Local Health Boards (LHBs) to each community pharmacy across Wales during the week commencing 13 July 2009 namely:
- Oseltamivir (Tamiflu) all presentations**
- Oseltamivir Oral solution (NHS manufactured special) 15mg in 1ml**
- Zanamivir (Relenza)**
- 7.3 Under the scheme GPs will write WP10 prescriptions for patients as outlined in the Chief Medical Officers letter dated 2 July 2009 and community pharmacists will dispense these prescriptions in accordance with the essential services element of their contract.
- 7.4 The prescriptions for this treatment will be processed in the usual way through the prescription pricing system.
- 7.5 The fee has been agreed in collaboration with Community Pharmacy Wales upon the principle that participation in the scheme should not afford the Pharmacy Contractor any loss of income nor should participation afford an opportunity to profit as a result of assisting in the delivery of services during a pandemic.

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)**1. Infrastructure Payments**

- 1.1 Appliance contractors who dispense a stated number of prescription items in any month will receive an Infrastructure Payment from 1 April 2010.
- 1.2 Except where paragraph 1.4 applies the level of infrastructure payment will be as follows:
- within the first band, all Appliance Contractors will receive a fixed monthly payment of £150.00; and
 - in the remaining bands, Appliance Contractors will be paid a fee per each Part IXA, Part IXB and Part IXC item dispensed in that month

Band identifier	Number of Part IX prescription items dispensed in one month	Infrastructure payment
A	1 - 10	£150.00 fixed
B	11 - 1,000	£13.60 per item
C	1,001 - 35,000	£2.40 per item
D	35,000 +	£2.30 per item

VIB

- 1.3 Infrastructure payment does not have to be claimed but will be paid automatically each month.
- 1.4 Appliance contractors who have been added to the pharmaceutical list following a successful application which was granted after 1 July 2010 on the basis of the exemptions set out in regulation 13 of the NHS (Pharmaceutical Services) Regulations 2005 will not receive any infrastructure payment if they dispense less than 2,240 items in any month. If they dispense 2,240 items or more, they will receive £2.40 per item for items dispensed between 2,240-35,000 and £2.30 per item for items dispensed above 35,000.

2. Electronic Transmission of Prescriptions Allowances

- 2.1 The Electronic Prescription Service will be deployed in phases with two releases (Release 1 and Release 2) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at www.cfh.nhs.uk.
- 2.2 In order to be able to use the Electronic Prescription Service Appliance contractors will need to have:
- an ETP compliant dispensing system accredited as such by NHS Connecting for Health (either Release 1 or Release 2)
 - appropriate network connectivity to be able to operate the Electronic Prescription Service (details of connectivity arrangements for appliance contractors will be made available by NHS Connecting for Health)
 - staff operating the service who are registered users and have been issued with smart cards and PIN numbers by their PCT's Registration Authority.
- 2.3 Any appliance contractors who have dispensed more than 1200 items in the 12 months preceding 1 April 2010 will be paid an allowance of £2600 in their June 2010 payment. Payment will automatically be triggered and no claim form needs to be submitted. If an appliance contractor dispenses less than 1200 items in the 12 months before 1 April 2010 or they open after 1 April 2010, if they are in a position to operate Release 1 of the Electronic Prescription Service they may claim the allowance of £2600 by submitting an ETP R1 Allowance Claim Form to their PCT. Claims must be made by 31 March 2011. After this date no further payments will be made in respect of Release 1.
- 2.4 The release 1 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

- a relocation, there is no right to claim a further Release 1 allowance for the new relocated premises
- 2.5 A further allowance of £1,000 will be paid linked to the appliance contractor deploying Release 2 of the Electronic Prescription Service. Payment will be automatically triggered, when an appliance contractor submits a synthetic reimbursement endorsement message to NHS Prescription Services. This synthetic reimbursement endorsement message must be submitted to NHS Prescription Services by a date yet to be determined of which three months notice will be given, in order for the allowance to be paid.
- 2.6 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.
- 2.7 Subject to the conditions in 2.2, an appliance contractor who operates Release 1 or Release 2 of the service if an appropriate prescription is presented or requested, shall be entitled to an ETP monthly allowance of £200 per calendar month from the PCT for each month that he is able to operate the service.
- 2.8 A contractor must submit an ETP Monthly Allowance Claim Form (previously known as form PPAETP1) to its PCT by the end of the first month that he is able to operate the service to receive the monthly allowance for that month and subsequent months. If at a later date the appliance contractor becomes unable to operate the Electronic Prescription Service, the contractor must inform the PCT in writing immediately so that the PCT can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the PCT). When the EPS service is resumed, a completed ETP Monthly Allowance Claim Form will need to be resubmitted.
3. **Electronic Transfer of Prescriptions (Wales)**
- 3.1 The Electronic Transfer of Prescription (ETP) service for Wales will be deployed in phases with two separate releases (Release 1, 2D Barcoded Prescriptions and Release 2, Electronic Transmission of Claims) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at <http://howis.wales.nhs.uk/wmss>.
- 3.2 In order to be able to use the full Electronic Transfer of Prescription service, Dispensing Appliance Contractors will need to have:
- an ETP compliant dispensing system, accredited as such by the NHS Wales (firstly Release 1 and then Release 2)
 - appropriate NHS Wales accredited network connectivity (details of which will be made available to Dispensing Appliance Contractors by NHS Wales), to be able to operate the full Electronic Transfer of Prescription service (specifically Release 2)
 - designated staff to operate the service who are registered users and have been notified to NHS Wales authorities.
- 3.3 Any Dispensing Appliance Contractors who have dispensed more than 1200 items in the 12 months preceding 1 April 2010 will be paid an allowance of £2,600 in their June 2010 payment. Payment will automatically be triggered and no claim form needs to be submitted. If an Appliance Contractor dispenses less than 1200 items in the 12 months before 1 April 2010 or they open after 1 April 2010, if they are in a position to operate Release 1 of the Electronic Transfer of Prescription service, they may claim the allowance of £2,600 by submitting an ETP3 Claim Form to the NHS Wales Business Services Centre. Claims must be made by 31 March 2011. After this date no further payments will be made in respect of Release 1.
- 3.4 The Release 1 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been relocation, there is no right to claim a further Release 1 allowance for the new relocated Premises.
-

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

- 3.5 A further allowance of £1,000 will be paid linked to the Dispensing Appliance Contractor deploying Release 2 of the Electronic Transfer of Prescription service. Payment will be automatically triggered, when a Dispensing Appliance Contractor submits a synthetic reimbursement endorsement message to NHS Wales Prescription Services Unit. This synthetic reimbursement endorsement message must be submitted to NHS Wales Prescription Services Unit by a date yet to be determined of which three months' notice will be given, in order for the allowance to be paid.
- 3.6 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.
- 3.7 Subject to the conditions in 3.2, a Dispensing Appliance Contractor who operates Release 1 or Release 2 of the service if an appropriate prescription is presented, shall be entitled to an ETP monthly allowance of £200 per calendar month from the LHB for each month that he is able to operate the service.
- 3.8 A Dispensing Allowance Contractor must submit an ETP1 Claim Form to the NHS Wales Business Service Centre by the end of the first month that he is able to operate the service to receive the monthly allowance for that month and subsequent months. If at a later date the Dispensing Appliance Contractor becomes unable to operate the Electronic Transfer of Prescription Service, the contractor must inform the LHB in writing immediately so that the LHB can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the LHB). When the ETP service is resumed, a completed ETP1 Claim Form will need to be resubmitted.

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

This Page is Intentionally Blank

ADVANCED SERVICES (PHARMACY CONTRACTORS)**MEDICINES USE REVIEW AND PRESCRIPTION INTERVENTION SERVICE**

1. The Medicines Use Review and Prescription Intervention Service forms part of the Advanced Services within the community pharmacy contractual framework. A fee per Medicines Use Review (MUR) is payable with effect from 1 April 2005 to all pharmacy contractors meeting the requirements for this service. These are set out below in the principal Directions to PCTs (as amended by the Amendment Directions of 8 March 2006) in England and the principal Directions to LHBs (as amended by the Amendment Directions of 16 December 2006) in Wales.
2. A fee of £27 per Medicines Use Review (MUR) is payable from 1 October 2007 to 30 September 2008 and a fee of £28 per MUR from 1 October 2008.
3. In England and Wales payment will be made up to a maximum of 400 MURs per pharmacy for the period commencing on 1 April and ending on 31 March in any year, with the exception of pharmacies who have not made arrangements before 1 October, in which case payment will be made to a maximum of 200 MURs per pharmacy (see Amendment Directions dated 15 September 2006 (England) and 16 December 2006 (Wales) below).
4. Contractors will be paid monthly, via the Pricing Authority or appropriate body, on the basis of the number of MURs declared by the pharmacy to the Pricing Authority or appropriate body on the appropriate claim form in the relevant month.

VIC

D I R E C T I O N S**THE NATIONAL HEALTH SERVICE ACT 1977****The Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005**

The Secretary of State for Health, in exercise of the powers conferred upon him by sections 17, 41A, 41B and 126(4) of the National Health Service Act 1977(1), and of all other powers enabling him in that behalf, hereby gives the following Directions:

Citation, commencement and application

1.—(1) These Directions may be cited as the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005 and shall come into force on 1st April 2005.

(1) 1977 c.49. Section 17 of the 1977 Act is as substituted by the Health Act 1999 (c.8) ("the 1999 Act"), section 12(1), and thereafter amended by the Health and Social Care Act 2001 (c.15) ("the 2001 Act"), Schedule 5, paragraph 5(3), and the National Health Service Reform and Health Care Professions Act 2002 (c.17) ("the 2002 Act"), Schedule 1, paragraph 7. Section 41A of the 1977 Act was inserted into the 1977 Act by the National Health Service (Primary Care) Act 1997 (c. 46) ("the 1997 Act"), section 27(1); and has been amended by the 2001 Act, section 43(1) and the 2002 Act, Schedule 2, Part 1, paragraphs 1 and 14. Section 41B was inserted into the 1977 Act by the 1997 Act, section 28(1) and has been amended by the 2002 Act, Schedule 2, Part 1, paragraphs 1 and 15. Section 126(4) of the 1977 Act was amended by the National Health Service and Community Care Act 1990 (c.19), section 65(2). As regards Wales, the functions of the Secretary of State under the 1977 Act were transferred to the National Assembly for Wales by virtue of article 2 of, and Schedule 1 to, the National Assembly for Wales (Transfer of Functions) Order 1999 (S.I. 1999/672), as amended by section 66(5) of the 1999 Act and as read with section 40(1) of the 2002 Act.

ADVANCED SERVICES (PHARMACY CONTRACTORS)

(2) These Directions are given to Primary Care Trusts in England and apply in relation to England only.

Interpretation**2. In these Directions—**

“the Act” means the National Health Service Act 1977;

“clinical management plan” has the same meaning as in the POM Order;

“drug misuser” means a person who is misusing drugs by self-injection;

“drugs” includes medicines;

“Drug Tariff” means the Drug Tariff published under regulation 56 (standards of, and payments for, drugs and appliances) of the Pharmaceutical Services Regulations;

“gluten free foods” means only those gluten free foods that are listed in Part XV (borderline substances) of the Drug Tariff;

“GMS contract essential services” has the meaning given to it in regulation 2(1) of the National Health Service (General Medical Services Contracts) Regulations 2004(2);

“health care professional” means a person who is a member of a profession regulated by a body mentioned in section 25(3) (the Council for the Regulation of Health Care Professionals) of the National Health Service Reform and Health Care Professions Act 2002(3);

“independent prescriber” means a doctor or dentist who is a party to a clinical management plan with a supplementary prescriber;

“MUR certificate” means a statement of satisfactory performance certificate awarded or endorsed by a higher education institute being evidence that he has satisfactorily completed an assessment relating to the competency framework for pharmacists providing MUR services approved by the Secretary of State(4);

“out of hours period” means, in relation to a pharmacy, the days and times at which the pharmacy is not obliged to remain open by virtue of paragraph 22(1) (pharmacy opening hours: general) of Schedule 1 (terms of service of pharmacists) to the Pharmaceutical Services Regulations;

“patient’s care record” means the patient records kept by the person or body who is providing the patient with GMS contract essential services or their equivalent;

“pharmaceutical essential services” has the same meaning as that given to essential services in the Pharmaceutical Services Regulations;

“pharmaceutical list” means a list referred to in regulation 4(1)(a) (preparation of lists) of the Pharmaceutical Services Regulations;

“Pharmaceutical Services Regulations” means the National Health Service (Pharmaceutical Services) Regulations 2005(5);

“pharmacist” means, except where the context otherwise requires—

(a) a registered pharmacist; or

(b) a person lawfully conducting a retail pharmacy business in accordance with section 69 (general provisions) of the Medicines Act 1968,

whose name is included in the pharmaceutical list of a Primary Care Trust (including a pharmacist who is suspended from such a list), but does not include a supplier of appliances only;

“pharmacy” has the meaning given to it in the Pharmaceutical Services Regulations;

(2) S.I. 2004/291. There are no relevant amendments.

(3) 2002 c.17.

(4) This document “Competency Framework for the Assessment of Pharmacists Providing the Medicines Use Review (MUR) and Prescription Intervention Service” dated 23rd December 2004 is published by the Department of Health on its website www.dh.gov.uk/mpi.

(5) S.I. 2005/641.

ADVANCED SERVICES (PHARMACY CONTRACTORS)

“the POM Order” means the Prescription Only Medicines (Human Use) Order 1997(6); and “supplementary prescriber” has the meaning given to it in the Pharmaceutical Services Regulations.

Advanced Services: Medicines Use Review and Prescription Intervention Service

3.—(1) Each Primary Care Trust shall make arrangements for the provision of medicines use review and prescription intervention services (“MUR services”) for persons within or outside its area with any pharmacist on its pharmaceutical list who—

- (a) meets the conditions set out in paragraphs (3), (4) and (5); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 13(3) or 14 of the Pharmaceutical Services Regulations.

(2) The underlying purpose of MUR services is, with the patient’s agreement, to improve his knowledge and use of drugs by in particular—

- (a) establishing the patient’s actual use, understanding and experience of taking drugs;
- (b) identifying, discussing and assisting in the resolution of poor or ineffective use of drugs by the patient;
- (c) identifying side effects and drug interactions that may affect the patient’s compliance with instructions given to him by a health care professional for the taking of drugs; and
- (d) improving the clinical and cost effectiveness of drugs prescribed to patients thereby reducing the wastage of such drugs.

(3) The first condition is—

- (a) if the pharmacist is a registered pharmacist, that he has an MUR certificate;
- (b) if the pharmacist is a registered pharmacist, but he intends to employ or engage a registered pharmacist to provide MUR services, that that registered pharmacist has an MUR certificate; or
- (c) if the pharmacist is not a natural person, that any registered pharmacist that it intends to employ or engage to provide MUR services has an MUR certificate,

and the pharmacist has supplied a copy of such certificates to the Primary Care Trust prior to entering into an arrangement to provide MUR services.

(4) The second condition is that the pharmacy meets the following requirements, namely that it has a consultation area which—

- (a) must be a clearly designated area for confidential consultations which is distinct from the general public areas of the pharmacy; and
- (b) must be an area where both the person receiving MUR services and the registered pharmacist providing MUR services can sit down together and talk at normal speaking volumes without being overheard by other visitors to the pharmacy or by any other person, including pharmacy staff.

(5) Subject to direction 6(2), the third condition is that the pharmacist is satisfactorily complying with his obligation under Schedule 1 to the Pharmaceutical Services Regulations to provide pharmaceutical essential services and has an acceptable system of clinical governance.

(6) The Primary Care Trust shall ensure that the arrangements made pursuant to paragraph (1) provide that—

- (a) only a registered pharmacist who has an MUR certificate may perform MUR services;
- (b) MUR services that are provided in a pharmacy may only be provided from a consultation area that meets the requirements set out in paragraph (4) unless the pharmacy is closed to other members of the public in which case the consultation may take place in another part of the pharmacy provided the condition in paragraph (4)(b) is met;

(6) S.I. 1997/1830; relevant amending instruments are S.I. 2000/1917 and 2003/2915.

ADVANCED SERVICES (PHARMACY CONTRACTORS)

- (c) MUR services may be provided outside the pharmacy or exceptionally by telephone only where the Primary Care Trust consents;
 - (d) no more than 200 MUR services consultations may be carried out in each pharmacy (or outside it in accordance with subparagraph (c)) in any one period of twelve months under the arrangements;
 - (e) an MUR service consultation shall not be offered to a patient unless the patient has been receiving pharmaceutical services from the pharmacy for a period of at least three consecutive months;
 - (f) a patient may not have more than one MUR service consultation in any one period of twelve months unless in the reasonable opinion of the registered pharmacist the patient's circumstances have changed sufficiently to justify one or more further consultations during this period;
 - (g) where the Primary Care Trust has notified pharmacists in its area of the categories of patients who would benefit from the provision of MUR services, the pharmacist shall have regard to the notification in determining who to offer an MUR service consultation to;
 - (h) the pharmacist shall ensure that a written record of each MUR service consultation held with a patient is prepared by the registered pharmacist carrying out the consultation on a form approved for this purpose by the Secretary of State(7);
 - (i) the pharmacist shall be required to provide a copy of the record prepared pursuant to subparagraph (h) to the patient and to a person with whom the patient is registered for the provision of GMS contract essential services or their equivalent;
 - (j) the pharmacist shall keep a copy of the record prepared pursuant to subparagraph (h) for such period as the Primary Care Trust may reasonably require; and
 - (k) the arrangements shall be terminated where after 1st October 2005 the pharmacist is not satisfactorily complying with his obligation under Schedule 1 to the Pharmaceutical Services Regulations to provide pharmaceutical essential services and to have an acceptable system of clinical governance.
- (7) The record referred to in paragraph (6)(h) may be in the form of an electronic record and may be sent or stored electronically.

Enhanced services

4.—(1) Each Primary Care Trust is authorised to arrange for the provision of the following additional pharmaceutical services to persons within or outside its area with pharmacists included in its pharmaceutical list or in the pharmaceutical list of a neighbouring Primary Care Trust—

- (a) an Anticoagulant Monitoring Service, the underlying purpose of which is for the pharmacist to test the patient's blood clotting time, review the results and adjust (or recommend the adjustment to) the anticoagulant dose accordingly;
- (b) a Care Home Service, the underlying purpose of which is for the pharmacist to provide advice and support to residents and staff in a care home relating to—
 - (i) the proper and effective ordering of drugs and appliances for the benefit of residents in the care home,
 - (ii) the clinical and cost effective use of drugs,
 - (iii) the proper and effective administration of drugs and appliances in the care home,
 - (iv) the safe and appropriate storage and handling of drugs and appliances, and
 - (v) the recording of drugs and appliances ordered, handled, administered, stored or disposed of;
- (c) a Disease Specific Medicines Management Service, the underlying purpose of which is for the pharmacist to advise on, support and monitor the treatment of patients with

(7) A copy of the form is published by the Department of Health on its website at www.dh.gov.uk/mpi.

ADVANCED SERVICES (PHARMACY CONTRACTORS)

- specified conditions, and where appropriate to refer the patient to another health care professional;
- (d) a Gluten Free Food Supply Service, the underlying purpose of which is for the pharmacist to supply gluten free foods to patients;
 - (e) a Home Delivery Service, the underlying purpose of which is for the pharmacist to deliver drugs and appliances to patients at their home;
 - (f) a Language Access Service, the underlying purpose of which is for the pharmacist to provide, either orally or in writing, advice and support to patients in a language understood by them relating to—
 - (i) drugs which they are using,
 - (ii) their health, and
 - (iii) general health matters relevant to them,
 and where appropriate referral to another health care professional;
 - (g) a Medication Review Service, the underlying purpose of which is for the pharmacist to—
 - (i) conduct a review of the drugs used by a patient, including on the basis of information and test results included in the patient's care record, with the objective of considering the continued appropriateness and effectiveness of the drugs for the patient,
 - (ii) advise and support a patient regarding his use of drugs including encouraging the active participation of the patient in decision making relating to his use of drugs, and
 - (iii) where appropriate, refer the patient to another health care professional;
 - (h) a Medicines Assessment and Compliance Support Service, the underlying purpose of which is for the pharmacist to—
 - (i) assess the knowledge of, compliance with and use of, drugs by vulnerable patients and patients with special needs, and
 - (ii) offer advice, support and assistance to vulnerable patients and patients with special needs regarding the use of drugs with a view to improving the patient's knowledge of, compliance with and use of, such drugs;
 - (i) a Minor Ailment Scheme, the underlying purpose of which is for the pharmacist to provide advice and support to eligible patients complaining of a minor ailment, and where appropriate to supply drugs to them for the treatment of the minor ailment;
 - (j) a Needle and Syringe Exchange Service, the underlying purpose of which is for the pharmacist to—
 - (i) provide sterile needles, syringes and associated materials to drug misusers,
 - (ii) receive from drug misusers used needles, syringes and associated materials, and
 - (iii) offer advice to drug misusers and where appropriate referral to another health care professional or a specialist drug treatment centre;
 - (k) an On Demand Availability of Specialist Drugs Service, the underlying purpose of which is for the pharmacist to ensure that patients or health care professionals have prompt access to specialist drugs;
 - (l) Out of Hours Services, the underlying purpose of which is for the pharmacist to dispense drugs and appliances in the out of hours period (whether or not for the whole of the out of hours period);
 - (m) a Patient Group Direction Service, the underlying purpose of which is for the pharmacist to supply a prescription only medicine to a patient under a Patient Group Direction;
 - (n) a Prescriber Support Service, the underlying purpose of which is for the pharmacist to support health care professionals who prescribe drugs, and in particular to offer advice on—
 - (i) the clinical and cost effective use of drugs,

ADVANCED SERVICES (PHARMACY CONTRACTORS)

- (ii) prescribing policies and guidelines, and
 - (iii) repeat prescribing;
 - (o) a Schools Service, the underlying purpose of which is for the pharmacist to provide advice and support to children and staff in schools relating to—
 - (i) the clinical and cost effective use of drugs in the school,
 - (ii) the proper and effective administration and use of drugs and appliances in the school,
 - (iii) the safe and appropriate storage and handling of drugs and appliances, and
 - (iv) the recording of drugs and appliances ordered, handled, administered, stored or disposed of;
 - (p) a Screening Service, the underlying purpose of which is for the pharmacist to—
 - (i) identify patients at risk of developing a specified disease or condition,
 - (ii) offer advice regarding testing for a specified disease or condition,
 - (iii) carry out such a test with the patient's consent, and
 - (iv) offer advice following a test and referral to another health care professional where appropriate;
 - (q) a Stop Smoking Service, the underlying purpose of which is for the pharmacist to—
 - (i) advise and support patients wishing to give up smoking, and
 - (ii) where appropriate, to supply appropriate drugs and aids;
 - (r) a Supervised Administration Service, the underlying purpose of which is for the pharmacist to supervise the administration of prescribed medicines in the pharmacy; and
 - (s) a Supplementary Prescribing Service, the underlying purpose of which is for the pharmacist who is a supplementary prescriber to implement with an independent prescriber a clinical management plan for a patient with that patient's agreement.
- (2) The Primary Care Trust shall ensure that the arrangements for the services referred to in paragraph (1) make provision for those services to be provided—
- (a) only by appropriately trained and qualified persons;
 - (b) in accordance with relevant national guidelines or standards;
 - (c) from premises that are suitable for the purpose; and
 - (d) using the appropriate or necessary equipment.

Revocation

5. The Directions to Health Authorities concerning arrangements for providing additional pharmaceutical services which came into force on 1st April 1999 are hereby revoked.

Transitional provisions

6.—(1) Any arrangements pursuant to the Directions referred to in direction 5 shall continue in effect for a period of twelve months beginning with the date of the coming into force of these Directions unless—

- (a) the pharmacist notifies the Primary Care Trust in writing that the arrangements should terminate before the end of this period, in which case the arrangements shall terminate on—
 - (i) the date specified by the pharmacist in his notice,
 - (ii) the date agreed with the Primary Care Trust, or
 - (iii) if no date is specified or agreed, on the last day of the calendar month following the giving of the notice;

ADVANCED SERVICES (PHARMACY CONTRACTORS)

- (b) the Primary Care Trust requests the pharmacist to enter into arrangements for a Care Home Service or Out of Hours Services pursuant to direction 4 and the pharmacist refuses such a request, in which case the arrangements shall terminate on the last day of the third calendar month following the date of the Primary Care Trust's request; or
 - (c) the arrangements would otherwise come to an end before this date, for example, because the pharmacist ceases to be included in the Primary Care Trust's pharmaceutical list.
- (2) Direction 3(5) shall not apply to any arrangement entered into before 1st October 2005.

ADVANCED SERVICES (PHARMACY CONTRACTORS)**D I R E C T I O N S****THE NATIONAL HEALTH SERVICE ACT 1977****The Pharmaceutical Services (Advanced and Enhanced Services) (England) Amendment Directions 2006**

The Secretary of State for Health gives the following directions in exercise of the powers conferred upon her by sections 17, 41A, 41B and 126(4) of the National Health Service Act 1977(1).

Citation, commencement and application

1.—(1) These Directions may be cited as the Pharmaceutical Services (Advanced and Enhanced Services) (England) Amendment Directions 2006 and shall come into force on 1st October 2006.

(2) These Directions are given to Primary Care Trusts in England and apply in relation to England only.

Amendment of the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005

2.—(1) The Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005(2) are amended as follows.

(2) In direction 3 (advanced services: Medicines Use Review and Prescription Intervention Service)—

(a) in paragraph (6)(d)(3), for “250” substitute “400”; and

(b) after paragraph (6), insert the following sub-paragraph(4)—

“(6A) Paragraph (6)(d) shall apply as if for “400” there were substituted “200” as regards the first financial year of any arrangements made pursuant to paragraph (1), if the arrangements made pursuant to paragraph (1) only took effect on or after 1st October of that financial year, but for these purposes, arrangements with a pharmacist to provide MUR services at an acceptable location to which paragraph (4)(a) applies are to be treated as taking effect once the pharmacist has—

(1) 1977 c.49. Section 17 is as substituted by the Health Act 1999 (c.8) (“the 1999 Act”), section 12(1), and thereafter amended by the Health and Social Care Act 2001 (c.15) (“the 2001 Act”), Schedule 5, paragraph 5(3), and the National Health Service Reform and Health Care Professions Act 2002 (c.17) (“the 2002 Act”), Schedule 1, paragraph 7. Section 41A was inserted into the 1977 Act by the National Health Service (Primary Care) Act 1997 (c. 46) (“the 1997 Act”), section 27(1); and has been amended by the 2001 Act, section 43(1), and the 2002 Act, Schedule 2, Part 1, paragraphs 1 and 14. Section 41B was inserted into the 1977 Act by the 1997 Act, section 28(1), and has been amended by the 2002 Act, Schedule 2, Part 1, paragraphs 1 and 15. Section 126(4) of the 1977 Act was amended by the National Health Service and Community Care Act 1990 (c.19), section 65(2). As regards Wales, the functions of the Secretary of State under the 1977 Act were transferred to the National Assembly for Wales by virtue of article 2 of, and Schedule 1 to, the National Assembly for Wales (Transfer of Functions) Order 1999 (S.I. 1999/672), as amended by section 66(5) of the 1999 Act and as read with section 40(1) of the 2002 Act.

(2) Signed on 31st March 2005 and available on www.dh.gov.uk. These Directions were amended by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2005, signed on 6th December and available on www.dh.gov.uk, and by the National Health Service (Miscellaneous Amendments Relating to Prescribing, Pharmaceutical Services and Local Pharmaceutical Services etc.) (England) Directions 2006, signed on 8th March 2006 and available on www.dh.gov.uk.

(3) Sub-paragraph (d) of paragraph (6) was substituted by the National Health Service (Miscellaneous Amendments Relating to Prescribing, Pharmaceutical Services and Local Pharmaceutical Services etc.) (England) Directions 2006, direction 3(3)(b).

(4) The paragraph (6A) that was inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2005 was revoked by the National Health Service (Miscellaneous Amendments Relating to Prescribing, Pharmaceutical Services and Local Pharmaceutical Services etc.) (England) Directions 2006.

ADVANCED SERVICES (PHARMACY CONTRACTORS)

Amendment of the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005

3.—(1) The Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005^(a) are amended in accordance with this direction.

(2) In direction 2 (interpretation)—

(a) insert the following definition at the appropriate place in the alphabetical order—

““financial year” means the period of twelve months ending on 31st March in any year;”;

”; and

(b) insert the following definition at the appropriate place in the alphabetical order—

““pharmacist independent prescriber” has the meaning given in regulation 2(1) of the Pharmaceutical Services Regulations;”;

(3) In direction 3 (advanced services: Medicines Use Review and Prescription Intervention Service)—

(a) for paragraph (4) substitute the following paragraphs—

“(4) Subject to paragraph (4A), the second condition is that the MUR services are provided at an acceptable location, and for these purposes, an “acceptable location” means—

(a) an area for confidential consultations within the pharmacist’s pharmacy, which is—

(i) clearly designated as an area for confidential consultations,

(ii) distinct from the general public areas of the pharmacy, and

(iii) an area where both the person receiving MUR services and the pharmacist providing those services are able to sit down together and talk at normal speaking volumes without being overheard by any other person (including pharmacy staff),

except that paragraphs (i) and (ii) shall not apply in circumstances where the pharmacy is closed to other members of the public;

(b) an area for confidential consultations which is not at the pharmacist’s pharmacy but which—

(i) is clearly designated as an area for confidential consultations—

(ii) is distinct from the general public areas of the premises in which it is situated, and

(iii) is an area where both the person receiving MUR services and the pharmacist providing those services are able to sit down together and talk at normal speaking volumes without being overheard by any other person,

and the Primary Care Trust has approved the premises where the area is situated as being premises at which MUR services may be provided (and that approval has not been withdrawn); or

(c) premises to which neither sub-paragraph (a) or (b) applies, but which are —

(i) premises as regards which the pharmacist has obtained the approval of the Primary Care Trust to provide MUR services to a particular patient on a particular occasion, or

(ii) premises or a category of premises as regards which the pharmacist has obtained the approval of the Primary Care Trust (which has not been withdrawn) to provide MUR services to a particular category of patients, in such circumstances and subject to such conditions as the Primary Care Trust may have specified (which the Primary Care Trust may vary without withdrawing its approval).

VIC

^(a) Signed on 31st March 2005 and available on www.dh.gov.uk. These Directions were amended by the NHS Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2005, signed on 6th December and available on www.dh.gov.uk.

ADVANCED SERVICES (PHARMACY CONTRACTORS)

(4A) A pharmacist may provide MUR services other than at an acceptable location, if he does so—

- (a) by telephone to a particular patient on a particular occasion;
 - (b) in circumstances where the telephone conversation cannot be overheard (except by someone whom the patient wants to hear the conversation, for example a carer); and
 - (c) having obtained the approval of the Primary Care Trust to do so on that occasion.”;
- (b) for sub-paragraphs (b) to (d) of paragraph (6) substitute the following sub-paragraphs—
- “(b) MUR services are only provided—
 - (i) at an acceptable location, except in the circumstances set out in paragraph (4A), and
 - (ii) at a location for which the PCT’s approval is required by virtue of paragraph (4)(b) or (c) for the location to be considered acceptable, if the necessary approval has been given by the PCT and has not been withdrawn;
 - (c) where MUR services are provided other than at an acceptable location, they are only provided by telephone, and with its approval, to a particular patient on a particular occasion;
 - (d) no more than 250 MUR services consultations may be carried out under the arrangements with a pharmacist to provide those services, whether at an acceptable location or in the circumstances set out in paragraph (4A), in any financial year.”;
- (c) in sub-paragraph (e) of paragraph (6), after “an MUR service consultation” insert “which is not triggered by concerns over patient concordance”; and
- (d) omit paragraph (6A)(a).
- (4) In direction 4 (enhanced services)—
- (a) after paragraph (1), insert the following paragraph—

“(1A) Each Primary Care Trust is authorised to arrange for the provision of an Independent Prescribing Service, the underlying purpose of which is to provide a framework within which pharmacist independent prescribers may act as such under arrangements to provide an additional pharmaceutical service between the Primary Care Trust and a person included in the Primary Care Trust’s pharmaceutical list or in a pharmaceutical list of a neighbouring Primary Care Trust.”; and
 - (b) in paragraph (2), for “paragraph (1)” substitute “paragraphs (1) and (1A)”.

ADVANCED SERVICES (PHARMACY CONTRACTORS)**D I R E C T I O N S****THE NATIONAL HEALTH SERVICE ACT 2006****The Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2007****VIC**

The Secretary of State for Health gives the following directions in exercise of the powers conferred by sections 8,127 and 272(7) and (8) of the National Health Service Act 2006(a).

Citation, commencement and application

1.—(1) These Directions may be cited as the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2007 and shall come into force on 14th December 2007.

(2) These Directions are given to Primary Care Trusts in England and apply in relation to England only.

Amendment of the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005

2.—(1) The Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005(b) are amended as follows.

(2) In direction 3 (Advanced Services: Medicines Use Review and Prescription Intervention Service) for sub-paragraph (i) of paragraph (6) substitute the following-

“(i) the pharmacist shall be required to provide a copy of the record prepared pursuant to sub-paragraph (h) to the patient;

(ia) the pharmacist shall be required to provide to a person with whom the patient is registered for the provision of GMS contract essential services or their equivalent-

- (i) a copy of the record prepared pursuant to sub-paragraph (h),
- (ii) a copy of part of that record, or
- (iii) a notification that the patient has received MUR services,

such copy or notification to be provided in the circumstances and in accordance with the time limits set out in guidance, entitled Guidance on the Provision of MUR Service Consultation Record issued on 14th December 2007 by the Secretary of State(c);”.

Transitional Provision

3. In a case where the record prepared pursuant to direction 3(6)(h) is on the form which was approved by the Secretary of State on 1st April 2005 and that form is provided to the patient

(a) 2006 c.41.

(b) Signed on 31st March 2005. These Directions were amended by the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005 signed on 6th December 2005, the National Health Service (Miscellaneous Amendments Relating to Prescribing Pharmaceutical Services and Local Pharmaceutical Services etc.) (England) Directions 2006, signed on 8th March 2006 and the Pharmaceutical Services (Advanced and Enhanced Services) (England) Amendment Directions 2006 signed on 15th September 2006. All the aforementioned Directions are available at www.dh.gov.uk.

(c) A copy of the guidance is published by the Department of Health on its website at www.dh.gov.uk/mpf.

ADVANCED SERVICES (PHARMACY CONTRACTORS)

before 1st October 2008, the pharmacist shall be required to provide a copy of that record to the patient and to the person with whom the patient is registered for the provision of GMS essential services or their equivalent.

ADVANCED SERVICES (PHARMACY CONTRACTORS)**NATIONAL ASSEMBLY FOR WALES****DIRECTIONS****NATIONAL HEALTH SERVICE, WALES****The Pharmaceutical Services (Advanced and Enhanced Services) (Wales) Directions 2005****VIC**

The National Assembly for Wales in exercise of the powers conferred by sections 16BB(4), 41A, 41B and 126(4) of the National Health Service Act 1977(1) hereby gives the following Directions:

Title, commencement and application

1.—(1) The title of these Directions is the Pharmaceutical Services (Advanced and Enhanced Services) (Wales) Directions 2005 and will come into force on 5 May 2005.

(2) These Directions are given to Local Health Boards and apply in relation to Wales.

2. In these Directions—

“the Act” means the National Health Service Act 1977;

“clinical management plan” has the same meaning as in the POM Order;

“drug misuser” means a person who is misusing drugs by self-injection;

“drugs” includes medicines;

“Drug Tariff” means the Drug Tariff published under regulation 18 of the Pharmaceutical Services Regulations;

“gluten free foods” means only those gluten free foods that are listed in Part XV (borderline substances) of the Drug Tariff;

(1) 1977 c.49 (“the 1977 Act”); section 16BB(4) was inserted by the National Health Service Reform and Health Care Professions Act 2002 (c.17)(“the 2002 Act”), section 6(1). Date in force 10.10.02; see SI 2002/2532 and was amended by section 184 of and paragraphs 7 and 10 of Schedule 11 to the Health and Social Care (Community Health and Standards Act 2003 (c.43) (“the 2003 Act”).

Section 41A was inserted into the 1977 by the National Health Service (Primary Care) Act 1997 (c.46) (“the 1997 Act”), section 27(1); and has been amended by the Health and Social Care Act 2001 (c.15) (“the 2001 Act”), section 43(1)(b) and the 2002 Act, section 2(5) and Schedule 2, Part 1, paragraphs 1 and 14.

Section 41B was inserted into the 1977 Act by the 1997 Act, section 28(1) and has been amended by the 2002 Act, section 2(5) and Schedule 2, Part 1, paragraphs 1 and 15.

Section 126(4) was amended by the National Health Service and Community Care Act 1990 (c.19), section 65(2); and by the 2001 Act, section 67(1) and Schedule 5, Part 1, paragraphs 5(1) and 13(b), by the 2002 Act, section 6(3)(c) and by the Health and Social Care (Community Health and Standards) Act 2003 (c.43) (“the 2003 Act”), section 184 and Schedule 11, paragraphs 7 and 38.

The functions of the Secretary of State under sections 41A, 41B and 126(4) of the 1977 Act were transferred to the National Assembly for Wales by the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, article 2 and Schedule 1, as amended by the 1999 Act, section 66(5), the 2001 Act, section 68(1), the 2002 Act, section 40(1) and by the 2003 Act, section 197(1).

ADVANCED SERVICES (PHARMACY CONTRACTORS)

“GMS contract essential services” has the meaning given to it in regulation 2(1) of the National Health Service (General Medical Services Contracts) (Wales) Regulations 2004(1);

“health care professional” means a person who is a member of a profession regulated by a body mentioned in section 25(3) (the Council for the Regulation of Health Care Professionals) of the National Health Service Reform and Health Care Professions Act 2002(2);

“independent prescriber” means a doctor or dentist who is a party to a clinical management plan with a supplementary prescriber;

“MUR certificate” means a statement of satisfactory performance awarded or endorsed by a higher education institute being evidence that a person has satisfactorily completed an assessment relating to the competency framework for chemists providing MUR services approved by the National Assembly for Wales;(3)

“out of hours period” means, in relation to a pharmacy, the days and times at which the pharmacy is not obliged to remain open by virtue of paragraph 21(1) (pharmacy opening hours: general) of Schedule 2 to the Pharmaceutical Services Regulations;

“patient’s care record” means the patient records kept by the person or body who is providing the patient with GMS contract essential services or their equivalent;

“pharmaceutical essential services” has the same meaning as that given to essential services in the Pharmaceutical Services Regulations;

“Pharmaceutical Services Regulations” means the National Health Service (Pharmaceutical Services) Regulations 1992(4);

“chemist” means, except where the context otherwise required—

- (a) a registered pharmacist; or
- (b) a person lawfully conducting a retail pharmacy business in accordance with section 69 (general provisions) of the Medicines Act 1968(5),

whose name is included in the pharmaceutical list of a Local Health Board (including a chemist who is suspended from such a list), but does not include a supplier of appliances only;

“pharmacy” has the meaning given to it in the Pharmaceutical Services Regulations;

“the POM Order” means the Prescription Only Medicines (Human Use) Order 1997(6); and

“supplementary prescriber” has the meaning given to it in the Pharmaceutical Services Regulations.

Advanced Services: Medicines Use Review and Prescription Intervention Service

3.—(1) Each Local Health Board must make arrangements for the provision of medicines use review and prescription intervention services (“MUR services”) for persons within or outside its area with any pharmacist on its pharmaceutical list who—

- (a) meets the conditions set out in paragraphs (3), (4) and (5); and
- (b) wishes to enter into such arrangements.

(2) The underlying purpose of MUR services is, with the patient’s agreement, to improve his or her knowledge and use of drugs by, in particular—

- (a) establishing the patient’s actual use, understanding and experience of taking drugs;
- (b) identifying, discussing and assisting in the resolution of poor or ineffective use of drugs by the patient;

-
- (1) SI 2004/478 (W.48) to which there are no relevant amendments.
 - (2) 2002 c.17
 - (3) A copy of the document “Competency Framework for the Assessment of Pharmacists Providing the Medicines Use Review (MUR) and prescription intervention service” dated 19th April 2005 is available on the NHS Wales website – www.wales.nhs.uk
 - (4) SI 1992/662; for relevant amendments see SI 2005/1013 (W.67)
 - (5) 1968 c.67
 - (6) SI 1997/1839; relevant amending instruments are SI 2000/1917 and 2003/2915.

ADVANCED SERVICES (PHARMACY CONTRACTORS)

- (c) identifying side effects and drug interactions that may affect the patient's compliance with instructions given to him or her by a health care professional for the taking of drugs; and
 - (d) improving the clinical and cost effectiveness of drugs prescribed to patients thereby reducing the wastage of such drugs.
- (3) The first condition is—
- (a) if the chemist is a registered pharmacist, that he or she has an MUR certificate;
 - (b) if the chemist is a registered pharmacist, but he or she intends to employ or engage a registered pharmacist to provide MUR services, that that registered pharmacist has an MUR certificate;
 - (c) if the chemist is not a natural person, that any registered pharmacist that it intends to employ or engage to provide MUR services has an MUR certificate,
- and the chemist has supplied a copy of the relevant certificates to the Local Health Board prior to entering into an arrangement to provide MUR services.
- (4) The second condition is that the pharmacy meets the following requirements, namely that it has a consultation area which—
- (a) must be a clearly designated area for confidential consultations which is distinct from the general public areas of the pharmacy; and
 - (b) must be an area where both the person receiving MUR services and the registered pharmacist providing MUR services can sit down together and talk at normal speaking volumes without being overheard by other visitors to the pharmacy or by any other person, including pharmacy staff.
- (5) Subject to direction 6(2), the third condition is that the chemist is satisfactorily complying with his or her obligation under Schedule 2 to the Pharmaceutical Services Regulations to provide pharmaceutical essential services and has a system of clinical governance that is acceptable.
- (6) The Local Health Board must ensure that the arrangements made pursuant to paragraph (1) provide—
- (a) only a registered pharmacist who has an MUR certificate may perform MUR services;
 - (b) MUR services that are provided in a pharmacy may only be provided from a consultation area that meets the requirements set out in paragraph (4) unless the pharmacy is closed to other members of the public in which case the consultation may take place in another part of the pharmacy provided that the condition in paragraph (4)(b) is met;
 - (c) MUR services may be provided outside the pharmacy or exceptionally by telephone only where the Local Health Board consents;
 - (d) no more than 200 MUR services consultations may be carried out in each pharmacy (or outside it in accordance with sub-paragraph (c)) in any one period of twelve months under the arrangements;
 - (e) an MUR service consultation must not be offered to a patient unless the patient has been receiving pharmaceutical services from the pharmacy for a period of at least three consecutive months;
 - (f) a patient may not have more than one MUR service consultation in any one period of twelve months unless in the reasonable opinion of the registered pharmacist the patient's circumstances have changed sufficiently to justify one or more further consultations during this period;
 - (g) where the Local Health Board has notified chemists in its area of the categories of patients who would benefit from the provision of MUR services, the chemist must have regard to the notification in determining to whom to offer a MUR service consultation;

VIC

ADVANCED SERVICES (PHARMACY CONTRACTORS)

- (h) the chemist must ensure that a written record of each MUR service consultation held with a patient is prepared by the registered pharmacist carrying out the consultation on a form approved by the National Assembly for Wales⁽¹⁾;
- (i) the chemist must provide a copy of the record prepared pursuant to sub-paragraph (h) to the patient and to a person with whom the patient is registered for the provision of GMS contract essential services or their equivalent;
- (j) the chemist must keep a copy of the record prepared pursuant to sub-paragraph (h) for such period as the Local Health Board may reasonable require; and
- (k) the arrangements will be terminated where after 1 October 2005 the chemist is not satisfactorily complying with his or her obligation under Schedule 2 to the Pharmaceutical Services Regulations to provide pharmaceutical essential services and to have an acceptable system of clinical governance.

Enhanced services

4.—(1) Each Local Health Board is authorised to arrange for the provision of the following additional pharmaceutical services to persons within or outside its area with chemists included in its pharmaceutical list or in the pharmaceutical list of a neighbouring Local Health Board—

- (a) an Anticoagulant Monitoring Service, the underlying purpose of which is for the chemist to test the patient's blood clotting time, review the results and adjust (or recommend an adjustment to) the anticoagulant dose accordingly;
- (b) a Care Home Service, the underlying purpose of which is for the chemist to provide advice and support to residents and staff in a care home relating to—
 - (i) the proper and effective ordering of drugs and appliances for the benefit of residents in the care home,
 - (ii) the clinical and cost effective use of drugs,
 - (iii) the proper and effective administration of drugs and appliances in the care home,
 - (iv) the safe and appropriate storage and handling of drugs and appliances, and
 - (v) the recording of drugs and appliances ordered, handled, administered, stored or disposed of;
- (c) a Disease Specific Management Service, the underlying purpose of which is for the chemist to advise on, support and monitor the treatment of patients with specified conditions, and where appropriate, to refer the patient to another health care professional;
- (d) a Gluten Free Food Supply service, the underlying purpose of which is for the chemist to supply gluten free foods to patients;
- (e) a Home Delivery Service, the underlying purpose of which is for the chemist to deliver drugs and appliances to patients at their home;
- (f) a Language Access Service, the underlying purpose of which is for the chemist to provide, either orally or in writing, advice and support to patients in a language understood by them relation to—
 - (i) drugs which they are using,
 - (ii) their health, and
 - (iii) general health matters relevant to them,and where appropriate referral to another health care professional;
- (g) a Medication Review Service, the underlying purpose of which is for the chemist to—
 - (i) conduct a review of the drugs used by a patient on the basis of information and test results included in the patient's care record, with the objective of considering the continued appropriateness and effectiveness of the drugs for the patient,

(1) Details for obtaining copies of this form will be made available shortly.

ADVANCED SERVICES (PHARMACY CONTRACTORS)

- (ii) advise and support a patient regarding the use of his or her drugs including encouraging the active participation of the patient in decision making relating to his or her use of drugs, and
- (iii) where appropriate, refer the patient to another health care professional;
- (h) a Medicines Assessment and Compliance Support Service, the underlying purpose of which is for the chemist to—
 - (i) assess the knowledge of, compliance with and use of, drugs by vulnerable patients and patients with special needs, and
 - (ii) offer advice, support and assistance to vulnerable patients and patients with special needs regarding the use of drugs with a view to improving the patient's knowledge of, compliance with and use of, such drugs;
- (i) a Minor Ailment Scheme, the underlying purpose of which is for the chemist to provide advice and support to eligible patients complaining of a minor ailment, and where appropriate, to supply drugs to them for the treatment of the minor ailment;
- (j) a Needle and Syringe Exchange Scheme, the underlying purpose of which is for the chemist to—
 - (i) to provide sterile needles, syringes and associated materials to drug misusers,
 - (ii) receive from drug misusers used needles, syringes and associated materials, and
 - (iii) offer advice to drug misusers and where appropriate referral to another health care professional or a specialist drug treatment centre;
- (k) an On Demand Availability of Specialist Drugs Service, the underlying purpose of which is for the chemist to ensure that patients or health care professionals have prompt access to specialist drugs;
- (l) Out of Hours Services, the underlying purpose of which is for the chemist to dispense drugs and appliances in the out of hours period (whether or not for the whole of the out of hours period);
- (m) a Patient Group Direction Service, the underlying purpose of which is for the chemist to supply a prescription only medicine to a patient under a Patient Group Direction;
- (n) a Prescriber Support Service, the underlying purpose of which is for the chemist to support health care professionals who prescribe drugs, and in particular to offer advice on—
 - (i) the clinical and cost effective use of drugs,
 - (ii) prescribing policies and guidelines, and
 - (iii) repeat prescribing;
- (o) a Schools Service, the underlying purpose of which is for the chemist to provide advice and support to children and staff in schools relating to—
 - (i) the clinical and cost effective use of drugs in the school,
 - (ii) the proper and effective administration and use of drugs and appliances in the school,
 - (iii) the safe and appropriate storage and handling of drugs and appliances, and
 - (iv) the recording of drugs and appliances ordered, handled, administered, stored or disposed of;
- (p) a Screening Service, the underlying purpose of which is for the chemist to—
 - (i) identify patients at risk of developing a specified disease or condition,
 - (ii) offer advice regarding testing for a specified disease or condition,
 - (iii) carry out such a test with the patient's consent, and
 - (iv) offer advice following a test and referral to another health care professional where appropriate;
- (q) a Stop Smoking Service, the underlying purpose of which is for the chemist to—

ADVANCED SERVICES (PHARMACY CONTRACTORS)

- (i) advise and support patients wishing to give up smoking, and
 - (ii) where appropriate, to supply appropriate drugs and aids;
 - (r) a Supervised Administration Service, the underlying purpose of which is for the chemist to supervise the administration of prescribed medicines in the pharmacy; and
 - (s) a Supplementary Prescribing Service, the underlying purpose of which is for the chemist who is a supplementary prescriber to implement with an independent prescriber a clinical management plan for a patient with that patient's agreement.
- (2) The Local Health Board must ensure that the arrangements for the services referred to in paragraph (1) make provision for those services to be provided—
- (a) only by appropriately trained and qualified persons
 - (b) in accordance with relevant national guidelines or standards;
 - (c) from premises that are suitable for the purpose; and
 - (d) using the appropriate or necessary equipment.

NATIONAL ASSEMBLY FOR WALES

S U B O R D I N A T E L E G I S L A T I O N

NATIONAL HEALTH SERVICE, WALES**The Pharmaceutical Services (Advanced and Enhanced Services) (Wales) Amendment Directions 2006***Made December 2006**Coming into force 11th December 2006***VIC**

The National Assembly for Wales, in exercise of the powers conferred by sections 16BB(4), 41A, 41B and 126(4) of the National Health Service Act 1977(1) hereby gives the following directions.

Title, commencement, application and interpretation

1.—(1) The title of these directions is the Pharmaceutical Services (Advanced and Enhanced Services) (Wales) Amendment Directions 2006.

(2) These Directions come into force on 11th December 2006

(3) These Directions are given to Local Health Boards and apply in relation to Wales.

(4) In these Directions “the Principal Directions” means the Pharmaceutical Service (Advanced and Enhanced Services) (Wales) Directions 2005.

(1) 1977 c.49 (“the 1977 Act”); section 16BB(4) was inserted by the National Health Service Reform and Health Care Professions Act 2002 (c.17)(“the 2002 Act”) section 6(1). Date in force 10.10.02; see S.I. 2002/2532 and was amended by section 184 of and paragraphs 7 and 10 of Schedule 11 to the Health and Social Care (Community Health and Standards Act 2003 9 (c.43) (“the 2003 Act”).

Section 41A was inserted into the 1977 Act by the National Health Service (Primary Care)Act 1997 (c.46) (“the 1997 Act”), section 27(1) ; and has been amended by the Health and Social Care Act 2001 (c.15) (“the 2001 Act”), section 43(1)(b) and the 2002 Act, section 2(5) and Schedule 2, Part I, paragraphs 1 and 14.

Section 41B was inserted into the 1977 Act, section 28(1) and has been amended by the 2002 Act, section 2(5) and Schedule 2, Part I paragraphs 1 and 15.

Section 126(4) was amended by the National Health Service and Community Care Act 1990 (c.19), section 65(2); and by the 2001 Act, section 67(1) and Schedule 5, Part 1, paragraphs 5(1) and 13(b), by the 2002 Act, section 6(3)(c) and by the Health and Social Care (Community Health and Standards) Act 2003 (c.43) (“the 2003 Act”), section 184 and Schedule 11, paragraphs 7 and 38.

The functions of the Secretary of State under sections 41A, 41B and 126(4) of the 1977 Act were transferred to the National Assembly for Wales by the National Assembly for Wales (Transfer of Functions) Order 1999, S.I. 1999/672, article 2 and Schedule 1, as amended by the 1999 Act, section 66(5), the 2001 Act, section 68(1), the 2002 Act, section 40(1) and by the 2003 Act, section 197(1).

ADVANCED SERVICES (PHARMACY CONTRACTORS)

Amendment of the Direction 3 of the Principal Directions

2.—(1) Direction 3 of the Principal Directions (Advanced Services: Medicines Use Review and Prescription Intervention Service) is amended as follows.

(2) In subparagraph (6)(d)—

- (i) insert the words “subject to subparagraph (6)(dd)” at the beginning;
- (ii) delete the figure “200” and replace it with the figure “400”.

(3) After subparagraph (6)(d), insert the following subparagraph

“(dd) where arrangements made under paragraph (1) between an LHB and a pharmacist only take effect after 1st October of the financial year in question then the maximum number of MUR services consultations that can be carried out in that year is 200;”.

(4) Delete subparagraph (6)(e).

Signed Dr Brian Gibbons

Dated 11th December 2006

Minister for Health and Social Services

ADVANCED SERVICES (PHARMACY CONTRACTORS)**SUBORDINATE LEGISLATION****2008 No. 11****NATIONAL HEALTH SERVICE (WALES) ACT 2006****The Pharmaceutical Services (Advanced and Enhanced Services) (Wales) (Amendment) Directions 2008****VIC***Made - - - - 3rd March 2008**Coming into force - - - 3rd March 2008*

The Welsh Ministers, in exercise of the powers conferred by sections 12(3), 81 and 203(9) and (10) of the National Health Service (Wales) Act 2006 (1) hereby give the following Directions.

Title, commencement, application and interpretation

1.—(1) The title of these Directions is the Pharmaceutical Services (Advanced and Enhanced Services) (Wales) (Amendment) Directions 2008.

(2) These Directions come into force on 3rd March 2008.

(3) These Directions are given to Local Health Boards and apply in relation to Wales.

(4) In these Directions “the principal Directions” means the Pharmaceutical Services (Advanced and Enhanced Services) (Wales) Directions 2005(2).

Amendment of direction 2 of the principal Directions

2. In direction 2 (interpretation) insert the following definition in the appropriate place in the alphabetical order—

““financial year” means the period of twelve months ending on the 31st March in any year;”.

(1) The National Health Service (Wales) Act 2006 (c.42) (“the 2006 Act”) is a consolidation Act which repeals and re-enacts in its entirety the National Health Service Act 1977 (c.49) (“the 1977 Act”) and incorporates some of the provisions from the National Health Service and Community Care Act 1990 (c.19), the Health Act 1999 (c.8), the Health and Social Care Act 2001 (c.15), the National Health Service Reform and Health Care Professions Act 2002 (c.17), the Health and Social Care (Community Health and Standards) Act 2003 (c.43) and the Health Act 2006 (c.8).

Sections 12(3), 81 and 203(9) and (10) of the 2006 Act are respectively equivalent to sections 16BB(4), 41A and 126(4) of the 1977 Act.

The functions of the “Welsh Ministers” in the 2006 Act were transferred to the Welsh Ministers after the end of the “initial period” (as defined by section 161(5) of the Government of Wales Act 2006) in accordance with section 5 of and paragraph 10 of Schedule 3 to the National Health Service (Consequential Provisions) Act 2006 (c.43) and section 162 of and paragraph 30 of Schedule 11 to the Government of Wales Act 2006 (c.32).

(2) Signed on 4th May 2005. These Directions were amended by the Pharmaceutical Services (Advanced and Enhanced Services)(Wales) Amendment Directions 2006, signed on 15th December 2006.

ADVANCED SERVICES (PHARMACY CONTRACTORS)

Amendment of direction 3 of the principal Directions

3.—(1) In direction 3 (Advanced Services: Medicines Use Review and Prescription Intervention Service) for sub-paragraph (i) of paragraph 6 substitute the following—

“(i) the pharmacist must provide a copy of the record prepared pursuant to sub-paragraph (h) to the patient;

(i)(a) the pharmacist must provide to a person with whom the patient is registered for the provision of GMS contract essential services or their equivalent—

(i) a copy of the record prepared pursuant to sub-paragraph (h);

(ii) a copy of part of that record; or

(iii) a notification that the patient has received MUR service,

such copy or notification to be provided in the circumstances and in accordance with the time limits set out in Schedule A to these Directions;”.

Insertion of Schedule A into the principal Directions

4. Schedule A which is set out in the Schedule to these Directions is inserted into the principal Directions.

Transitional Provision

5. Direction 3 does not apply in the case where the record prepared pursuant to direction 3(6)(h) is on the form which was approved by the National Assembly for Wales on 4th May 2005 and that form is provided to the patient before 1st October 2008.

Signed by Peter Lawler, Acting Director of Community Primary Care and Health Services Policy Directorate, under the authority of the Minister for Health and Social Services, one of the Welsh Ministers

Date: 3 March 2008

ADVANCED SERVICES (PHARMACY CONTRACTORS)

SCHEDULE

Direction 4

“SCHEDULE A**Requirements for the provision of MUR service consultation records**

1. Where as a result of the MUR¹ service consultation, a recommendation is to be made to a person with whom the patient is registered for the provision of GMS contract essential services (or their equivalent), the pharmacist must provide to that person within seven days of the MUR consultation a copy of the overview page² of the MUR form or, if in the opinion of the pharmacist it is more appropriate to do so, a copy of the whole MUR form.
2. Where as a result of the MUR service consultation, no recommendation is to be made to a person with whom the patient is registered for the provision of GMS contract essential services (or their equivalent), the pharmacist must notify that person within one month of the date of the MUR consultation that the patient has received an MUR consultation. There is no need to send to that person a copy of the overview page or the whole MUR form unless the pharmacist considers that it is appropriate to do so.
3. Where following the MUR service consultation, a person with whom the patient is registered for the provision of GMS contract essential services (or their equivalent) requests a copy of the overview page or complete MUR form, the pharmacist must supply a copy to that person within a reasonable time. This requirement applies even where a recommendation has not been made.

VIC

¹ “MUR form” is the form that was approved by the National Assembly for Wales on 4th May 2005 and which can be used until 30th September 2008.

² “overview page” is the page of the MUR form marked ‘overview page’.”

ADVANCED SERVICES (PHARMACY CONTRACTORS)

ENHANCED SERVICES (PHARMACY CONTRACTORS)

Directions have been issued to PCTs in England and LHBs in Wales authorising them to make arrangements for enhanced services. The directions are reproduced in Part VIC.

For enhanced services, PCTs and LHBs are the determining authority for the payment arrangements. PCTs and LHBs can commission enhanced services from pharmacies within neighbouring PCTs or LHBs. Determinations to allow for this on an England/Wales basis are detailed below.

Determination of payments for enhanced services

In accordance with Regulation 56(h) of the National Health Service (Pharmaceutical Services) Regulations 2005, each Primary Care Trust is the determining authority for the purposes of making a determination for the fees and allowances for the provision of the enhanced services referred to in direction 4 of the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005 (as amended), by pharmacists included in its pharmaceutical list or in the list of a neighbouring Primary Care Trust.

In Wales, in accordance with Regulation 18(g) of the National Health Service (Pharmaceutical Services) Regulations 1992, each Local Health Board is the determining authority for the purposes of making a determination for the fees and allowances for the provision of the enhanced services referred to in direction 4 of the Pharmaceutical Services (Advanced and Enhanced Services) (Wales) Directions 2005, by pharmacists included in its pharmaceutical list or in the list of a neighbouring Local Health Board.

VID

ENHANCED SERVICES (PHARMACY CONTRACTORS)

This Page is Intentionally Blank

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)**STOMA CUSTOMISATION & APPLIANCE USE REVIEW**

Stoma customisation and Appliance Use Reviews form part of the Advanced Services within the community pharmacy contractual framework and are also applicable to appliance contractors.

Stoma Customisation

In England and Wales, from 1 April 2010 a fee of £4.32 is payable for every Part IXC prescription item that can be customised¹. The fee does not have to be claimed and will be paid automatically to those pharmacy and appliance contractors who in England have informed the NHSBSA and their Primary Care Trust and in Wales their Local Health Board of their intention to provide stoma appliance customisation services as an advanced service by the end of the month before they start providing the service.

Contractors are however required to meet certain preconditions, set out below in direction 3 Pharmaceutical Services (Advanced Services) (Appliances) (England) Directions 2009 and the Pharmaceutical Services (Advanced Services) (Appliances) (Wales) Directions 2010, ("the Appliances Directions") before their Primary Care Trust or Local Health Board is able to enter into arrangements with them to provide the service - and their ongoing entitlement to the provide the service is subject to compliance with the conditions that Primary Care Trusts or Local Health Boards are required to impose on them by virtue of direction 4 of the Appliances Directions.

VIE

Appliance Use Review

In England and Wales, from 1 April 2010 a fee is payable to all pharmacy and appliance contractors meeting the requirements for this service for each Appliance Use Review they have carried out. The requirements they have to meet are also set out below in the Appliances Directions. As with the stoma customisation, there are both preconditions that the contractor has to meet before the Primary Care Trust or Local Health Board is able to enter into arrangements with them (set out in direction 5 of the Appliances Directions), and ongoing entitlement to provide the service is subject to compliance with the conditions that the Primary Care Trust or Local Health Board is required to impose on them (see direction 6 of the Appliances Directions).

A Fee of £28 is payable for an Appliance Use Review conducted at premises managed by the pharmacy or appliance contractor. A fee of £54 is payable for a review conducted at the user's home. If, within a 24 hour period, reviews are conducted for several users living at the same location, the appliance or pharmacy contractor may claim £54 for the first review and £28 for each subsequent review.

In England and Wales, the total number of Appliance Use Reviews that an appliance or pharmacy contractor may claim fees for will be limited to one for every 35 Part IXA (qualifying items), Part IXC and Part IXC prescription items dispensed for the period commencing on 1 April and ending on 31 March in any one year (see direction 7 of the Appliances Directions).

In England contractors will be paid monthly, via the Pricing Authority on receipt of the appropriate claim form in the relevant month.

In Wales contractors will be paid monthly via the Business Service Centre on behalf of LHBs on receipt of the appropriate claim form in the relevant month.

¹Products that qualify for the stoma customisation fee have been annotated in the Drug Tariff.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

DIRECTIONS

THE NATIONAL HEALTH SERVICE ACT 2006**The Pharmaceutical Services (Advanced Services) (Appliances)
(England) Directions 2009**

The Secretary of State for Health in exercise of the powers conferred by sections 127, 128 and 272(7) and (8) of the National Health Service Act 2006(a) gives the following Directions—

Citation, commencement and application

1.—(1) These Directions may be cited as the Pharmaceutical Services (Advanced Services) (Appliances) (England) Directions 2009 and come into force on 1st April 2010.

(2) These Directions are given to Primary Care Trusts in England.

Interpretation

2. In these Directions—

“the 2005 Directions” means the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005(b);

“Drug Tariff” has the meaning given in regulation 56(a) of the Pharmaceutical Services Regulations;

“financial year” means a period of 12 months ending with 31st March in any year;

“health care professional” means a person who is a member of a profession regulated by a body mentioned in section 25(3) of the National Health Service Reform and Health Care Professions Act 2002(c) (the Council for Healthcare Regulatory Excellence);

“pharmaceutical list” means a list referred to in regulation 4(1)(a) of the Pharmaceutical Services Regulations (preparation of lists);

“Pharmaceutical Services Regulations” means the National Health Service (Pharmaceutical Services) Regulations 2005(d);

“pharmacist”—

(a) means—

(i) a registered pharmacist, or

(a) 2006 c.41.

(b) These Directions were signed on 31st March 2005 and are available on the Department of Health's website, www.dh.gov.uk. They are amended by: the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2005, signed on 6th December 2005; the National Health Service (Miscellaneous Amendments Relating to Prescribing, Pharmaceutical Services and Local Pharmaceutical Services etc.) (England) Directions 2006, signed on 8th March 2006; and the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2007, signed on 10th December 2007. These are all available on the same website.

(c) 2002 c.17. The Council's name was changed to the Council for Healthcare Regulatory Excellence by section 113 of the Health and Social Care Act 2008 (c.14).

(d) S.I. 2005/641; amended by S.I. 2005/1015, 1105, 3315 and 3491, 2006/552, 562, 913, 1501 and 3373, 2007/289 and 674, 2008/528 and 683 and 2009/2205.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

(ii) a person lawfully conducting a retail pharmacy business in accordance with section 69 (general provisions) of the Medicines Act 1968(a),

whose name is included in the pharmaceutical list of a Primary Care Trust (including a pharmacist who is suspended from such a list); but

(b) does not include a supplier of appliances only;

“pharmacy” has the meaning given in regulation 2(1) of the Pharmaceutical Services Regulations;

“registered patient” means a patient who is included in a list that is a registered patient list for the purposes of the Primary Medical Services (Sale of Goodwill and Restrictions on Sub-contracting) Regulations 2004(b);

“specialist nurse” means a person who is—

(a) registered in the Nurses’ Part or Specialist Community Public Health Nurses’ Part of the register maintained by the Nursing and Midwifery Council under article 5 of the Nursing and Midwifery Order 2001(c) (establishment and maintenance of register); and

(b) employed or engaged by any pharmacist or supplier of appliances for the purposes of conducting a review of a person’s use of specified appliances;

“specified appliance” means—

(a) any of the following appliances listed in Part IXA of the Drug Tariff—

(i) a catheter appliance (including a catheter accessory and maintenance solution),

(ii) a laryngectomy or tracheostomy appliance,

(iii) an anal irrigation system,

(iv) a vacuum pump or constrictor ring for erectile dysfunction, or

(v) a wound drainage pouch;

(b) an incontinence appliance listed in Part IXB of the Drug Tariff; or

(c) a stoma appliance listed in Part IXC of the Drug Tariff;

“stoma appliance customisation” means the customisation of a quantity of more than one stoma appliance, where—

(a) the stoma appliances to be customised are listed in Part IXC of the Drug Tariff;

(b) the customisation involves modification to the same specification of multiple identical parts for use with each appliance; and

(c) that modification is based on the patient’s measurements or record of those measurements and, if applicable, a template; and

“supplier of appliances” means a person with whom a Primary Care Trust has entered into arrangements for the provision of pharmaceutical services, being arrangements which are incorporated into terms of service as a consequence of regulation 3(c) of the Pharmaceutical Services Regulations.

Stoma appliance customisation services

Establishing and maintaining stoma appliance customisation services

3.—(1) The underlying purpose of a stoma appliance customisation service is to—

(a) ensure the proper use and comfortable fitting of the stoma appliance by a patient; and

(b) improve the duration of usage of the appliance, thereby reducing wastage of such appliances.

(a) 1968 c.67. Section 69 was amended by Part 12 of Schedule 1 to the Statute Law Repeals Act 1993 (c.50); by regulation 13 of the European Qualifications (Pharmacy) Regulations (Northern Ireland) 2008 (S.R. 2008/182); and by S.I. 1976/1213 and 2007/289 and 3101.

(b) S.I. 2004/906; see regulation 2(2) of those Regulations.

(c) S.I. 2002/253.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

(2) Each Primary Care Trust must make arrangements for the provision of stoma appliance customisation services for persons within or outside its area by any pharmacist ("P") or supplier of appliances ("S")—

- (a) who is on the Primary Care Trust's pharmaceutical list;
- (b) who supplies stoma appliances listed in Part IXC of the Drug Tariff in the normal course of business;
- (c) who either wishes to enter into the arrangements or is required to do so by virtue of regulation 13(3) or 14 of the Pharmaceutical Services Regulations; and
- (d) in relation to whom—
 - (i) Conditions 1, 2 and 3 are met, and
 - (ii) if services are to be provided elsewhere than at P's pharmacy or S's premises, Condition 4 is also met.

(3) Condition 1 is that, before any arrangements are entered into, the Primary Care Trust and the NHS Business Services Authority have each been supplied with notice that P or S wishes to provide stoma appliance customisation services.

(4) Condition 2 is that P or S—

- (a) is satisfactorily complying with P's obligations under Schedule 1 to the Pharmaceutical Services Regulations or S's obligations under Schedule 3 to those Regulations (as the case may be);
- (b) has an acceptable system of clinical governance; and
- (c) has procedures in place to ensure referral of a patient to the prescriber of the appliance in any case where—
 - (i) a customised stoma appliance is not suitable for further customisation, or
 - (ii) a stoma appliance has been customised and is not a proper fit for the patient.

(5) Condition 3 is that stoma appliance customisation services must be provided at an acceptable location and, for these purposes, an "acceptable location" means—

- (a) an area within P's pharmacy or S's premises which—
 - (i) is distinct from the general public areas,
 - (ii) at all times when stoma appliance customisation services are being provided, is clearly designated as a private area,
 - (iii) is suitable and designated for the retention of the appropriate equipment for stoma appliance customisation,
 - (iv) is suitable and designated for the carrying out of modification of stoma appliances, and
 - (v) is suitable and designated for the volume of stoma appliances that may be customised at any given time; or
- (b) an area elsewhere than at P's pharmacy or S's premises which—
 - (i) is distinct from the general public areas of the premises in which it is situated, and
 - (ii) meets the requirements of paragraph (a)(i) to (v).

(6) Condition 4 is that, in any case where any stoma appliance customisation services are to be provided elsewhere than at P's pharmacy or S's premises, procedures must be in place to ensure co-operation with any reasonable inspection or review of the premises by the Primary Care Trust of the area where the services are provided.

Requirements applying to stoma customisation services

4.—(1) This direction has effect in relation to any arrangements with a pharmacist ("P") or supplier of appliances ("S") which are made pursuant to direction 3.

(2) The Primary Care Trust must ensure that the arrangements provide that—

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

- (a) only appropriately trained and qualified persons are permitted to customise a stoma appliance;
 - (b) a record of each stoma customisation must be completed;
 - (c) each record must include the information listed in paragraph (3);
 - (d) each record must be retained for a minimum period of 12 months or such longer period as the Primary Care Trust may reasonably require;
 - (e) a copy of the record must be supplied to the patient or, if requested by the patient, to the prescriber or another health care professional; and
 - (f) unless prevented from doing so by illness or other reasonable cause, P or S must give at least 3 months' notice in writing to both the Primary Care Trust and the NHS Business Services Authority in advance of ceasing to provide any stoma appliance customisation services.
- (3) Each stoma customisation record must include—
- (a) details of advice given;
 - (b) the type of stoma appliance customised;
 - (c) dimensions used in respect of the modification of parts of the appliance;
 - (d) measurements of the patient (if taken);
 - (e) dimensions of any template made or modification of any existing template;
 - (f) any referrals made to the prescriber; and
 - (g) such other details as may be specified in the arrangements made with P or S.
- (4) Stoma customisation records may be in the form of an electronic record and may be stored electronically.

VIE*Appliance use review services for specified appliances***Establishing and maintaining appliance use review services for specified appliances**

5.—(1) The underlying purpose of an appliance use review service ("AUR service") is, with a patient's agreement, to improve the patient's knowledge and use of any specified appliance by, in particular—

- (a) establishing the way the patient uses the specified appliance and the patient's experience of such use;
- (b) identifying, discussing and assisting in the resolution of poor or ineffective use of the specified appliance by the patient;
- (c) advising the patient on the safe and appropriate storage of the specified appliance; and
- (d) advising the patient on the safe and proper disposal of specified appliances that are used or unwanted,

and an AUR service may be provided either when a pharmacist or specialist nurse visits a patient at home or when a patient visits a pharmacy or visits the premises of a supplier of appliances.

(2) Each Primary Care Trust must make arrangements for the provision of AUR services for persons within or outside its area by any pharmacist ("P") or supplier of appliances ("S")—

- (a) who is on the Primary Care Trust's pharmaceutical list;
- (b) who supplies specified appliances in the normal course of business;
- (c) who either wishes to enter into the arrangements or is required to do so by virtue of regulation 13(3) or 14 of the Pharmaceutical Services Regulations; and
- (d) in relation to whom—
 - (i) Conditions 1, 2 and 3 are met, and
 - (ii) if services are to be provided at a pharmacy or at the premises of a supplier of appliances, Condition 4 is also met.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

(3) Condition 1 is that, before any arrangements are entered into, the Primary Care Trust and the NHS Business Services Authority have each been supplied with—

- (a) notice that P or S wishes to provide AUR services;
- (b) a statement of whether or not P or S proposes to provide any services to patients at home; and
- (c) unless services are to be provided solely during visits to a patient at home, a statement of each location at which services are to be provided.

(4) Condition 2 is that, before any arrangements are entered into, the Primary Care Trust has also been supplied with the following information in relation to each pharmacist or specialist nurse who, as part of the AUR services to be provided by P or S, is to review the use of specified appliances—

- (a) full name;
- (b) documentary evidence of qualifications; and
- (c) details as to competency in respect of the use of specified appliances.

(5) Condition 3 is that P or S—

- (a) is satisfactorily complying with P's obligations under Schedule 1 to the Pharmaceutical Services Regulations or S's obligations under Schedule 3 to those Regulations (as the case may be);
- (b) has an acceptable system of clinical governance; and
- (c) has procedures in place to ensure referral of a patient to the prescriber of the appliance in any case where a matter relating to a patient's use of a specified appliance arises in the course of an AUR service but falls outside the scope of the service.

(6) Condition 4 is that, where any AUR services are to be provided at a pharmacy or at the premises of a supplier of appliances, there is a consultation area at the pharmacy or premises which—

- (a) is distinct from the general public areas;
- (b) at all times when a pharmacist or specialist nurse is reviewing the use of specified appliances, is clearly designated as an area for confidential consultation;
- (c) allows all persons taking part in the review to sit down together and talk at normal speaking volumes without being overheard by other visitors to, or staff at, the pharmacy or the premises; and
- (d) having regard to the nature of specified appliances and the underlying purpose of AUR services, is suitable for a consultation to determine how a patient uses an appliance and the extent of the patient's knowledge about it.

Requirements applying to appliance use review services

6.—(1) This direction has effect in relation to any arrangements with a pharmacist ("P") or supplier of appliances ("S") which are made pursuant to direction 5.

- (2) The Primary Care Trust must ensure that the arrangements include such provision about—
- (a) the qualifications of persons who review a patient's use of specified appliances;
 - (b) the delivery of each AUR service; and
 - (c) the administration of AUR services,

as is set out in the following provisions of this direction.

(3) The provision referred to in paragraph (2)(a) is that—

- (a) only a pharmacist or specialist nurse is permitted to review the use of specified appliances; and

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

- (b) the Primary Care Trust must be sent the following information in relation to each pharmacist or specialist nurse who, as part of the AUR services provided by P or S, reviews the use of specified appliances—
- (i) full name,
 - (ii) documentary evidence of education, training or experience in respect of the use of specified appliances, and
 - (iii) details as appropriate of relevant clinical training and practice in respect of the use of specified appliances.
- (4) The provision referred to in paragraph (2)(b) is that—
- (a) where reasonably possible, an AUR service must be provided within 2 working days of the day on which a patient requests a review or agrees to one at the suggestion of P or S;
 - (b) the pharmacist or specialist nurse who reviews the patient's use of a specified appliance must obtain the patient's prior written consent to receiving the service;
 - (c) a record of each service must be completed;
 - (d) each record must include—
 - (i) the date of the review of the patient's use of the specified appliance,
 - (ii) the name of the pharmacist or specialist nurse who carried out the review,
 - (iii) the name of the patient and the address at which the review took place,
 - (iv) the name of any other person present (and their relationship with the patient),
 - (v) the reason why a review is required,
 - (vi) the advice given to the patient, and
 - (vii) any intervention made; and
 - (e) the patient must be informed in writing that the record will be kept and that information from it will be forwarded in accordance with paragraphs (5)(a) to (d).
- (5) The provision referred to in paragraph (2)(c) is that—
- (a) a copy of each record of an AUR service must be forwarded to P or S;
 - (b) if the patient is a registered patient, the information referred to in paragraph (4)(d)(i), (ii) and (iii) must be forwarded to any provider of primary medical services with which the patient is a registered patient;
 - (c) if the patient is a registered patient and the pharmacist or specialist nurse considers it necessary for the provider of primary medical services with which the patient is registered to be aware of other information from the record, all such information must be forwarded to that provider;
 - (d) any information forwarded to any provider of primary medical services under this paragraph must be copied to any nurse employed by a Primary Care Trust who is practising with the provider and providing relevant primary medical services to the patient, if it is known that there is such a nurse;
 - (e) each record must be retained for a minimum period of 12 months or for such longer period as the Primary Care Trust may reasonably require; and
 - (f) information about the number of AUR services provided in any financial year must be submitted in accordance with any arrangements for payment of which P or S is notified.
- (6) The record of an AUR service may be in the form of an electronic record and may be stored electronically.

VIE

Maximum number of appliance use review services eligible for payment

7. The maximum number of AUR services for which a pharmacist ("P") or a supplier of appliances ("S") is eligible for payment in any financial year is not more than 1/35th of the

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

aggregate number of specified appliances dispensed during that financial year by P or S (as the case may be).

Amendment of the 2005 Directions

8. In the 2005 Directions, for paragraph (1)(e) of direction 4 (enhanced services), substitute—
- “(e) a Home Delivery Service, the underlying purpose of which is for the pharmacist to deliver to the patient’s home—
- (i) drugs, and
 - (ii) appliances other than specified appliances within the meaning of regulation 2(1) of the Pharmaceutical Services Regulations;”.

Transitional provision

9.—(1) Paragraph (2) applies to any arrangements which were made between a Primary Care Trust and a pharmacist under direction 4(1)(e) of the 2005 Directions and which were in force immediately before 1st April 2010.

(2) In so far as the arrangements relate to home delivery by the pharmacist of any specified appliance, the arrangements may continue in force until—

- (a) the pharmacist enters into arrangements to provide appliance use review services in accordance with directions 5 and 6; or
- (b) if later, 31st December 2010.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)**D I R E C T I O N S****THE NATIONAL HEALTH SERVICE
(WALES) ACT 2006****VIE****The Pharmaceutical Services (Advanced
Services) (Appliances) (Wales) Directions 2010**

The Welsh Ministers, in exercise of the powers conferred by sections 80, 83, 121 and 203(9) and (10) of the National Health Service (Wales) Act 2006(1), hereby give the following Directions—

Title, commencement and application

1.—(1) These Directions may be cited as the Pharmaceutical Services (Advanced Services) (Appliances) (Wales) Directions 2010 and come into force on 1st April 2010.

(2) These Directions are given to Local Health Boards in Wales.

Interpretation

2. In these Directions—

“the 2005 Directions” (“cyfarwyddiadau 2005”) means the Pharmaceutical Services (Advanced and Enhanced Services) (Wales) Directions 2005(2);

“Drug Tariff” (“Tariff Cyffuriau”) has the meaning given in regulation 2(1) of the Pharmaceutical Services Regulations;

“financial year” (“blwyddyn ariannol”) means a period of 12 months ending with 31 March in any year;

“health care professional” (“gweithiwr gofal iechyd proffesiynol”) means a person who is a member of a profession regulated by a body mentioned in section 25(3) of the National Health Service Reform and Health Care Professions Act 2002(3) (the Council for Healthcare Regulatory Excellence);

(1) 2006 c.42.

(2) Signed on 4 May 2005. These Directions were amended by the Pharmaceutical Services (Advanced and Enhanced Services) (Wales) (Amendment) Directions 2006, signed on 15 December 2006 and the Pharmaceutical Services (Advanced and Enhanced Services)(Wales) (Amendment) Directions 2008, made on 3 March 2008.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

“pharmaceutical list” (“rhestr fferyllol”) means a list referred to in regulation 4(1)(a) of the Pharmaceutical Services Regulations (preparation of lists);

“Pharmaceutical Services Regulations” (“Rheoliadau Gwasanaethau Fferyllol”) means the National Health Service (Pharmaceutical Services) Regulations 1992(1);

“pharmacist” (“fferyllydd”)—

(a) means—

(i) a registered pharmacist, or

(ii) a person lawfully conducting a retail pharmacy business in accordance with section 69 (general provisions) of the Medicines Act 1968(2),

whose name is included in the pharmaceutical list of a Local Health Board (including a pharmacist who is suspended from such a list); but

(b) does not include a supplier of appliances only;

“pharmacy” (“fferyllfa”) has the meaning given in regulation 2(1) of the Pharmaceutical Services Regulations;

“registered patient” (“claf cofrestredig”) means a patient who is included in a list that is a registered patient list for the purposes of the Primary Medical Services (Sale of Goodwill and Restrictions on Sub-contracting) (Wales) Regulations 2004(3);

“specialist nurse” (“nyrs arbennigol”) means a person who is—

(a) registered in the Nurses’ Part or Specialist Community Public Health Nurses’ Part of the register maintained by the Nursing and Midwifery Council under article 5 of the Nursing and Midwifery Order 2001(4) (establishment and maintenance of register); and

(b) employed or engaged by any pharmacist or supplier of appliances for the purposes of conducting a review of a person’s use of specified appliances;

“specified appliance” (“cyfarpar penodedig”) means—

(a) any of the following appliances listed in Part IXA of the Drug Tariff—

(i) a catheter appliance (including a catheter accessory and maintenance solution),

(ii) a laryngectomy or tracheostomy appliance,

(iii) an anal irrigation system,

(1) 2002 c.17. The Council’s name was changed to the Council for Healthcare Regulatory Excellence by section 113 of the Health and Social Care Act 2008 (c.14).

(2) S.I. 1992/662. Relevant amending instruments are S.I. 2007/205 (W.19) and S.I. 2009/1491 (W.144).

(3) 1998 c.67. Section 69 was amended by Part 12 of Schedule 1 to the Statute Law Repeals Act 1993 (c.50); by regulation 13 of the European Qualifications (Pharmacy) Regulations (Northern Ireland) 2008 (S.R. 2008/182); and by S.I. 1976/1213 and 2007/289 and 3101.

(3) S.I. 2004/1017 (W.114); see regulation 2(2) of those Regulations.

(5) S.I. 2002/253.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

- (iv) a vacuum pump or constrictor ring for erectile dysfunction, or
 - (v) a wound drainage pouch;
 - (b) an incontinence appliance listed in Part IXB of the Drug Tariff; or
 - (c) a stoma appliance listed in Part IXC of the Drug Tariff;
- “stoma appliance customisation” (“addasu cyfarpar stoma”) means the customisation of a quantity of more than one stoma appliance, where—
- (a) the stoma appliances to be customised are listed in Part IXC of the Drug Tariff;
 - (b) the customisation involves modification to the same specification of multiple identical parts for use with each appliance; and
 - (c) that modification is based on the patient’s measurements or record of those measurements and, if applicable, a template; and
- “supplier of appliances” (“cyflenwr cyfarpar”) means a person with whom a Local Health Board has entered into arrangements for the provision of pharmaceutical services, being arrangements which are incorporated into terms of service as a consequence of regulation 3(c) of the Pharmaceutical Services Regulations.

VIE

Stoma appliance customisation services

Establishing and maintaining stoma appliance customisation services

3.—(1) The underlying purpose of a stoma appliance customisation service is to—

- (a) ensure the proper use and comfortable fitting of the stoma appliance by a patient; and
- (b) improve the duration of usage of the appliance, thereby reducing wastage of such appliances.

(2) Each Local Health Board must make arrangements for the provision of stoma appliance customisation services for persons within or outside its area by any pharmacist (“P”) or supplier of appliances (“S”)—

- (a) who is on the Local Health Board’s pharmaceutical list;
- (b) who supplies stoma appliances listed in Part IXC of the Drug Tariff in the normal course of business;
- (c) who wishes to enter into the arrangements; and
- (d) in relation to whom—
 - (i) Conditions 1, 2 and 3 are met, and
 - (ii) if services are to be provided elsewhere than at P’s pharmacy or S’s premises, Condition 4 is also met.

(3) Condition 1 is that, before any arrangements are entered into, the Local Health Board has been supplied with notice that P or S wishes to provide stoma appliance customisation services.

(4) Condition 2 is that P or S—

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

- (a) is satisfactorily complying with P's obligations under Schedule 1 to the Pharmaceutical Services Regulations or S's obligations under Schedule 3 to those Regulations (as the case may be);
 - (b) has an acceptable system of clinical governance; and
 - (c) has procedures in place to ensure referral of a patient to the prescriber of the appliance in any case where—
 - (i) a customised stoma appliance is not suitable for further customisation, or
 - (ii) a stoma appliance has been customised and is not a proper fit for the patient.
- (5) Condition 3 is that stoma appliance customisation services must be provided at an acceptable location and, for these purposes, an "acceptable location" ("lleoliad derbynid") means—
- (a) an area within P's pharmacy or S's premises which—
 - (i) is distinct from the general public areas,
 - (ii) at all times when stoma appliance customisation services are being provided, is clearly designated as a private area,
 - (iii) is suitable and designated for the retention of the appropriate equipment for stoma appliance customisation,
 - (iv) is suitable and designated for the carrying out of modification of stoma appliances, and
 - (v) is suitable and designated for the volume of stoma appliances that may be customised at any given time; or
 - (b) an area elsewhere than at P's pharmacy or S's premises which—
 - (i) is distinct from the general public areas of the premises in which it is situated, and
 - (ii) meets the requirements of paragraph (a)(ii) to (v).
- (6) Condition 4 is that, in any case where any stoma appliance customisation services are to be provided elsewhere than at P's pharmacy or S's premises, procedures must be in place to ensure co-operation with any reasonable inspection or review of the premises by the Local Health Board of the area where the services are provided.

Requirements applying to stoma customisation services

- 4.—(1) This direction has effect in relation to any arrangements with a pharmacist ("P") or supplier of appliances ("S") which are made pursuant to direction 3.
- (2) The Local Health Board must ensure that the arrangements provide that—
- (a) only appropriately trained and qualified persons are permitted to customise a stoma appliance;
 - (b) a record of each stoma customisation must be completed;
 - (c) each record must include the information listed in paragraph (3);

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

- (d) each record must be retained for a minimum period of 12 months or such longer period as the Local Health Board may reasonably require;
 - (e) a copy of the record must be supplied to the patient or, if requested by the patient, to the prescriber or another health care professional; and
 - (f) unless prevented from doing so by illness or other reasonable cause, P or S must give at least 3 months' notice in writing to both the Local Health Board in advance of ceasing to provide any stoma appliance customisation services.
- (3) Each stoma customisation record must include—
- (a) details of advice given;
 - (b) the type of stoma appliance customised;
 - (c) dimensions used in respect of the modification of parts of the appliance;
 - (d) measurements of the patient (if taken);
 - (e) dimensions of any template made or modification of any existing template;
 - (f) any referrals made to the prescriber; and
 - (g) such other details as may be specified in the arrangements made with P or S.
- (4) Stoma customisation records may be in the form of an electronic record and may be stored electronically.

Appliance use review services for specified appliances

Establishing and maintaining appliance use review services for specified appliances

5.—(1) The underlying purpose of an appliance use review service ("AUR service") is, with a patient's agreement, to improve the patient's knowledge and use of any specified appliance by, in particular—

- (a) establishing the way the patient uses the specified appliance and the patient's experience of such use;
- (b) identifying, discussing and assisting in the resolution of poor or ineffective use of the specified appliance by the patient;
- (c) advising the patient on the safe and appropriate storage of the specified appliance; and
- (d) advising the patient on the safe and proper disposal of specified appliances that are used or unwanted,

and an AUR service may be provided either when a pharmacist or specialist nurse visits a patient at home or when a patient visits a pharmacy or visits the premises of a supplier of appliances.

(2) Each Local Health Board must make arrangements for the provision of AUR services for persons within or outside its area by any pharmacist ("P") or supplier of appliances ("S")—

- (a) who is on the Local Health Board's pharmaceutical list;

VIE

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

- (b) who supplies specified appliances in the normal course of business;
 - (c) who wishes to enter into the arrangements; and
 - (d) in relation to whom—
 - (i) Conditions 1, 2 and 3 are met, and
 - (ii) if services are to be provided at a pharmacy or at the premises of a supplier of appliances, Condition 4 is also met.
- (3) Condition 1 is that, before any arrangements are entered into, the Local Health Board have each been supplied with—
- (a) notice that P or S wishes to provide AUR services;
 - (b) a statement of whether or not P or S proposes to provide any services to patients at home; and
 - (c) unless services are to be provided solely during visits to a patient at home, a statement of each location at which services are to be provided.
- (4) Condition 2 is that, before any arrangements are entered into, the Local Health Board has also been supplied with the following information in relation to each pharmacist or specialist nurse who, as part of the AUR services to be provided by P or S, is to review the use of specified appliances—
- (a) full name;
 - (b) documentary evidence of qualifications; and
 - (c) details as to competency in respect of the use of specified appliances.
- (5) Condition 3 is that P or S—
- (a) is satisfactorily complying with P's obligations under Schedule 1 to the Pharmaceutical Services Regulations or S's obligations under Schedule 3 to those Regulations (as the case may be);
 - (b) has an acceptable system of clinical governance; and
 - (c) has procedures in place to ensure referral of a patient to the prescriber of the appliance in any case where a matter relating to a patient's use of a specified appliance arises in the course of an AUR service but falls outside the scope of the service.
- (6) Condition 4 is that, where any AUR services are to be provided at a pharmacy or at the premises of a supplier of appliances, there is a consultation area at the pharmacy or premises which—
- (a) is distinct from the general public areas;
 - (b) at all times when a pharmacist or specialist nurse is reviewing the use of specified appliances, is clearly designated as an area for confidential consultation;
 - (c) allows all persons taking part in the review to sit down together and talk at normal speaking volumes without being overheard by other visitors to, or staff at, the pharmacy or the premises; and
 - (d) having regard to the nature of specified appliances and the underlying purpose of AUR services, is suitable for a

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

consultation to determine how a patient uses an appliance and the extent of the patient's knowledge about it.

Requirements applying to appliance use review services

6.—(1) This direction has effect in relation to any arrangements with a pharmacist ("P") or supplier of appliances ("S") which are made pursuant to direction 5.

(2) The Local Health Board must ensure that the arrangements include such provision about—

- (a) the qualifications of persons who review a patient's use of specified appliances;
- (b) the delivery of each AUR service; and
- (c) the administration of AUR services,

as is set out in the following provisions of this direction.

(3) The provision referred to in paragraph (2)(a) is that—

- (a) only a pharmacist or specialist nurse is permitted to review the use of specified appliances; and
- (b) the Local Health Board must be sent the following information in relation to each pharmacist or specialist nurse who, as part of the AUR services provided by P or S, reviews the use of specified appliances—
 - (i) full name,
 - (ii) documentary evidence of education, training or experience in respect of the use of specified appliances, and
 - (iii) details as appropriate of relevant clinical training and practice in respect of the use of specified appliances.

(4) The provision referred to in paragraph (2)(b) is that—

- (a) where reasonably possible, an AUR service must be provided within 2 working days of the day on which a patient requests a review or agrees to one at the suggestion of P or S;
- (b) the pharmacist or specialist nurse who reviews the patient's use of a specified appliance must obtain the patient's prior written consent to receiving the service;
- (c) a record of each service must be completed;
- (d) each record must include—
 - (i) the date of the review of the patient's use of the specified appliance,
 - (ii) the name of the pharmacist or specialist nurse who carried out the review,
 - (iii) the name of the patient and the address at which the review took place,
 - (iv) the name of any other person present (and their relationship with the patient),
 - (v) the reason why a review is required,
 - (vi) the advice given to the patient, and

VIE

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

- (vii) any intervention made; and
 - (e) the patient must be informed in writing that the record will be kept and that information from it will be forwarded in accordance with paragraphs (5)(a) to (d).
- (5) The provision referred to in paragraph (2)(c) is that—
- (a) a copy of each record of an AUR service must be forwarded to P or S;
 - (b) if the patient is a registered patient, the information referred to in paragraph (4)(d)(i), (ii) and (iii) must be forwarded to any provider of primary medical services with which the patient is a registered patient;
 - (c) if the patient is a registered patient and the pharmacist or specialist nurse considers it necessary for the provider of primary medical services with which the patient is registered to be aware of other information from the record, all such information must be forwarded to that provider;
 - (d) any information forwarded to any provider of primary medical services under this paragraph must be copied to any nurse employed by a Local Health Board who is practising with the provider and providing relevant primary medical services to the patient, if it is known that there is such a nurse;
 - (e) each record must be retained for a minimum period of 12 months or for such longer period as the Local Health Board may reasonably require; and
 - (f) information about the number of AUR services provided in any financial year must be submitted in accordance with any arrangements for payment of which P or S is notified.
- (6) The record of an AUR service may be in the form of an electronic record and may be stored electronically.

Maximum number of appliance use review services eligible for payment

7. The maximum number of AUR services for which a pharmacist ("P") or a supplier of appliances (S") is eligible for payment in any financial year is not more than 1/35th of the aggregate number of specified appliances dispensed during that financial year by P or S (as the case may be).

Amendment of the 2005 Directions

8. In the 2005 Directions, for paragraph (1)(e) of direction 4 (enhanced services), substitute—

- “(e) a Home Delivery Service, the underlying purpose of which is for the pharmacist to deliver to the patient’s home—
- (i) drugs, and
 - (ii) appliances other than specified appliances within the meaning of regulation 2(1) of the Pharmaceutical Services Regulations;”.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)

Transitional provision

9.—(1) Paragraph (2) applies to any arrangements which were made between a Local Health Board and a pharmacist under direction 4(1)(c) of the 2005 Directions and which were in force immediately before 1 April 2010.

(2) In so far as the arrangements relate to home delivery by the pharmacist of any specified appliance, the arrangements may continue in force until—

- (a) the pharmacist enters into arrangements to provide appliance use review services in accordance with directions 5 and 6; or
- (b) if later, 31 December 2010.

Proflavine 0.1% cream	500	ml
Provera 100mg tablets	100	
Stugeron 15mg tablets	100	
Sudafed, Non-Drowsy 60mg tablets	100	
Trandate 100mg tablets	250	
Trandate 200mg tablets	250	

VII

DRUGS WITH COMMON PACK

This Page is Intentionally Blank

BASIC PRICES OF DRUGS**BASIC PRICE OF DRUGS
COVERED BY PART II CLAUSE 8A**

The price listed in respect of a drug specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part II Clause 6A for the dispensing of that drug

1. All drugs listed in this Part have a pack size and price which has been determined by the Secretary of State for Health as respects England and the Welsh Ministers as respects Wales.
2. Categories A, B, C, E and M of the drugs (appearing in Col.4) are as under:
 - 2.1 Category A - Drugs which are readily available. Endorsement of pack size is required if more than one pack size is listed. Broken Bulk may be claimed if necessary. The prices listed in this Part of the Drug Tariff are indicative of the prices determined by the Secretary of State for Health. The Secretary of State determines the prices for Category A drugs to be the weighted average of the prices listed by the following four manufacturers and suppliers; AAH, Alliance Healthcare (Distribution) Ltd, Teva UK and Actavis on or before the 8th of the month being reimbursed. In the weighted formula, AAH and Alliance Healthcare (Distribution) Ltd prices have a weighting of 2, the prices from the other suppliers have a weighting of one.
 - 2.2 Category B - Drugs whose usage has declined over time. The prices listed in this Part of the Drug Tariff are indicative of the prices determined by the Secretary of State for Health. The Secretary of State determines the prices for Category B drugs to be the prices listed by the following manufacturers, or as the case may be suppliers - Alliance Healthcare (Distribution) Ltd, AAH, UCB Pharma, Thornton & Ross on or before the 8th of the month being reimbursed. The price lists are considered in the order listed and the first price list with a price listed for the product is the price list used for that product. No endorsement is required other than a claim for Broken Bulk if necessary.
 - 2.3 Category C - Drugs which are not readily available as a generic, where the price is based on a particular proprietary product, manufacturer or as the case may be supplier. Endorsement of pack size is required if more than one pack is listed. Broken Bulk may be claimed if necessary. Where the price of the product is based upon a non-proprietary product the price listed in this Part of the Drug Tariff is indicative of the price determined and in this case the Secretary of State determines the price to be the price listed by the manufacturer or as the case may be supplier on or before the 8th of the month being reimbursed.
 - 2.4 Category E - Extemporaneously prepared items are made up of two or more products listed elsewhere in Part VIII. The Secretary of State determines the price listed in this Part of the Drug Tariff by totalling the price of the two or more products present in the extemporaneously prepared item. Where one or more of the products in the extemporaneously prepared item is a non-proprietary product, the price listed in this Part of the Drug Tariff will be indicative of the price determined by the Secretary of State for Health. In this case the Secretary of State determines the price as being the total of the two or more products present in the extemporaneously prepared item, using for non proprietary products the price listed by the manufacturer or as the case may be supplier on or before the 8th of the month being reimbursed.

No endorsement is required, as products in Category E automatically attract the relevant extemporaneous dispensing additional fee listed under Part IIIA 2A (page 19). Broken Bulk is not allowed, but may be paid on the ingredients.
 - 2.5 Category M - Drugs which are readily available. The Secretary of State determines the price based on information submitted by manufacturers. Endorsement of pack size is required if more than one pack size is listed. Broken Bulk may be claimed if necessary.
3. Recommended International Non-proprietary Names

With effect from 1 December 2003 drugs will be listed in this Part by their recommended International Non-proprietary Name (rINN), with the exception of Adrenaline and Noradrenaline (which will be listed by their BAN). Where such products are ordered by the former BAN, reimbursement will be made whether the manufacturer of those products is using the former BAN or the rINN to name them. Where prices are calculated for Category A products such prices will be included in the calculation whether they are listed by suppliers as a former BAN or as a rINN.

BASIC PRICES OF DRUGS

-
4. NHS dictionary of medicines and devices (NHS dm+d)
 The drugs listed in this Part will reflect the naming convention used in the NHS dictionary of medicines and devices. Where such products are ordered by another naming convention, reimbursement will be made using the Part VIII dm+d naming convention. Where prices are calculated for Category A products such prices will be included in the calculation whether they are listed by suppliers using the NHS dm+d naming convention or as other naming conventions. Products are displayed as Name, strength, modification (when present), presentation and 'freeness' (when present e.g. sugar free, gluten free).
 E.g. Aciclovir 400mg/5ml oral suspension sugar free.
 A salt will only be displayed if more than one clinically significant salt exists in that presentation.
 E.g. Calcium carbonate and Calcium gluconate.
 Please note that the NHS dm+d uses the European Directorate for the Quality of Medicines & Healthcare (EDQM) List of Standard Terms e.g. gastro-resistant is used to describe enteric coated.
5. Symbols
 The following symbols are used in Part VIII
- | | |
|---|-------------------------------|
| ◆ | Calendar Pack |
| ■ | Special Container |
| ● | Item requiring reconstitution |
| ★ | Common pack |
| § | Selected List Scheme (SLS) |
6. Methylated Spirit
 Industrial Methylated Spirit should be supplied or used and payment will be calculated accordingly, where:
- 6.1 "Methylated Spirit", "Spirit", "Spt. Vini. Meth.", "SVM", "IMS", is ordered alone or as an ingredient of a preparation for external use, or
- 6.2 A liniment, lotion, etc., in the preparation of which Methylated Spirit is permitted, is ordered and the prescriber has not indicated to the contrary.
7. Rectified Spirit
- 7.1 Where Alcohol (96%), or Rectified Spirit (Ethanol 90%), or any other of the dilute Ethanol is prescribed alone or as an ingredient in a medicament for external application, payment will be made for supply of Industrial Methylated Spirit unless the prescriber has indicated that no alternative may be used.
- 7.2 Where Alcohol (96%), or Rectified Spirit (Ethanol 90%), or any other of the dilute Ethanol is prescribed as an ingredient of a medicine for internal use, the price of the duty paid to Customs and Excise will be allowed, unless the contractor endorses the prescription form "rebate claimed".
8. Purified Water (Exclusive of ordinary potable water)
 Payment for Purified Water will be made:
- 8.1 where it is ordered;
- 8.2 where the water is included in any preparation intended for application to the eye;
- 8.3 where, in the opinion of the pharmacist the use of ordinary potable water in a particular preparation would result in an undesirable change in the medicament prescribed and he endorses the prescription form accordingly;
- 8.4 where the PCT for England and LHB for Wales, after consultation with the Local Medical Committee and Local Pharmaceutical Committee, has decided with the approval of the Secretary of State for Health as respects England and the Welsh Ministers as respects Wales that the water ordinarily available is unsuitable for dispensing purposes, and has notified the contractor accordingly.
- When Purified Water is used instead of potable water, it should be freshly boiled and cooled.
9. A "Bulk" prescription is an order for two or more patients, bearing the name of a school or institution in which at least 20 persons normally reside, for the treatment of at least 10 of whom a particular doctor is responsible. Such a prescription must be an order for a drug which is prescribable under the NHS and which is not designated a "Prescription Only Medicine" (POM) under Section 58(1) of the Medicines Act 1968, or for a prescribable dressing which does not contain a product which is designated POM.

This Page is Intentionally Blank

APPLIANCES (APPROVED LIST OF APPLIANCES - NOTES)

APPROVED LIST OF APPLIANCES
See Part II, Clause 8A (page 6)

The price listed in respect of an appliance specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part II, Clause 6 in respect of the dispensing of appliances.

NOTES

1. **Definition** - The appliances that may be supplied against orders on Forms FP10 are listed below and must conform with the specifications shown. See Part 1, Clause 2 (page 3). These specifications include published official standards ie BP, BPC or relevant British, European or International Standards or the Drug Tariff Technical Specification. It should be emphasized that any appliance must conform with the entry in this part of the Tariff as well as the official standard or technical specification quoted therein. Other dressings and appliances which may be necessary will normally be provided through the Hospital Services.
2. **Sealed Packets** - These are those which are "tamper-evident" - sealed with an easily detachable device that prevents removal of the contents without the seal being broken. Additionally in the case of sterile products: once a sealed package has been opened it should not be possible to re-seal it easily. Where an appliance, other than a bandage, required by the Tariff to be supplied in a sealed packet is ordered of a quantity or weight not listed in the Tariff, the quantity ordered should be made up as nearly as possible with the smallest numbers of sealed packets available for the purpose. Where the quantity ordered is less than the smallest quantity/weight, supply the smallest pack. The quantity of material in each packet supplied should be recorded on the prescription form.
3. **Quality Systems** - Non CE marked sterile products shall be manufactured in accordance with the requirements and guidance given in the Department of Health "Quality Systems for Sterile Medical Devices and Surgical Products - Good Manufacturing Practice" (HMSO, ISBN0-11-321341-7), which is the basis of the DH Manufacturer Registration Scheme (MRS) for such products.

 Details of this scheme may be obtained from the MRS Registration Officer, Medicines and Health products Regulatory Agency, Hannibal House, Elephant & Castle, London SE1 6TQ.

 Manufacturers who have received approval to CE mark their sterile products have demonstrated that these meet the essential requirements of the Medical Devices Regulations 2002, which incorporate quality system requirements.
4. **Weights** - All weights specified in the Tariff in respect of appliances are exclusive of wrappings and packing material.
5. **Invoice price** - This is the price chargeable for the appliance to the contractor by the manufacturer, wholesaler or supplier.
6. **Technical Specifications** - Numbered Technical Specifications for the items in Part IXA/B/C were published separately in 1981 in loose leaf volume and a revised list was published in 1983. The Specifications will not be reprinted annually but individual specifications will be introduced, amended and reprinted, or withdrawn, as necessary. A list of Technical Specifications is given on page 156. CE marked Devices have shown that they meet the essential requirements of the Medical Devices Regulations 2002 and there is no further need for them to demonstrate compliance with other specifications, such as those referred to above.
7. **Nurse Prescribing** - See Part XVIIIB for details of Nurse Prescribing.

BANDAGES		
1. The term "bandage" used in a prescription form without qualification is to be interpreted to mean an Open-Wove Bandage, Type 1 BP 5cm x 5m. All bandages supplied are to be of the lengths and widths specified in the Tariff. Where a bandage longer than those specified in the Tariff is ordered, the number of bandages which will, in total, provide the length nearest to that ordered should be supplied. Where a bandage in a width other than those specified is ordered, the next wider specified width should be supplied.		
2. All bandages to be supplied completely wrapped as received from the manufacturer or wholesaler. Elastic Adhesive Bandages and Plaster of Paris Bandages to be supplied sealed in containers as received from the manufacturer or wholesaler. Except where otherwise stated all bandages possessing elasticity to be not less than 4.5m in length when fully stretched.

APPLIANCES

CATHETERS, URINARY, URETHRAL

- Catheter sizes are designated by the Charrière (Ch) gauge system - even numbers only. (The equivalent metric sizes for Charrière gauges 6-30 are 2.0mm-10.0mm, rising in 0.66mm). Where size is not stated by the prescriber, size 14 or 16 should be supplied.
- If a balloon size is not stated by the prescriber when ordering a Foley catheter, a 10ml balloon catheter should be supplied - a 5ml balloon in the case of a paediatric catheter.
- Where the brand is not stated by the prescriber, the basic price of each listed catheter Basic Price p supplied must not exceed:

Nélaton (Male)	41
Nélaton (Female)	38
Nélaton (Paediatric)	38
Foley (Male)	210
Foley (Female)	210
Foley (Paediatric)	415 △
- 5-units of plastic catheters, for example, represents on average one month's supply for patients practising intermittent catheterisation.
- For names and addresses of suppliers see pages 310-311
- The rate of use of single use Nélaton catheters is approximately between 6 and 45 times greater than reusable Nélaton catheters for patients practising intermittent catheterisation.

All products in this category receive a home delivery fee of 340p unless marked with the symbol ♡. Products marked with this symbol receive a fee of 930p.

All products in this category must be dispensed with a supply of wipes and disposal bags.

DRESSINGS		
WOUND MANAGEMENT DRESSINGS		
Hydrocolloid Dressing - Semi-permeable - Sterile - With Adhesive Border		
Indications: Light to medium exudating wounds.		
Precautions: Not suitable for infected wounds. Heavy exudate leads to too frequent changes of dressing.		
Dressing should seal round the borders of a wound.		
Sterile one-piece pack:		
<i>Comfeel Plus Contour Dressing</i>		
These dressings are contoured to facilitate application to difficult areas, such as elbows and heels.		
6cm x 8cm	(wound contact pad 6cm x 8cm + irregular border)	208

ELASTIC HOSIERY		
Graduated Compression Hosiery		
Specification 40		
Explanation of Garments		
<i>N.B. The "Class" can be expressed either with roman or arabic numerals.</i>		
Class I	Light (Mild) Support	
	Compression at ankle 14mm Hg - 17mm Hg	
Indications	- Superficial or early Varices. Varicosis during pregnancy.	
Styles	- High length or below knee with knitted in heel (reciprocated).	
Class II	Medium (Moderate) Support	
	Compression at ankle 18mm Hg - 24mm Hg	
Indications	- Varices of medium severity	
	- Ulcer Treatment and prevention of recurrence. Mild oedema	
	- Varicosis during pregnancy	
	- Anklets and kneecaps: for soft tissue support	
Styles	- High length or below knee with knitted in heel (reciprocated)	
Class III	Strong support	
	Compression at ankle 25mm Hg - 35mm Hg	
Indications	- Gross varices	
	- Post Thrombotic Venous Insufficiency	
	- Gross Oedema	
	- Ulcer Treatment and prevention of recurrence	
	- Anklets and kneecaps: for soft tissue support	
Styles	- High length or below knee open or knitted in heel (reciprocated)	
General Notes		
Prescribing		
Before the prescription can be dispensed the following details must be given by the prescriber.		
1. Quantity - single or pair		
2. Article including any accessories (see pages 221-222 for knit, style and price)		
3. Compression Class I, II or III		
Constructional Specification		
The complete structural specification, as well as performance requirements are contained in Drug Tariff Specification No. 40.		
Specially Made Garments		
1. In cases where stock sizes are not suitable for patients owing to irregular limb dimensions, surgical stockings in the prescribed compression class, to be made to the patient's individual measurements, should be specified.		
2. All such garments are specially shaped during manufacture and may have a knitted in or open heel and open or knitted in toe.		
Sizing		
All articles must conform to BS 6612:1985 with regard to size designation.		

APPLIANCES

ELASTIC HOSIERY

Labelling

All articles must state clearly on the packaging that they conform with Drug Tariff Technical Specification No 40. The packaging should also provide clear washing instructions in conformity with handwashing at 40°C as defined in BS 2747 and washing instructions should be durably and clearly marked on each garment. The packaging should clearly define the garments percentage and fibre content.

DESCRIPTION OF ARTICLES AVAILABLE

Compression Class (See page 221)	Type of Garment		Standard Stock Sized Garments	* Made-to- Measure Garments
	Knit	Style	Price per pair in pence	Price per pair in pence

PEAK FLOW METERS

syn: P.F.M.

(Non-powered; hand-held)

Portable meters intended for single-patient use.

The standard range is suitable for use by both adults and children.

The low range model is for adults or children with severely restricted airflow.

The Peak Flow Meters standard range will conform to the ISO standard EN ISO 23747:2007.

The Peak Flow Meters low range will be CE marked and comply with EN ISO 23747:2007 in all aspects except for a reduced measurement range.

NB:

One 5m length of the relevant width is sufficient to provide two sets of dressing for a pair of limbs or a trunk.

Two full suits for an OS adult are provided from one pack each of the 7.5cm, 10cm and 25cm widths.

Two full suits for a standard sized adult are provided from one pack each of the 5cm, 7.5cm and 20cm widths.

Two full suits for a young child are provided from one pack each of the 5cm and 15cm widths.

SUPRAPUBIC BELTS: Replacements Only

Invoice Price
(see note 5) (page 155)

N.B Original Belts are supplied by the Hospital Service.

Prescription ordering replacement of a complete Belt or Outfit may only be accepted by a pharmacy or appliance contractor who will carry out the actual measurement, fitting and supply of the belt.

Orders for replacement of "a belt" are to be taken as being for the belt alone and the prescription referred back to the prescriber to specify orders for a Complete Belt or Outfit where such appears to be required.

Parts may include the following:

Rubber Flaps

Rubber Shields

Rubber Understraps

Rubber Urinal, single or double-chambered (See Incontinence Appliances)

Belt Webbing

Night Drainage Bag, Plastics (See Incontinence Appliances)

Night Tube and Glass or Plastics Connector

SWABS (see note * below on sterile swabs)		
<i>N.B. The exact number of single swabs ordered by the prescriber is to be dispensed. (see also Note (ii) below)</i>		
Gauze Swabs		
Gauze Swab Type 13 Light BP 1988, Sterile*	7.5cm sq	pkt 38
Sterile swabs of folded 8-ply undyed gauze	5 pads per pkt	
Gauze Swab Type 13 Light BP 1988, Non Sterile	10cm sq	134
Swabs of folded 8-ply undyed gauze	100 pads per pkt	
Filmated Gauze Swab BP 1988 Non Sterile	10cm sq	360
A thin layer of absorbent cotton enclosed within Absorbent Cotton Gauze Type 13 Light BP 1988 8-ply	100 pads per pkt	
Non-Woven Fabric Swabs		
The labelling of each pack shall include: The Title "Drug Tariff Specification" and number		
Non-Woven Fabric Swab, Sterile*	7.5cm sq	25
Specification 28	5 pads per pkt	
Sterile swabs of folded 4-ply non-woven fabric. These swabs are an alternative to gauze swabs, Type 13 Light BP 1988 sterile.		
Non-Woven Fabric Swab, Non Sterile	10cm sq	78
Specification 28	100 pads per pkt	
Swabs of folded 4-ply non woven fabric. These swabs are an alternative to gauze swabs, Type 13 Light BP 1988, for general and cleansing purposes.		
Filmated Non-Woven Fabric Swab Non-Sterile	10cm sq	360
(Regal)	100 pads per pkt	
Specification 29		
Swabs of folded 8-ply non-woven viscose fabric containing a film of viscose fibres to increase absorbency. These swabs are an alternative to Filmated Gauze Swabs BP 1988 for general swabbing and cleansing purposes.		
*Notes: Sterile Swabs		
(i) These sterile dressings are to be supplied in packs of 5 swabs 7.5cm square in a sealed packs as received from the manufacturer, supplier or wholesaler. They should not be confused with the non-sterile 10cm size in packets of 100 swabs used for general swabbing purposes.		
(ii) The exact number of sterile swabs ordered are to be supplied except for orders not in multiples of 5 (See Note 2 page 155). A packet to be used for each sterile dressing operation; unused swabs to be discarded as unsterile.

INCONTINENCE APPLIANCES**INCONTINENCE APPLIANCES**

1. Prescribers and suppliers should note that products not included in the list are not prescribable (See Part 1 Clause 2). Attention is drawn particularly to the information on the average life-in-use of each type of product which, together with the pack size, should enable prescribers to calculate their patients' requirements with reasonable accuracy.
2. Only basic information on each product has been provided and prescribers may on occasions wish to seek further information about certain products eg when assessing a patient for the first time. If so, this is always available from the manufacturers (addresses and telephone numbers are given at the end of the entry). Information may also be sought from community nurses and community pharmacists. Where possible manufacturers/suppliers' order code numbers have been shown but prescribers should note that the order numbers shown are not necessarily the full codes for the appliances they wish to order. This is particularly true of urinal systems where additional code numbers are usually necessary to denote variations from the basic design and individual sizes.
3. Prescribers are reminded that incontinence pads (including products not necessarily described as such but using the absorption principle), incontinence garments, skin wipes and occlusive devices such as female vaginal devices and male penile clamps are not prescribable under the Drug Tariff provisions.

All products in Part IXB receive a home delivery fee of 340p.

INCONTINENCE APPLIANCES

INCONTINENCE SHEATHS

The incontinence sheaths (also known as penile sheaths and external catheters) listed below, are, except where indicated, of the soft, flexible, latex type. Sheaths are available with and without fixing devices which may be applied externally (around the outside of the sheath) or internally (around the penis between the skin and the sheath). A list of fixing devices and other adhesion products is included in 'Incontinence Sheath Fixing Strips & Adhesives'.

Note: Each Sheath may be left in place for 1 to 3 days between changes.

The following symbols are used in this section

- ⊗ Non-adhesive sheath without liner
- ⊙ Sheath with self-adhesive liner

INCONTINENCE APPLIANCES

LEG BAGS

The leg bags listed are suitable for collection of urine from indwelling catheters or incontinence sheaths. They are intended for daytime use although the larger bags may have adequate capacity for overnight use by some patients. The bags may be worn in different positions on the leg and the intended position (eg thigh, knee or calf) will determine the length of the inlet tube. The bags are attached to the leg by means of straps (included with each pack) which are generally either latex or foam with velcro fasteners.

Note: Plastic leg bags identified in the list with an asterisk* may on average be used for 5-7 days. With proper care and cleansing rubber leg bags are re-usable for 4-6 months.

Symbols used in this section

S These leg bags are supplied sterile. This does not affect the guidance given in the note at the beginning.

* Plastics

W Due to the size and weight of these bags when full, this capacity of bag should be prescribed only for wheelchair-bound patients.

All products in this category must be dispensed with a supply of wipes and disposal bags.

INCONTINENCE APPLIANCES

NIGHT DRAINAGE BAGS

These bags are suitable for night-time use for the collection of urine from indwelling catheters or incontinence sheaths. They are generally used in conjunction with a bag hanger which, being a nursing aid, is not prescribable. Supply arrangements for bag hangers tend to vary throughout the country but they are normally supplied through the community nursing service.

Note: The drainage bags listed below except non-drainable bags, have a life-in-use of, on average 5-7 days.

Symbols used in this section

- # Non-drainable bags
- S These Night Drainage Bags are supplied sterile
- Single Use Only
- * Plastics

All products in this category must be dispensed with a supply of wipes and disposal bags.

INCONTINENCE APPLIANCES

SUSPENSORY SYSTEMS

These appliances should not be confused with leg bag garments which are not prescribable. Each system comprises a drainage bag with its means of support.

Note: The bags may be used for 5-7 days, sometimes longer, but the support systems will have a much longer life.

Products marked with the symbol ■ in this category must be dispensed with a supply of wipes and disposal bags.

URINAL SYSTEMS

The devices listed below are specialist appliances which comprise several components and need to be correctly fitted by someone competent to do so. Generally patients should have 2 appliances, one to wear and one to wash.

Note: In general the individual components can be prescribed separately for replacement purposes. With proper care and cleansing, each appliance should last for 6 months.

Products marked with the following symbol ■ in this category must be dispensed with a supply of wipes and disposal bags.

STOMA APPLIANCES

STOMA APPLIANCES
(Colostomy, Ileostomy, Urostomy)

1. Prescribers and suppliers should note that products not included in the list are not prescribable (See Part I Clause 2).
2. Where the information is available, the "**Reference Capacity**" of a stoma bag will be given. This is intended to give a guide of comparison between different bag sizes, but *should not be taken to indicate actual usable capacity*. "Reference Capacity" shall be measured according to BS 7127:Part 101:1991, Appendix M, with the level of water set at the lower edge of the opening of wafer or flange.
3. Only basic information has been provided and prescribers may on occasions wish to seek further information about certain products eg when assessing a patient for the first time. If so this is always available from the manufacturers (addresses and telephone numbers are given at the end of the entry). Information may also be sought from stoma nurses and community pharmacists.
4. Where the prescriber has not specified the type of appliance or part thereof or accessory, the pharmacy or appliance contractor must endorse the prescription form stating the type supplied and submit the invoice if requested by the NHSBSA, NHS Prescription Services.

All products in IXC receive a home delivery fee of 340p.

CHEMICAL REAGENTS

APPROVED LIST OF CHEMICAL REAGENTS

The only chemical reagents which may be supplied as part of the pharmaceutical services are those listed in Part IXR of the Tariff.

The price listed in respect of a chemical reagent specified in the following list is the basic price on which payment will be calculated pursuant to Part II, Clause 6A for the dispensing of that chemical reagent.

The Notes to Part IX shall also apply to Part IXR when 'chemical reagent(s)' shall be substituted for 'appliance(s)'. All quantities within this section are those of the manufacturer's original pack and are special containers (see Drug Tariff Part II, Clause 10B)

Chemical Reagent	Quantity	Basic Price P

HOME OXYGEN THERAPY SERVICE

1. HOME OXYGEN

1.1 Clinical best practice guidelines advise that oxygen therapy should be provided for patients in the home only after careful evaluation and never on a placebo basis. Oxygen may be supplied depending on the type of therapy required by a patient - for example, short burst (or intermittent) or long term therapy. The British Thoracic Society has issued updated clinical best practice guidelines for the assessment and provision of oxygen therapy. See the BTS website at www.brit-thoracic.org.uk

1.2 Extracts from the guidelines are included below.

Home Oxygen Service Arrangements from 1 February 2006

1.3 On 7 June 2005, the Department of Health and the Welsh Assembly Government announced the award of contracts to four companies for the delivery of an integrated (cylinder, concentrator, liquid) home oxygen service in England and Wales, which starts on **1 February 2006**. These four companies will meet all home oxygen needs in 10 oxygen service regions in England and one in Wales. Contact details for each supplier providing the service in each oxygen service region in England and in Wales are included at section 9. There is a free phone arrangement.

Home Oxygen Order Form (HOOF)

1.4 The supplier will provide the home oxygen service ordered by clinical staff on a Home Oxygen Order Form (HOOF) - **not Form FP10 or WP10 in Wales**. This form can be obtained by downloading it from

www.primarycarecontracting.nhs.uk or

<http://howis.wales.nhs.uk/sites3/docopen.cfm?orgid=521&ID=60627>

or supplies of printed forms are available from local NHS stores.

Ordering Home Oxygen Services

1.5 From 1 February 2006, other registered health care professionals, as well as GPs, may order home oxygen services for delivery direct to patients at home. Clinical staff should indicate the service(s) required on the form, together with details of the patient's oxygen flow rate and hours of use. Where a patient is awaiting referral for clinical assessment, advice is that a flow rate of 2l/min might be specified when ordering home oxygen. On assessment, the clinical specialist team will determine whether a patient's flow rate and hours of use require adjustment.

1.6 Services that may be ordered include:

- Emergency Oxygen Therapy
- Short Burst Oxygen Therapy
- Long Term Oxygen Therapy
- Ambulatory Oxygen Therapy

1.7 The supplier will provide the equipment that best meets the clinical needs of the patient as indicated on the HOOF. The supplier is also responsible for arrangements for the payment of patient's electricity costs associated with use of equipment supplied.

1.8 Clinicians should order a **service** (as above) and are not required to specify the provision of certain oxygen equipment. However, clinical staff may wish to discuss with the supplier, as appropriate, where it is felt that a patient has particular needs (for example, where a patient has a disability and uses a wheelchair or in relation to the special needs of a child or infant requiring home oxygen therapy). The supplier will need to be aware of these needs when deciding which equipment to supply to an individual patient. Clinical staff may also include details of any particular patient need on the HOOF.

1.9 These services, including advice to clinical staff, patients and their carers on the use of oxygen equipment supplied, are available on a 24 hour, 7 day a week basis. There is a free phone arrangement.

HOME OXYGEN THERAPY SERVICE

- 1.10 Details of the service specification, including requirements to support the discharge of patients from hospital and the response times for the delivery of each service, are available on the websites listed at paragraph 1.4.
- 2. EMERGENCY HOME OXYGEN SERVICE**
- 2.1 Where a clinician decides that a patient requires oxygen at home as soon as possible, the supplier may be requested to deliver this to the patient's home within four hours. Home oxygen may be ordered on an emergency basis for a minimum period of three days. This period should allow clinicians sufficient time to review a patient's needs and to place an order for another oxygen therapy service (for example, short burst oxygen where there is intermittent need for oxygen).
- 2.2 An order for emergency oxygen will continue to be met on this basis until the supplier receives a revised order for another oxygen therapy service from a clinician. If a revised order is not received after the initial three day period has elapsed, the supplier will continue to provide oxygen on an emergency basis for a subsequent three day period and the per diem cost for this three day service will continue to apply.
- 2.3 It is inappropriate to order home oxygen on an emergency basis where a patient or carer has forgotten to order supplies - particularly if the patient has access to a back up cylinder to meet his/her immediate needs. Each oxygen service supplier operates a 24 hour, 7 day a week helpline and patients and carers may be directed to their local free phone service.
- 3. SHORT BURST THERAPY (INTERMITTENT THERAPY)**
- 3.1 Short burst oxygen therapy refers to the intermittent use of supplemental oxygen at home usually for periods of about 10 to 20 minutes at a time to relieve dyspnoea. Traditionally, short burst oxygen therapy is used
- for pre-oxygenation before exercise
 - for breathlessness during recovery from exercise
 - for control of breathlessness at rest
 - in palliative care
 - after an exacerbation of Chronic Obstructive Pulmonary Disease (COPD) to bridge the time to full long term oxygen therapy (LTOT) assessment.
- 3.2 The British Thoracic Society (BTS) clinical guidelines recognise that further research is needed to support firm recommendations in relation to short burst oxygen therapy but advise that, where episodic breathlessness is not relieved by other treatments, short burst oxygen therapy should be considered for patients with the following conditions:
- severe COPD
 - interstitial lung disease
 - heart failure
 - palliative care
- 3.3 Whilst the guidelines recognise that there is no specific methodology to support the clinical assessment of short burst oxygen therapy, it is recommended that other causes of breathlessness may need to be excluded or, as appropriate, the patient may need to be assessed for long term oxygen therapy (LTOT). In addition, the guidelines recommend that short burst oxygen therapy should only continue to be ordered for a patient where an improvement in breathlessness and/or exercise tolerance can be documented.

HOME OXYGEN THERAPY SERVICE

4. LONG TERM OXYGEN THERAPY (LTOT)

- 4.1 Long term oxygen therapy is the provision of oxygen for a prolonged period of usually 15 hours or more a day (including at night). Once started, LTOT is likely to be life long.
- 4.2 The British Thoracic Society clinical guidelines draw attention to patients with the following conditions who may benefit from the provision of LTOT:
- Chronic obstructive pulmonary disease
 - Severe chronic asthma
 - Interstitial lung disease
 - Cystic fibrosis
 - Bronchiectasis
 - Pulmonary vascular disease
 - Primary pulmonary hypertension
 - Pulmonary malignancy
 - Chronic heart failure
- 4.3 The guidelines suggest that patients for whom there is clear evidence of the value of LTOT will be those with chronic obstructive airways disease, chronic hypoxaemia and oedema. The guidelines recommend that respiratory care specialist staff, with access to respiratory function services, should assess all these patients.
- 4.4 The BTS guidelines also draw attention to the benefit of LTOT for other groups of patients. For example, the provision of home oxygen therapy for palliation of dyspnoea in pulmonary malignancy and other causes of disabling dyspnoea due to terminal disease.

5. AMBULATORY OXYGEN

- 5.1 Ambulatory oxygen refers to the provision of oxygen therapy during exercise and activities of daily living. Ambulatory oxygen therapy may be ordered for patients on LTOT who are mobile and need to or can leave the home on a regular basis. The BTS clinical guidelines indicate that ambulatory oxygen therapy might be considered for patients with the following conditions
- Chronic obstructive pulmonary disease
 - Severe chronic asthma
 - Interstitial lung disease
 - Cystic fibrosis
 - Pulmonary vascular disease
 - Primary pulmonary hypertension

The guidelines do not recommend ambulatory oxygen therapy for patients with chronic lung disease and mild hypoxaemia (not on LTOT) and no exercise desaturation. It is also not recommended for patients with chronic heart failure.

- 5.2 **In accordance with good clinical practice, ambulatory oxygen should only be ordered after appropriate assessment by a respiratory care specialist.**

6. CHANGES TO A PATIENT'S REQUIREMENTS**A Patient's Oxygen Needs**

- 6.1 If for any reason, a clinician wishes to alter the patient's regime, he will need to inform the patient and complete a new order for home oxygen and send this to the supplier. The supplier will make the necessary arrangements to adjust or provide new equipment, as appropriate. **The supplier will not be able to make these changes until a revised order for home oxygen has been received.**

Holiday Arrangements and Attendance at School or Workplace

- 6.2 A clinician may also wish to make arrangements for a secondary order for oxygen therapy - that is, for delivery to a location other than the patient's home. For example, where a patient remains able to attend school or the workplace or where a patient wishes to go on holiday within England and Wales

HOME OXYGEN THERAPY SERVICE

- 6.3 In these circumstances, the clinician will need to complete a secondary order, providing details of the address for delivery of the equipment. In the case of holidays, details should be given for the period in which this equipment is needed. The supplier will make the necessary arrangements to install and remove this equipment, subject to prior agreement by those concerned (for example, school, employer, hotel etc).
- 6.4 The supplier is **not** responsible or required to secure agreement to provide home oxygen equipment in a location other than a patient's home. This will need to be obtained by the patient or patient's family in relation to holiday accommodation or the patient's workplace. Agreement to the provision of oxygen equipment in schools may be arranged through the School Health Service. **The supplier will be unable to provide oxygen equipment in a location other than the patient's home unless prior agreement has been obtained.**
- 6.5 Current arrangements for the provision of oxygen therapy to patients at home will continue in Scotland - that is, pharmacy contractors providing a cylinder service and the concentrator service delivered under contract with a separate supplier. PCTs for England/LHBs in Wales will be advised as to arrangements for patients wishing to visit Scotland - for example, for holidays or to stay with friends or relatives.
- 6.6 The arrangements set out in paragraph 6.3 do not apply to patients wishing to take holidays outside the UK. In these circumstances, patients should seek advice on reciprocal arrangements for health care between the United Kingdom and other countries (this is available in a Department of Health leaflet and on the Department of Health website - www.dh.gov.uk). Patients may also wish to discuss any private arrangements for the provision of oxygen supplies that may be available from their local oxygen service supplier.

Patient's Use of Oxygen

- 6.7 It is for clinical staff to counsel patients on the need for oxygen therapy and the regime to be followed to achieve the benefits. The supplier will provide equipment to deliver the required flow rate and hours of use specified on the HOOF. However, if a patient or carer continues to adjust equipment to change the flow rate, the supplier will inform the clinician so that the patient can be advised further as to flow rate or for review of oxygen therapy needs. **The supplier cannot change the flow rate specified by a clinician.** If a clinician is concerned that a patient may persist with over use of oxygen, he may wish to put in place monitoring arrangements and discuss these with the supplier, as necessary.

Withdrawal of Home Oxygen Service

- 6.8 The supplier is contracted to provide the service ordered until he is informed otherwise and, thus, will continue to make a charge for the service until notified that it should be withdrawn. Therefore, it is essential that the supplier is informed as soon as possible where oxygen therapy is no longer required by a patient - for example, due to the death of a patient or, following assessment or review of a patient's needs, that the patient no longer requires oxygen therapy.

Death of a Patient

- 6.9 Where a patient receiving home oxygen therapy dies, his GP practice or a member of the clinical specialist team treating the patient, as appropriate, should advise the relevant PCT for England, LHB for Wales, so that arrangements can be made for withdrawal of this service by the PCT for England, LHB for Wales.

Where a Patient discontinues oxygen therapy

- 6.10 Where, following review of need, home oxygen therapy is no longer required by a patient, his GP practice or a member of the clinical specialist team treating the patient, as appropriate, should advise the relevant PCT for England, LHB for Wales, so that arrangements can be made for withdrawal of this service by the PCT for England, LHB for Wales.

HOME OXYGEN THERAPY SERVICE

Removal of Oxygen Equipment from a Patient's Home

- 6.11 A supplier may be requested to remove equipment from a patient's home by
- 6.11.1 the patient's GP practice or a member of the clinical specialist team treating the patient or
 - 6.11.2 a person authorised by the relevant PCT for England, LHB for Wales or
 - 6.11.3 a patient or patient's relative or carer. Where a patient, a patient's relative or carer requests removal of equipment, the supplier is required to inform the clinician who has ordered the service and the relevant PCT for England, LHB for Wales immediately of the details and date of receipt of the request.
- 6.12 The PCT for England, LHB for Wales should inform the Pricing Authority of withdrawal of the service where
- 6.12.1 a GP practice or a member of a specialist team has informed the PCT for England, LHB for Wales that a patient has died or has discontinued oxygen therapy and/or where the GP practice or member of the specialist team has informed the PCT for England, LHB for Wales that the supplier has been requested to remove equipment from the patient's home or
 - 6.12.2 the supplier has informed the PCT for England, LHB for Wales that he has received a request from the patient, the patient's relative or carer to remove equipment from the patient's home or
 - 6.12.3 where a person authorised by the PCT for England, LHB for Wales has requested the supplier to remove equipment from the patient's home.
- 6.13 When informing the Pricing Authority of the withdrawal of the service, the PCT for England, LHB for Wales, should include the date of any request to the supplier to remove equipment from a patient's home.
- 6.14 The supplier is required to remove the equipment within 14 days of receiving a request for removal.

7. CLAIMS FOR PAYMENT

- 7.1 Each oxygen service supplier listed at section 9 will be able to access the Pricing Authority website and submit oxygen payment claims at any time within the first 10 calendar days of the month following that in which the home oxygen service has been provided.
- 7.2 In Wales, claims should be submitted to the relevant LHB or the LHB's nominated representative body.

8. TRANSITIONAL ARRANGEMENTS FOR THE PAYMENT OF CONTRACTORS CONTINUING TO PROVIDE AN OXYGEN SERVICE BETWEEN 1 FEBRUARY 2006 AND 31 MARCH 2007

- 8.1 From 1 February 2006, the suppliers listed at section 9 will provide home oxygen to all patients for whom a clinician orders an oxygen therapy service for the first time on or after this date.
- 8.2 However, the following transitional arrangements will operate for the payment of claims by contractors continuing to provide a home oxygen service to existing patients who, at 1 February 2006, are awaiting transfer to a new supplier. These arrangements will continue until 31 March 2007.

Claims made by a current concentrator service supplier for the supply of this service to existing patients between 1 February 2006 and the date of a patient's transfer to the new supplier

- 8.3 Where a current concentrator service supplier continues to provide this service to a patient after 1 February 2006 to a date agreed with the patient and the new supplier for transfer to the new supplier, as now the appropriate claims form should continue to be sent to the Pricing Authority not later than the fifth day of the month following that in which the supply was made.
- 8.4 Payment for supply of an oxygen concentrator service to existing patients during this transitional period will continue at the same contract rates in place prior to 1 February 2006.

HOME OXYGEN THERAPY SERVICE

- 8.5 Current concentrator service suppliers are required to inform the Pricing Authority immediately of the date of transfer to the new supplier of any existing patients receiving this service prior to 1 February 2006.

Claims made by a pharmacy contractor providing a cylinder service between 1 February 2006 and the date of a patient's transfer to the new service supplier

- 8.6 An FP10 (WP10 in Wales) prescription for cylinder oxygen may be issued and dispensed beyond 1 February 2006 within the validity of the prescription in line with arrangements set out in section 8.2.
- 8.7 Where a pharmacy contractor continues to provide a cylinder service for a patient after 1 February 2006 until a date on which a patient is transferred to the new supplier, the following arrangements will apply.

Supply of Oxygen Equipment

- 8.8 Where a pharmacy contractor continues to supply oxygen cylinders, masks and other equipment to a patient after 1 February 2006, the basic price of approved oxygen equipment will be as set out in Part X, Section 8 of the Drug Tariff as at 31 January 2006. That is:-

Basic Price of Approved Oxygen Equipment

- 8.9 Basic Price for the supply of a mask, when prescribed after the initial order on a separate prescription form

Intersurgical 010 Mask, 28%	97p
Ventimask Mk IV, 28%	145p
Intersurgical 005 Mask	78p
Venticaire Mask	71p
Venticaire Venturi Mask 28%	92p

- 8.10 Basic Price for

Oxygen BP, cylinder	1360 litres	858p
Oxygen BP, composite cylinder with integral headset to specification 02 *	1360 litres	948p

* The supply of these cylinders is limited. They should only be supplied where their use is part of the local home oxygen therapy service or where specifically indicated for an individual patient. The Department of Health is aware of the areas where supply of these cylinders is part of local arrangements.

- 8.11 Basic Price for;

Oxygen BP, composite cylinder with integral headset *	2122 litres	1340p
---	-------------	-------

* These cylinders are not available from all suppliers.

Claims for Prescriptions Dispensed

- 8.12 Where a pharmacy contractor has dispensed a prescription for cylinder oxygen, he may submit a claim to the Pricing Authority up until 5 April 2007. Claims submitted after that date will not be considered.

Delivery and Collection of Cylinders and Loan of Headsets to Patients

- 8.13 Where a pharmacy contractor continues to undertake the delivery and collection of oxygen cylinders and other equipment and provides a headset on loan to a patient, he will be reimbursed for these services, under local arrangements. A pharmacy contractor should continue to make returns in accordance with local arrangements with the relevant PCT for England, LHB for Wales.

Note: different local arrangements with a PCT for England and LHB for Wales may apply.

HOME OXYGEN THERAPY SERVICE

- 8.14 The recovery of empty cylinders from patients and their prompt return to the supplier for refilling is essential to maintain adequate supplies for the use of patients, particularly during the period when patients transfer to a new supplier. The efficient use of cylinders supplies will support the management of change and pharmacy contractors are reminded of the importance of ensuring that as few empty cylinders as possible remain in circulation.

Collection of Cylinders and Sets Following Transfer of a Patient to the New Supplier

- 8.15 Where a patient is transferred to a new supplier - and where the patient or patient's representative fails to return equipment supplied by the pharmacy contractor - the onus of collecting it rests on the pharmacy contractor. A contractor should submit any claim relating to the collection of cylinders and/or sets, in accordance with local arrangements, within one month of being informed by the PCT for England, LHB for Wales that the patient has transferred to a new supplier.

Claims for Compensation for Financial Loss in Respect of Oxygen Equipment

- 8.16 Where a pharmacy contractor suffers financial loss as a result of the act or default of a person causing the loss or damage to oxygen equipment loaned, the pharmacy contractor should inform the relevant PCT for England, LHB for Wales of such financial loss. In this paragraph, the expression "person" means the person supplied, the patient concerned, members of his household, or the authorities of an institution to which the equipment is delivered, as the case may be.
- 8.17 Necessary out of pocket expenses incidentally involved in the repair or replacement of the equipment, such as postal or carriage paid, should also be met. Reimbursement of the loss will depend on local PCT for England and LHB for Wales arrangements.

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)

Essential Small Pharmacy Scheme (ESPS) arrangements for England ceased on 31 March 2006. New arrangements in the form of Essential Small Pharmacies Local Pharmaceutical Services (ESPLPS), were developed as set out in the Local Pharmaceutical Services (Essential Small Pharmacies) Directions 2005. The ESPS scheme is now closed and no further applications may be made under the ESPS scheme. The Local Pharmaceutical Services (Essential Small Pharmacies) Directions 2005 (as amended) apply in respect of the arrangements under that scheme - see DH website:

<http://www.dh.gov.uk/en/Healthcare/Medicinespharmacyandindustry/Communitypharmacy/Localpharmaceuticalservices/index.htm>

For Wales, the ESPS arrangements will continue.

ESPS arrangements for those pharmacy contractors qualifying for ESPS payments from April 2009 are as follows:

1. Interpretation

In this Part -

"Authority" means the LHB for Wales in whose locality the premises are located;

"Contractor" means only the pharmacy contractor whose name is included in a pharmaceutical list of the Authority;

"pharmacy" means a pharmacy at premises from which the contractor supplies pharmaceutical services;

"premises" means the premises from which the contractor provides pharmaceutical services;

"year" means the period from 1 April in any one year to 31 March of the following year.

2. Entitlement

2.1 Where, in any year -

2.1.1 the pharmacy dispenses fewer than 28,536 prescriptions; and

2.1.2 that pharmacy is more than 1 kilometre by the nearest practicable route available to the public on foot from the next nearest pharmacy or is less than 1 kilometre but previously qualified as a special consideration case and the circumstances of the pharmacy remain unchanged; and

2.1.3 in the case of pharmacy which has, in the year immediately preceding that year, dispensed fewer than 6,000 prescriptions, the authority certifies in writing at the beginning of that year that the pharmacy is essential to the proper provision of pharmaceutical services, the contractor shall, subject to the following subparagraphs, be entitled to ESPS payments calculated in accordance with paragraph 3 below.

(Note. No new special consideration cases will be entertained).

2.2 A contractor shall be entitled to claim ESPS payments in 2009/10 if, on or before 31 January 2009, he estimates, on the basis of the number of prescriptions dispensed in the preceding twelve months or having regard to any special circumstances, that the number of items to be dispensed in the next year will be less than 28,536.

2.3 The contractor shall apply to the Authority for ESPS payments, in the form specified (Form ESPS1 for contractors on the list not less than 10 months at 31 January 2009 and Form ESPS2 for those on list less than 10 months) on or before 31 January 2009.

2.4 On 1 April 2009, or as soon as practicable thereafter, but before any payment is made, the contractor shall declare to the Authority his estimate of the number of prescriptions dispensed by the pharmacy in the year just ended, if the Authority is satisfied that -

2.4.1 that number is less than 28,536

2.4.2 that the number of prescriptions to be dispensed in the year to which the claim relates is unlikely to exceed 28,536 and

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)

- 2.4.3 the conditions set out in sub-paragraph 2.1.2 and 2.1.3 above are met, payments shall be made by the Authority in accordance with paragraph 3, subject to the conditions in sub-paragraphs 2.5 and 2.6.
- 2.5 The Authority, will as soon in the current financial year as they have available the Pricing Authority figure of prescriptions dispensed by the contractor during the preceding financial year, compare this with the contractor's declared estimated figure (sub-paragraph 2.4 above) and if the PA figure of prescriptions dispensed in the previous financial year is 28,536 or more, the ESPS payments made so far in the current financial year shall be recovered from the contractor in the 3 months following that in which the last ESPS payment was made.
- 2.6 Where, at any time in any year during which ESPS payments are made to the contractor in respect of a pharmacy.
- 2.6.1 the number of prescriptions dispensed by that pharmacy exceeds 28,536 the contractor shall be deemed not to have been entitled to ESPS payments for that year in respect of that pharmacy, and any such payment made to him in that year shall be recovered from the remuneration due to him in the 3 months immediately following the month in which the number of prescriptions dispensed reached 28,536.
- 2.6.2 a second contractor begins to provide pharmaceutical services from a pharmacy at premises which are less than 1 kilometre by the nearest practicable route available to the public on foot from the premises of the first contractor, payment to the first contractor shall continue at the full rate for the remainder of the year and will then cease.
- 2.6.3 in a case to which sub-paragraph 2.1.3 applies, the Authority decides that the pharmacy is no longer essential, it shall notify the contractor and after the date of that notification no further ESPS payments shall be paid in that year in respect of that pharmacy.
- 2.7 Where the provision by the contractor of pharmaceutical services from any premises has just begun, the preceding sub-paragraphs shall be modified as follows:
- 2.7.1 the contractor may apply to the Authority for ESPS payments, in the form specified (Form ESPS2) at any time during the year;
- 2.7.2 he shall be entitled to ESPS payments if -
- 2.7.2.1 in the case of a contractor who is providing services from premises from which, immediately before the day on which he began to provide those services, those services were provided by another contractor, the number of prescriptions dispensed in the twelve months immediately preceding that day was less than 28,536;
- 2.7.2.2 in any other case, he estimates, and the Authority is satisfied that, less than 28,536 prescriptions will be dispensed in the first twelve months of the provision of pharmaceutical services, and
- 2.7.2.3 in any case the condition in sub-paragraph 2.1.2 is satisfied;
- 2.7.3 any entitlement shall begin -
- 2.7.3.1 if the claim is made within 3 months of the entry on the list in question, from the date of entry;
- 2.7.3.2 in any case, from the date on which the application is made.

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)

3. Payments

- 3.1 From 1 April 2009, ESPS payments shall be the difference between one-twelfth of the target payment (£72,083) and the remuneration due (i.e. professional fees as in Part IIIA and any payments made under Part VIA but excluding payments made under Part IIIA 2.F and Part VIA6), subject to para 3.3 below. See worked example.
- 3.2 Payments shall be made in arrears.
- 3.3 From 1 April 2009, the maximum monthly payment shall be £5,226. If in any month the contractor is entitled to more than the maximum payment, the amount due shall be carried forward and paid in the following month, again subject to the maximum monthly payment applicable to that second month.
- 3.4 Any over, or any under, ESPS payment shall be if necessary, corrected in the remuneration paid in the first month of the following year.
- 3.5 Where a contractor normally provides pharmaceutical services at a pharmacy for less than 35 hours a week, any ESPS payment shall be calculated by reference to the following formula:
- 3.5.1 $\text{Average hours}/35 \times \text{payments appropriate to a full-time pharmacy with the same prescription volume, as determined by the Welsh Ministers.}$

4. Worked Example

4.1 Month 1.

April calculate 1/12 of target payment £72,083

 make ESPS payment of the difference between calculated amount and remuneration due.

4.2 Month 2.

May calculate 2/12 of target payment £72,083

 make ESPS payment of the difference between calculated amount and sum of total payment of remuneration due plus ESPS made in month 1 and remuneration due in month 2.

4.3 Month 3.

June calculate 3/12 of target payment £72,083

 make ESPS payment of difference between calculated amount and sum of total payments made in months 1 and 2 and remuneration due in month 3.

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)

This Page is Intentionally Blank

PAYMENTS IN RESPECT OF PRE-REGISTRATION TRAINEES

1. From 1 October 2008 a grant of £18,440 per year is payable to pharmacy contractors who provide the pre-registration training experience needed by pharmacy graduates and certain undergraduates for admission to the General Pharmaceutical Council's Register of Pharmacists. The grants are payable at annual rates in respect of each pre-registration training place filled by a pharmacy graduate or an undergraduate on a sandwich course recognised by the General Pharmaceutical Council as pre-registration training.
2. Pharmacy contractors who have undertaken to provide pre-registration training should submit a claim to the PCT for England and LHB for Wales at the start of the training period. PCTs for England and LHBs for Wales will arrange for the payment to be made monthly in arrears. Contractors **MUST** notify the PCT for England and LHB for Wales immediately in writing if the arrangement to provide pre-registration training ceases.

PAYMENTS IN RESPECT OF PRE-REGISTRATION TRAINEES

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

Payments to chemists who claim a payment under Regulation 59(1) of the National Health Service (Pharmaceutical Services) Regulations 2005 for England and The National Health Service (Pharmaceutical Services)(Amendment)(Wales) Regulations 2005.

The Scheme allows chemists to claim a financial reward where they have identified a fraudulent prescription form and thereby either prevented fraud or contributed with valuable information to the investigation of fraud. A reward is payable where:

- fraudulent activity can be proven
 - the conditions for the scheme are met as set out below.
- Slightly different versions of the Scheme apply in England and Wales.

PART I: ENGLAND

The NHSBSA, Counter Fraud and Security Management Service Division (Referred to below as the Authority) is responsible for receiving and considering claims for reward payments in England.

The Scheme applies to all claims which are received by the Authority on or after 7 May 2003.

Retention and Reporting Reward: claims where a chemist -

- (a) has not provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, or
- (b) has provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, but had reason to believe at the time or subsequently came to have reason to believe that the form is fraudulent,

and reports this to the relevant authorities as laid out below.

The chemist will be eligible for a payment of £70, where all the conditions for *either* the retention element of the reward *or* the reporting element of the reward are met. Only one reward will be payable for each dispensing occasion.

The conditions for the *retention* element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have not been provided, the prescription form has been retained by the chemist, and the Primary Care Trust has been informed as soon as practicable, in accordance with Regulation 18B(1)(i);
- ii a claim is made by contacting the Authority as soon as practicable, normally within 7 days of the form having been presented. A claim form provided by the Authority must be completed and returned to the Authority, along with the original prescription form, normally within 28 days of the form having been presented; and
- iii the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

The conditions for the *reporting* element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have been dispensed, but the chemist has reason to believe at the time or subsequently comes to have reason that the order is not genuine;
- ii the chemist has notified the Primary Care Trust as soon as practicable, in accordance with Regulation 18B(1)(ii);
- iii a claim is made by contacting the Authority as soon as practicable, normally within 7 days of the form having been presented. A claim form provided by the Authority must be completed and returned to the Authority along with the original prescription form, normally within 28 days of the form having been presented;

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

-
- iv a detailed explanation of why the chemist felt it necessary to dispense must be included on the claim form. A reward will only be payable where the Authority is satisfied that the chemist had good and sufficient reasons to dispense; and
 - v the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

Where the time-limits for either contacting the Authority and the Primary Care Trust or for returning a claim form to the Authority, as specified above, are exceeded, the Authority will nevertheless consider a claim if there are exceptional circumstances justifying the delay.

Pharmacists who are eligible to claim a reward under the scheme should contact:**England**

 2nd Floor Sandyford House
 Archbold Terrace
 Jesmond
 Newcastle Upon Tyne
 NE2 1DB
 Freephone: 0800-068-6161
 Tel: 0191-2046300

PART II: WALES

Health Solutions Wales (Velindre NHS Trust) (referred to below as HSW) is responsible for receiving and considering claims for reward payments in Wales.

The Scheme applies to all claims which are received by HSW on or after 1 February 2003.

Retention and Reporting Reward: claims where a chemist -

- (a) has not provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form,
or
- (b) has provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, but had reason to believe at the time or subsequently came to have reason to believe that the form is fraudulent,

and reports this to the relevant authorities as laid out below.

The chemist will be eligible for a payment of £70, where all the conditions for *either* the retention element of the reward *or* the reporting element of the reward are met. Only one reward will be payable for each dispensing occasion.

The conditions for the retention element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have not been provided, the prescription form has been retained by the chemist, and the Local Health Board has been informed immediately, in accordance with regulation 18B(1)(i);
- ii a claim is made by contacting the Local Health Board as soon as practicable, normally within 7 days of the form having been presented. A claim form provided by the Local Health Board must be completed and returned to HSW, along with the original prescription form, normally within 28 days of the form having been presented; and
- iii the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

The conditions for the reporting element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have been dispensed, but the chemist believes at the time or subsequently comes to believe that the order is not genuine;
- ii the chemist has notified the Local Health Board as soon as practicable, and in any case within 14 days of the order being presented to the chemist, in accordance with regulation 18B(1)(ii);
- iii a claim is made by contacting the Local Health Board as soon as practicable. A claim form provided by the Local Health Board must be completed and returned to HSW along with the original prescription form, normally within 28 days of the form having been presented;
- iv a detailed explanation of why the chemist felt it necessary to dispense must be included on the claim form. A reward will only be payable where HSW is satisfied that the chemist had good and sufficient reasons to dispense; and
- v the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

Where the time-limits for either contacting HSW and the Local Health Board or for returning a claim form to HSW, as specified above, are exceeded, HSW will nevertheless consider a claim if there are exceptional circumstances justifying the delay.

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

This Page is Intentionally Blank

**PAYMENT TO TAKE ACCOUNT OF PRESCRIPTION PRICING PROCESSING ERRORS
RELATED TO THE CAPACITY IMPROVEMENT PROGRAMME UP TO 31 MARCH 2009**

For England only:

Since the introduction of new pricing processes by the NHS Business Services Authority (NHSBSA) it has become apparent that the number of errors in pricing is at a level where a scheme to acknowledge this situation is appropriate. Considerable work has been undertaken to quantify the cost of the errors to contractors and whether it can be established, which contractors payments may have been affected the most. By comparing with a sample that is reprocessed under the old system, it is possible to quantify the errors, but not identify which contractors may have been particularly affected.

To this end, a payment of £1,000 will be made to all pharmacies open on 1 October 2008 and 31 March 2009 and still open on 1 April 2010 in recognition of the increase in errors and any inconvenience caused by the new processing system up until 31 March 2009.

This payment will be made automatically in April's advance payment made in June to all the contractors referred to in the previous paragraph and no prescription data needs to be submitted to qualify for the payment. Further details will be made available in due course regarding accuracy of payments post 31 March 2009, as they become known.

Any contractor who thinks their payments up until 31 March 2009 have been significantly affected has until 30 June 2010 to ask in writing for a check of a month or month's prescriptions, either directly to the NHSBSA or via the Prescription Services Negotiating Committee (PSNC) at Aylesbury. After this time, no further checking of prescriptions pre 31 March 2009 will be undertaken.

To request a check:

- Contractors shall submit their request for a check to NHSBSA or PSNC in respect of particular month(s) using the appropriate form available from the NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk.
- NHSBSA will select an equal number of months to check. Using the results from all the months reprocessed:
 - Where a net underpayment is revealed, the contractor will be paid any underpayment above the £1,000 payment;
 - Where a net overpayment is revealed, the NHSBSA will recover any overpayment above the £1,000 payment.

This means that contractors who seek a check will risk losing any underpayment owed when balanced with any overpayment revealed by NHSBSA, even if there was an underpayment in the months for which the contractor has requested a check.

XIVB

**PAYMENT TO TAKE ACCOUNT OF PRESCRIPTION PRICING PROCESSING ERRORS
RELATED TO THE CAPACITY IMPROVEMENT PROGRAMME UP TO 31 MARCH 2009**

This Page is Intentionally Blank

DEVOLVING THE GLOBAL SUM - TEMPORARY SAFEGUARDING PAYMENTS

For England only:

If prescribers systematically increase prescription duration on all or a significant percentage of their prescription items, this could lead to dispensing contractors facing increased supplier bills in certain months (as more medicines are dispensed per prescription than usual) and then decreased prescription item volume in subsequent months. Where a contractor's dispensing business is affected in this way, the contractor may be entitled to make one or both of the following claims under temporary safeguarding arrangements.

Claim 1 - To provide support to pay an increase in supplier's bill

For a month where the prescription item duration has increased compared to that seen previously, as the contractor will have dispensed significantly more medication per prescription item than usual, the 80% advance (which is based on a historic net ingredient cost) is likely to be insufficient to cover the contractor's supplier bill for the month.

In these circumstances, the contractor is able to claim for that month, for an increase in their 80% advance (Claim1). The amount that can be claimed should reflect the amount by which the contractor's supplier bill has increased solely due to the increase in prescription item duration and no other reason.

The claim will need to -

- Be made on the appropriate form available from the NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk.
- Be signed by the contractor.
- Be submitted to the NHS Prescription Services of the NHS Business Services Authority along with their claim form (FP34C) for that month.
- Include a declaration that there is no reason apart from increased prescription duration, directly or indirectly instigated by a Primary Care Trust, that would have contributed to the larger than normal suppliers bill e.g. not because of a new GP operating in their area who typically prescribes for a longer duration than other local GPs or because the contractor has dispensed higher than usual high cost drug prescription items.
- Be substantiated for example with a copy of the previous three months supplier bills and the current increased bill - or where this is inconclusive, some other rationale.

On receipt of a valid claim at the NHS Prescription Services of the NHS Business Services Authority

- The contractor will be paid an increase in their 80% advance in line with the claim
- The increased advance will be taken into account in the usual way the following month when the final accurate payment for the month is paid.

Claim 2 - Remuneration

For the months following an increase in prescription duration, contractors may experience a drop in items dispensed and as a result earn fewer fees.

In these circumstances, the contractor is able to claim for an affected month, for any lost fees and allowances (Claim 2).

XIVC

The claim will need to -

- Be made on the appropriate form available from the NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk.
- Be signed by the contractor.
- Be submitted to the NHS Prescription Services of the NHS Business Services Authority along with their claim form (FP34C) for that month.
- Include a declaration that there is no reason apart from increased prescription duration, directly or indirectly instigated by a Primary Care Trust, that would have contributed to a decrease in fees earned e.g. a new pharmacy opened nearby.

On receipt of a valid claim at the NHS Prescription Services of the NHS Business Services Authority

- The contractor will be paid on the volume of prescription items for same month of the previous year, but at the current value of fees and allowances.
- Where a contractor makes a claim, for the month in which they are claiming they will be paid on the volume of the previous year's prescriptions regardless of whether this volume is lower than the prescription volume submitted for the month claimed.

DEVOLVING THE GLOBAL SUM - TEMPORARY SAFEGUARDING PAYMENTS

Claim 1 and 2 - In general,

- Claim 1 would not normally be expected to be made in the same month as Claim 2.
- Because of the nature of Claim 1 it would not normally be appropriate to claim it in consecutive months, but it may be appropriate to claim it more than once.
- Typically, Claim 2 would follow a Claim 1, but Claim 2 could be made where a Claim 1 has not been made in a previous month, for example, where prescription duration has increased slowly. In these cases, the usual 80% advance may have been sufficient, but the contractor is experiencing a reduction in fees and allowances for which they wish to claim.
- Because of the nature of Claim 2, it may be appropriate to claim it in consecutive months, but it is unlikely to be appropriate for it to be claimed every month.

For Claim 1 and 2, in situations where the claim is outside conditions agreed by Department of Health (DH) and Prescription Services Negotiating Committee (PSNC), the claim will be subject to joint verification by the PCT and the contractor's Local Pharmaceutical Committee (LPC), subject to agreement with the contractor on LPC involvement.

Where a contractor makes one or more valid claims in the previous three months, they will be entitled to an "amendment allowance" of £30 for the quarter (regardless of how many claims made), in recognition of the administrative time required to make claims.

BORDERLINE SUBSTANCES

Borderline Substances

In certain conditions some foods and toilet preparations have characteristics of drugs and the Advisory Committee on Borderline Substances advises as to the circumstances in which such substances may be regarded as drugs. The Advisory Committee's recommendations are listed below. Prescriptions issued in accordance with the Committee's advice and endorsed "ACBS" will normally not be investigated.

Manufacturers wishing to notify changes to their products should contact the ACBS by post: Philip Grieve, Secretariat to the Advisory Committee on Borderline Substances, NHS Commercial Medicines Unit, Castle View House, East Lane, Runcorn, WA7 2GJ.

LIST A

This is an alphabetical index of products which the ACBS has recommended for the management of the conditions shown under each product.

General Practitioners are reminded that the Advisory Committee on Borderline Substances recommends products on the basis that they may be regarded as drugs for the treatment of specified conditions. Doctors should satisfy themselves that the products can be safely prescribed, that patients are adequately monitored and that, where necessary, expert hospital supervision is available. Prescriptions for products recommended by the Committee should be endorsed "ACBS".

Note: The Committee has recommended a number of products as complete feeds for certain conditions. They may be prescribed both as sole sources of nutrition and as necessary nutritional supplements prescribable on medical grounds.

Definitions

1. The Committee has defined proven lactose or sucrose intolerance as "A condition of intolerance to an intake of the relevant disaccharide confirmed by:

(i) demonstrated clinical benefit of the effectiveness of the disaccharide free diet;
and

(ii) the presence of reducing substances and/or excessive acid (1.00pH) in the stools, a low concentration of the correspondent disaccharidase enzyme on intestinal biopsy, or by breath tests or lactose tolerance tests."

2. The Committee has defined proven whole protein sensitivity as "Intolerance to whole protein, proven by at least two withdrawal and challenge tests, as suggested by an accurate dietary history."

3. The Committee has defined dysphagia as that associated with "Intrinsic disease of the oesophagus, eg. oesophagitis; neuromuscular disorders, eg. multiple sclerosis and motor neurone disease; major surgery and/or radiotherapy for cancer of the upper digestive tract; protracted severe inflammatory disease of the upper digestive tract, eg. Stevens-Johnson Syndrome and epidermolysis bullosa."

BORDERLINE SUBSTANCES

LIST A

ADD INS

For the dietary management of proven phenylketonuria (PKU) in individuals over 4 years of age.

ALEMBICOL-D (MCT OIL)

Steatorrhoea associated with cystic fibrosis of the pancreas, intestinal lymphangiectasia, surgery of the intestine, chronic liver disease, liver cirrhosis, other proven malabsorption syndromes, a ketogenic diet in the management of epilepsy and in type 1 hyperlipoproteinaemia.

ALICALM

For the dietary management of Crohn's disease in those over 5 years of age, either as a sole source of nutrition or as a supplement to diet.

APROTEIN LOW-PROTEIN PRODUCTS

See: Low-Protein Products.

A.S. SALIVA ORTHANA

Patients suffering from xerostomia (dry mouth) as a result of having or having undergone radiotherapy or sicca syndrome.

AVEENO BABY COLLOIDAL**AVEENO BATH OIL****AVEENO COLLOIDAL****AVEENO CREAM****AVEENO LOTION**

Endogenous and exogenous eczema, xeroderma, ichthyosis and senile pruritus associated with dry skin.

BARKAT GLUTEN-FREE PRODUCTS

See: Gluten-Free Products.

BI-AGLUT GLUTEN-FREE PRODUCTS

See: Gluten-Free Products.

BIALIMENTA GLUTEN-FREE PRODUCTS

See: Gluten-Free Products.

BIOTENE ORALBALANCE DRY MOUTH SALIVA REPLACEMENT GEL

Patients suffering from xerostomia (dry mouth) as a result of having or having undergone radiotherapy or sicca syndrome.

BIOXTRA GEL MOUTHSPRAY**BIOXTRA MOISTURING GEL**

Patients suffering from xerostomia (dry mouth) as a result of having or having undergone radiotherapy or sicca syndrome.

CALOGEN

For use in the dietary management of disease-related malnutrition, malabsorption states, or other conditions requiring fortification with a high fat supplement, with or without fluid and electrolyte restrictions.

CALOGEN EXTRA

For enteral use only for the dietary management of disease related malnutrition, malabsorption states or other conditions requiring fortification with a high fat supplement with or without fluid restriction.

CALOREEN

Disease related malnutrition, malabsorption states or other conditions requiring fortification with a high or readily available carbohydrate supplement.

CALSHAKE

Disease related malnutrition, malabsorption states or other conditions requiring fortification with a fat/ carbohydrate supplement.

BORDERLINE SUBSTANCES**CAPRILON**

Disorders in which a high intake of MCT is beneficial

CASILAN 90

Biochemically proven hypoproteinaemia.

CLINUTREN JUNIOR

For use as the sole source of nutrition, or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition, growth failure in children aged 1-10 years. Not to be prescribed for any child under one year.

COLIEF

Is indicated for: the relief of symptoms associated with lactose intolerance, provided that lactose intolerance is confirmed by the presence of reducing substances and/or excessive acid in stools, a low concentration of the corresponding disaccharide enzyme on intestinal biopsy or by breath hydrogen test or lactose intolerance test.

COMPLAN SHAKE

As a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae and disease related malnutrition.

CORN FLOUR AND CORN STARCH

Hypoglycaemia associated with glycogen storage disease.

COVERING CREAMS AND CONCEALMENT OF BIRTH MARKS

Covermark Classic Foundation	Keromask Finishing Powder
Covermark Finishing Powder	Keromask Masking Cream
Dermacolor Camouflage Cream	Veil Cover Cream
Dermacolor Fixing Powder	Veil Finishing Powder

For post operative scars and other deformities and as adjunctive therapy in the relief of emotional disturbance due to disfiguring skin disease, such as vitiligo.

COVERMARK PRODUCTS

See: Covering Creams

COW & GATE PEPTI-JUNIOR

Disaccharide and/or whole protein intolerance, or where amino acids and peptides are indicated in conjunction with MCT.

CYSTINE AMINO ACID SUPPLEMENT

For inborn errors of amino acid metabolism

DELPH SUN LOTION SPF30

Protection from UV radiation in abnormal cutaneous photosensitivity resulting from genetic disorders or photodermatoses, including vitiligo and those resulting from radiotherapy, chronic or recurrent herpes simplex labialis.

XV**DERMACOLOR CAMOUFLAGE SYSTEM**

See: Covering Creams

DEXTROSE

Glycogen storage disease and sucrose/isomaltose intolerance.

DIALAMINE

Oral feeding where essential amino acid supplements are required, for example chronic renal failure, hypoproteinaemia, wound fistula leakage with excessive protein loss, conditions requiring a controlled nitrogen intake and haemodialysis.

DIETARY SPECIALS

See: Gluten-Free Products

BORDERLINE SUBSTANCES

DISINFECTANTS (ANTISEPTICS)

May be prescribed on FP10 only when ordered in such quantities and with such directions as are appropriate for the treatment of patients, but not if ordered for general hygienic purposes.

DOCOMEGA

For use in the dietary management of inherited metabolic disorders.

DUOBAR (strawberry, toffee, neutral)

Disease related malnutrition, malabsorption states or other conditions requiring fortification with a fat/carbohydrate supplement.

DUOCAL (LIQUID, MCT POWDER AND SUPER SOLUBLE)

Disease related malnutrition, malabsorption states or other conditions requiring fortification with a fat/carbohydrate supplement.

E45 EMOLLIENT BATH OIL**E45 EMOLLIENT WASH CREAM**

Endogenous and exogenous eczema, xeroderma, ichthyosis and senile pruritus associated with dry skin.

E45 LOTION

Symptomatic relief of dry skin conditions, such as those associated with atopic eczema and contact dermatitis.

EAA SUPPLEMENT

For the dietary management of disorders of protein metabolism where essential amino acids are required for example urea cycle disorders.

EASIPHEN

For use in the dietary management of proven phenylketonuria in older children (above 8 years) and adults.

ELEMENTAL 028 EXTRA**ELEMENTAL 028 EXTRA (LIQUID)**

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, patients with proven inflammatory bowel disease, bowel fistulae. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

EMSOGEN (FLAVOURED AND UNFLAVOURED)

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, patients with proven inflammatory bowel disease, bowel fistulae. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

ENER-G GLUTEN-FREE PRODUCTS

See: Gluten-Free Products

ENER-G LOW-PROTEIN PRODUCTS

See: Low-Protein Products

ENER-G XANTHAN GUM

For use in the dietary management of gluten sensitive enteropathies, including steatorrhoea due to gluten-sensitivity, coeliac disease, and dermatitis herpetiformis.

ENERGIVIT

For infants requiring additional energy, vitamins, minerals and trace elements following a protein restricted diet.

ENFAMIL AR

Significant reflux disease. For use not in excess of a 6-month period. Not to be used in conjunction with any other thickener or antacid product.

ENFAMIL O-LAC

Proven lactose intolerance.

BORDERLINE SUBSTANCES**ENSHAKE (BANANA, CHOCOLATE, STRAWBERRY AND VANILLA FLAVOURS)**

Disease related malnutrition, malabsorption states or other conditions requiring fortification with a fat/carbohydrate supplement. Not suitable for children under 1 year.

ENSURE

As a necessary nutritional supplement prescribed on medical grounds for:

Disease-related malnutrition, intractable malabsorption, total gastrectomy, proven inflammatory bowel disease, and pre-operative preparation of patients who are undernourished. Not to be prescribed for any child under two years; use with caution for young children up to five years of age

ENSURE PLUS COMMENCE**ENSURE PLUS CREME**

For use as a source of nutrition or as a nutritional supplement for patients with short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition, continuous ambulatory peritoneal dialysis (CAPD), and haemodialysis.

ENSURE PLUS FIBRE

For use as a nutritional supplement for patients with disease-related malnutrition, continuous ambulatory peritoneal dialysis (CAPD) and haemodialysis, short bowel syndrome, intractable malabsorption, dysphagia, proven inflammatory bowel disease, bowel fistulae, gastrectomy and for pre-operative preparation of patients who are undernourished. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

ENSURE PLUS JUCE

As a necessary nutritional supplement prescribed on medical grounds for:

Disease related malnutrition, short bowel syndrome, intractable malabsorption, inflammatory bowel disease, bowel fistulae, dysphagia, following total gastrectomy and for pre-operative preparation of patients who are malnourished. It is not recommended for children under 1 year of age and should be used with caution in children under 5 years of age.

ENSURE PLUS LIQUID FEED

See Also: Ensure Plus Tube Feed

ENSURE PLUS MILK SHAKE STYLE**ENSURE PLUS SAVOURY****ENSURE PLUS TUBE FEED**

See Also: Ensure Plus Liquid Feed

ENSURE PLUS YOGHURT STYLE

As a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition, continuous ambulatory peritoneal dialysis (CAPD), and haemodialysis. Not to be prescribed for any child under one year; use with caution for young children up to five years of age

XV**ENSURE TWOCAL**

For use as a sole source of nutrition or as a nutritional supplement for patients with disease-related malnutrition, short bowel syndrome, intractable malabsorption, bowel fistulae, proven inflammatory bowel disease, total gastrectomy, pre-operative preparation of patients who are malnourished, haemodialysis, CAPD and dysphagia. Not to be prescribed for any child under 1 year of age, used with caution in children under 6 years of age.

FATE LOW PROTEIN PRODUCTS

See: Low-Protein Products

FINAX GLUTEN-FREE PRODUCTS

See: Gluten-Free Products.

BORDERLINE SUBSTANCES

FOODLINK COMPLETE

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

FORTICARE

For the dietary management of patients with pancreatic cancer and patients with lung cancer undergoing chemotherapy.

FORTICREME COMPLETE

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition, continuous ambulatory peritoneal dialysis (CAPD) and haemodialysis. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

FORTIJUICE**FORTIJUICE STARTER PACK**

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

FORTIMEL REGULAR

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

FORTINI**FORTINI MULTI FIBRE****FORTINI SMOOTHIE MULTI FIBRE**

For use as a necessary nutritional supplement prescribed on medical grounds for:
Disease-related malnutrition and growth failure. Not to be prescribed for any child under one year.

FORTISIP BOTTLE

Approved for enteral use only, as a necessary nutritional supplement for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of undernourished patients, inflammatory bowel disease, total gastrectomy, dysphagia, bowel fistulae, disease related malnutrition. Not for intravenous use. Not suitable for children under 3 years of age. Not suitable for patients with galactosaemia.

FORTISIP COMPACT**FORTISIP COMPACT STARTER PACK**

Approved for enteral use only for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of undernourished patients, inflammatory bowel disease, total gastrectomy, dysphagia, bowel fistulae, disease related malnutrition.

FORTISIP EXTRA

Approved for enteral use only, as a necessary nutritional supplement for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of undernourished patients, inflammatory bowel disease, total gastrectomy, dysphagia, bowel fistulae, disease related malnutrition. Not for intravenous use. Not suitable for children under 3 years of age. Not suitable for patients with galactosaemia.

FORTISIP EXTRA STARTER PACK

Approved for short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, proven inflammatory bowel disease, following total gastrectomy, bowel fistulae, disease-related malnutrition and dysphagia.

BORDERLINE SUBSTANCES**FORTISIP FRUIT DESSERT**

Approved for short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, disease-related malnutrition, continuous ambulatory peritoneal dialysis (CAPD), haemodialysis.

FORTISIP MULTIFIBRE

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

FORTISIP RANGE STARTER PACK

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

FORTISIP SAVOURY MULTI FIBRE

Approved for enteral use only, as a necessary nutritional supplement for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of undernourished patients, inflammatory bowel disease, total gastrectomy, dysphagia, disease-related malnutrition. Not for intravenous use. Not suitable for children under 3 years of age. Not suitable for patients with galactosaemia. Not suitable for patients requiring a fibre free diet.

FORTISIP YOGURT STYLE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

FREBINI

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for children aged 1-10 years or 8-30kg for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition and/or growth failure. Not to be prescribed for any child under one year of age.

FREBINI ENERGY**FREBINI ENERGY DRINK (STRAWBERRY AND BANANA FLAVOURS)**

As a sole source of nutrition, or as a nutritional supplement for children aged 1-6 years with disease-related malnutrition and/or growth failure, proven inflammatory bowel disease, following total gastrectomy, short bowel syndrome, intractable malabsorption, dysphagia, bowel fistulae, and for the pre-operative preparation of patients who are malnourished. Not to be prescribed for any child under one year.

XV**FREBINI ENERGY FIBRE**

As a sole source of nutrition, or as a nutritional supplement for children aged 1-10 years with disease-related malnutrition and/or growth failure, proven inflammatory bowel disease, following total gastrectomy, short bowel syndrome, intractable malabsorption, dysphagia, bowel fistulae, and for the pre-operative preparation of patients who are malnourished. Not to be prescribed for any child under one year.

FREBINI ENERGY FIBRE DRINK**FREBINI ORIGINAL FIBRE****FRESUBIN 1000 COMPLETE**

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistula, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

BORDERLINE SUBSTANCES

FRESUBIN 1200 COMPLETE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under five years of age.

FRESUBIN 1800 COMPLETE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under five years of age.

FRESUBIN 2250 COMPLETE

See Also: Fresubin Energy Fibre (Neutral) Tube Feed

FRESUBIN 2KCAL DRINK**FRESUBIN 2KCAL FIBRE DRINK**

For use as a source of nutrition or as a nutritional supplement for patients with disease related malnutrition, short bowel syndrome, intractable malabsorption, proven inflammatory bowel disease, dysphagia, bowel fistulae, CAPD, haemodialysis, total gastrectomy and for pre-operative preparation of patients who are malnourished.

FRESUBIN 5KCAL SHOT

Approved for disease related malnutrition malabsorption states or other conditions requiring fortification with a high fat supplement with or without fluid or electrolyte restrictions.

FRESUBIN CREME

As a source of nutrition or as a nutritional supplement for patients with disease related malnutrition, short bowel syndrome, intractable malabsorption, proven inflammatory bowel disease, dysphagia, bowel fistulae, CAPD, haemodialysis, total gastrectomy and for pre-operative preparation of patients who are malnourished.

FRESUBIN ENERGY**FRESUBIN ENERGY FIBRE SIP FEED****FRESUBIN ENERGY FIBRE (NEUTRAL) TUBE FEED**

See Also: Fresubin 2250 Complete

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

FRESUBIN HP ENERGY

As a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition continuous ambulatory peritoneal dialysis (CAPD), and haemodialysis. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

FRESUBIN LIQUID AND SIP FEEDS

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition and Refsum's Disease. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

BORDERLINE SUBSTANCES

FRESUBIN ORIGINAL FIBRE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, proven inflammatory bowel disease, following total gastrectomy, dysphagia, disease-related malnutrition. Not to be prescribed for any child under two years; use with caution for children up to five years.

FRESUBIN PROTEIN ENERGY DRINK

As a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition continuous ambulatory peritoneal dialysis (CAPD), and haemodialysis. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

FRESUBIN SOYA FIBRE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are malnourished, patients with proven inflammatory bowel disease, following total gastrectomy, bowel fistulae, disease-related malnutrition and for cow's milk protein intolerance and lactose intolerance.

FRESUBIN THICKENED

Approved for patients with dysphagia and patients with disease related malnutrition.

FRUCTOSE

Proven glucose/galactose intolerance.

GA1 ANAMIX INFANT

For use in the dietary management of proven glutaric aciduria type 1 in infants from birth to 12 months and as a supplementary feed up to 3 years of age

GA GEL

Type 1 glutaric aciduria

GALACTOMIN 17

Proven lactose intolerance in pre-school children, galactosaemia and galactokinase deficiency.

GALACTOMIN 19 (FRUCTOSE FORMULA)

Glucose plus galactose intolerance.

GENERAID

Patients with chronic liver disease and/or porto-hepatic encephalopathy.

GENERAID PLUS

Children over one year of age with hepatic disorders.

GENIUS

HARIFEN PRODUCTS

See: Low Protein Products

HCU ANAMIX INFANT

For use in the dietary management of proven vitamin B6 non-responsive homocystinuria or hypermethioninaemia in infants from birth to 12 months and as a supplementary feed up to 3 years of age

HCU COOLER

For the dietary management of homocystinuria in patients over 3 years of age.

HCU EXPRESS

A nutritional supplement designed for patients with Homocystinuria (HCU); this is a Methionine-free powder protein substitute approved for patients over 8 years old.

HCU GEL

A methionine free protein substitute for use in the dietary management of homocystinuria in children between the ages 12 months and 10 years of age.

HCU-LV (UNFLAVOURED AND TROPICAL FLAVOUR)

For the dietary management of hypermethioninaemia or vitamin B6 non-responsive homocystinuria in children over 8 years and adults.

BORDERLINE SUBSTANCES

HEPARON JUNIOR

For the dietary management of infants and young children with acute and chronic liver failure.

HERON FOODS

See: Gluten-Free Products

HYPER LYS ANAMIX INFANT

For use in the dietary management of proven hyperlysinaemia in infants from birth to 12 months and as a supplementary feed up to 3 years of age

IL PANE DI ANNA

See: Gluten-Free Products

INFASOY

Proven lactose and associated sucrose intolerance in pre-school children, galactokinase deficiency, galactosaemia and proven whole cows milk sensitivity.

INFATRINI

Disease-related malnutrition, malabsorption, and growth failure in infancy.

INNOVATIVE SOLUTIONS PURE PRODUCTS

See: Gluten-Free Products

INSTANT CAROBEL

Thickening feeds in the treatment of vomiting.

ISOLEUCINE AMINO ACID SUPPLEMENT

For use in the dietary management of maple syrup urine disease (MSUD) and other inborn errors of amino acid metabolism.

ISOSOURCE ENERGY

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

ISOSOURCE ENERGY FIBRE

A high energy nutritionally complete enteral tube feed liquid with fibre prescribed on medical grounds for:- Dietary management of patients with short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, inflammatory bowel disease, following total gastrectomy, dysphagia and disease related malnutrition. It can also be recommended for patients requiring high energy intake or a fluid restricted diet.

ISOSOURCE FIBRE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

ISOSOURCE JUNIOR

A nutritionally complete feed approved for disease related malnutrition, short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are malnourished, proven inflammatory bowel disease, following total gastrectomy, dysphagia and growth failure from 1 to 6 years of age and 8 to 20kg.

ISOSOURCE STANDARD

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

BORDERLINE SUBSTANCES

IVA ANAMIX INFANT

For use in the dietary management of proven isovaleric acidaemia or other proven disorders of leucine metabolism in infants from birth to 12 months and as a supplementary feed up to 3 years of age

JEVITY

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

JEVITY PLUS

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not recommended for any child under ten years of age.

JEVITY PLUS HP

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Disease related malnutrition, short bowel syndrome, intractable malabsorption, bowel fistulae, proven inflammatory bowel disease, total gastrectomy, pre-operative preparation of patients who are malnourished, haemodialysis, CAPD and dysphagia. Not to be prescribed for any child under 2 years of age, use with caution in children under 10 years of age.

JEVITY PROMOTE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for children less than two years of age. Use with caution in children under ten years of age.

JEVITY 1.5 KCAL

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, disease-related malnutrition, bowel fistulae.

 Inherited metabolic disorders, renal or liver failure requiring a low-protein diet

L-TYROSINE SUPPLEMENT FOR PHENYLKETONURIA

Maternal Phenylketonurics who have low plasma tyrosine levels

LUBORANT SALIVA REPLACEMENT

Patients suffering from xerostomia (dry mouth) as a result of having or having undergone radiotherapy or sicca syndrome.

MAPLEFLEX (UNFLAVOURED)

See: MSUD Anamix Junior

XV**MAXIJUL LIQUID****MAXIJUL SUPER SOLUBLE**

Disease related malnutrition, malabsorption states or other conditions requiring fortification with a high or readily available carbohydrate supplement.

MCT PEPDITE**MCT PEPDITE 1+**

Disorders in which a high intake of MCT is beneficial

MEDIUM-CHAIN TRIGLYCERIDE (MCT) OIL

Steatorrhoea associated with cystic fibrosis of the pancreas, intestinal lymphangiectasia, surgery of the intestine, chronic liver disease, liver cirrhosis, other proven malabsorption syndromes, in a ketogenic diet in the management of epilepsy and in type 1 hyperlipoproteinaemia.

METABOLIC MINERAL MIXTURE

Mineral supplement in synthetic diets.

BORDERLINE SUBSTANCES

METHIONINE FREE TYR ANAMIX INFANT

For use in the dietary management of proven tyrosinaemia type 1, in infants from birth to 12 months and as a supplementary feed up to 3 years of age

MILUPA APTAMIL PEPTI

For the dietary management in established cows' milk protein intolerance with/without proven secondary lactose intolerance.

MILUPA LOW-PROTEIN DRINK

Inherited disorders of amino acid metabolism in childhood

MILUPA PKU 2 PRIMA

Phenylketonuria for children aged 1-8 years

MILUPA PKU 2 SECUNDA

Phenylketonuria for children aged 9-14 years

MILUPA PKU 3 ADVANTA

Phenylketonuria for age range over 15 years

MINAPHEX FLAVOURED & UNFLAVOURED

See: PKU Anamix Junior (Flavoured and Unflavoured).

MMA/PA ANAMIX INFANT

For use in the dietary management of proven methylmalonic or propionic acidaemia in infants from birth to 12 months and as a supplementary feed up to 3 years of age

MODULEN IBD

For the sole source of nutrition during the active phase of Crohn's disease, and for nutritional support during the remission phase in patients who are malnourished. Not to be prescribed for any child under one year; use with caution for young children up to five years of age. This product may be flavoured with NESTLE NUTRITION FLAVOUR MIX.

MONOGEN

Long chain acyl-coa dehydrogenase deficiency (LCAD), carnitine palmitoyl transferase deficiency (CPTD), and primary and secondary lipoprotein lipase deficiency

MSUD AID III

Maple syrup urine disease (MSUD) and related conditions when it is necessary to limit the intake of branched chain amino acids

MSUD ANAMIX INFANT

For use in the dietary management of proven maple syrup urine disease in infants from birth to 12 months and as a supplementary feed up to 3 years of age

MSUD ANAMIX JUNIOR (formerly MAPLEFLEX UNFLAVOURED)

A leucine, isoleucine and valine free mix for use in the dietary management of MSUD approved for patients aged between 1 and 10 years.

MSUD ANAMIX JUNIOR LQ ORANGE

For use in the dietary management of Maple syrup urine disease in children aged 1 year and over.

MSUD ANAMIX JUNIOR LQ ORANGE

For use in the dietary management of Maple syrup urine disease in children aged 1 year and over.

MSUD COOLER (formerly MSUD EXPRESS COOLER)

For the dietary management of maple syrup urine disease

MSUD EXPRESS

This is a protein substitute for maple syrup urine disease in children over the age of 8.

MSUD EXPRESS COOLER

See: MSUD COOLER

MSUD GEL

For use in the dietary management of Maple syrup urine disease in children aged between 1 and 10 years.

BORDERLINE SUBSTANCES

MSUD MAXAMAID

MSUD MAXAMUM

Maple syrup urine disease

NEOCATE ACTIVE (UNFLAVOURED AND BLACKCURRANT FLAVOUR)

NEOCATE ADVANCE (UNFLAVOURED, BANANA VANILLA FLAVOUR AND STRAWBERRY VANILLA FLAVOUR)

Proven whole protein intolerance, short bowel syndrome, intractable malabsorption, and other gastrointestinal disorders where an elemental diet is specifically indicated.

NEOCATE LCP

For the dietary management of cow's milk allergy, multiple food protein intolerance and other conditions where an elemental diet is recommended.

NEOCATE NUTRA

For the dietary management of cow's milk allergy, multiple food protein intolerance and other conditions requiring amino acid-based food.

NEPRO (READY TO HANG AND TETRAPAK)

Patients with chronic renal failure who are on haemodialysis or complete ambulatory peritoneal dialysis (CAPD), or patients with cirrhosis or other conditions requiring a high energy, low fluid, low electrolyte diet.

NESTLE NUTRITION FLAVOUR MIX

For use with VANILLA-FLAVOURED PEPTAMEN and MODULEN IBD.

NOVASOURCE GI CONTROL

For use as the sole source of nutrition, or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year, use with caution for young children up to five years of age.

NOVASOURCE GI FORTE

For use as the sole source of nutrition, or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition, neoplasia-related cachexia. Not to be prescribed for any child under one year; use with caution for young children up to five years of age

NUTILIS POWDER (formerly NUTILIS)

Thickening of foods in dysphagia. Not to be prescribed for children under one year old except in cases of failure to thrive.

NUTILIS COMPLETE

NUTILIS COMPLETE STAGE 1

Approved for dysphagia, short bowel syndrome, intractable malabsorption, pre-operative preparation of undernourished patients, inflammatory bowel disease, total gastrectomy, bowel fistulae, disease-related malnutrition.

NUTRAMIGEN LIPIL 1 (formerly NUTRAMIGEN 1)

Disaccharide and/or whole protein intolerance where additional MCT is not indicated

NUTRAMIGEN LIPIL 2 (formerly NUTRAMIGEN 2)

Established whole protein sensitivity and/or disaccharide intolerance in patients over 6 months in age.

NUTRAMIGEN AA

For use in the management of severe protein intolerance, multiple food intolerance and other gastrointestinal disorders where an amino acid based diet is specifically indicated for infants and young children.

BORDERLINE SUBSTANCES

NUTRINI

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, dysphagia, bowel fistulae, disease-related malnutrition and/or growth failure. Not to be prescribed for any child under one year.

NUTRINI ENERGY

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition and/or growth failure. Not to be prescribed for any child under one year.

NUTRINI ENERGY MULTIFIBRE

It is indicated for:

Short bowel syndrome, intractable malabsorption, pre operative preparation of undernourished patients, total gastrectomy, dysphagia, disease related malnutrition and growth failure.

NUTRINI LOW ENERGY MULTIFIBRE

It is indicated for:

Short bowel syndrome, intractable malabsorption, pre operative preparation of undernourished patients, total gastrectomy, dysphagia, disease related malnutrition and growth failure.

NUTRINI MULTIFIBRE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease , following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition and/or growth failure. Not to be prescribed for any child under one year.

NUTRINI PEPTISORB

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease , following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition and/or growth failure. Approved for children aged between one and six years.

NUTRIPREM 2**NUTRIPREM 2 LIQUID**

Suitable for catch-up growth in pre-term infants (ie less than 35 weeks at birth) and small for gestational age infants, until 6 months corrected age.

NUTRISON

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

NUTRISON 1000 COMPLETE MULTI FIBRE

For dietary management of disease related malnutrition in patients with low energy and/or low fluid requirements

NUTRISON 1200 COMPLETE MULTI FIBRE

Approved for short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, proven inflammatory bowel disease, following total gastrectomy, disease-related malnutrition and dysphagia.

BORDERLINE SUBSTANCES

NUTRISON ENERGY

As a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

NUTRISON ENERGY MULTIFIBRE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

NUTRISON MCT

As a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

NUTRISON MULTIFIBRE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

NUTRISON PROTEIN PLUS**NUTRISON PROTEIN PLUS MULTIFIBRE**

For use as dietary management of disease related malnutrition.

NUTRISON SOYA

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition, cows milk protein and lactose intolerance. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

NUTRISON SOYA MULTIFIBRE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition, cows milk protein and lactose intolerance. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

XV**ORALBALANCE DRY MOUTH SALIVA REPLACEMENT GEL**

See: Biotene Oralbalance

ORAL IMPACT

For preoperative nutritional support for patients who are malnourished or at risk of becoming malnourished.

ORGRAN GLUTEN-FREE PRODUCTS

OSMOLITE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

BORDERLINE SUBSTANCES

OSMOLITE 1.5 KCAL

As a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition, continuous ambulatory peritoneal dialysis (CAPD), and haemodialysis. Not to be prescribed for any child under one year; use with caution for young children up to five years of age

OSMOLITE PLUS

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not recommended for any child under ten years of age.

PAEDIASURE

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for children aged 1-10 years or 8-30kg for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, dysphagia, bowel fistulae, disease-related malnutrition and/or growth failure. Not to be prescribed for any child under one year.

PAEDIASURE FIBRE

For use as the sole source of nutrition, or as a necessary nutritional supplement prescribed on medical grounds for children aged 1-10 years or 8-30kg for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, dysphagia, bowel fistulae, disease-related malnutrition, and/or growth failure. Not to be prescribed for any child under one year

PAEDIASURE PEPTIDE

For children weighing 8-30kg with disease-related malnutrition and/or growth failure, short bowel syndrome, intractable malabsorption, bowel fistulae, dysphagia and for the pre-operative preparation of patients who are malnourished.

PAEDIASURE PLUS

For use as the sole source of nutrition, or as a necessary nutritional supplement prescribed on medical grounds for children aged 1-10 years or 8-30kg for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, dysphagia, bowel fistulae, disease-related malnutrition, and/or growth failure. Not to be prescribed for any child under one year

PAEDIASURE PLUS FIBRE

As a sole source of nutrition, or as a nutritional supplement for children aged 1-10 years or 8-30kg with disease-related malnutrition and/or growth failure, short bowel syndrome, intractable malabsorption, dysphagia, bowel fistulae, and for the pre-operative preparation of patients who are malnourished. Not to be prescribed for any child under one year.

PAEDIASURE PLUS JUCE

For use as a nutritional supplement for children weighing 8-30kg with disease related malnutrition and/or growth failure.

PAEDIATRIC SERAVIT

Vitamin and mineral supplement in restrictive therapeutic diets in infants and children.

PASTICELY GLUTEN-FREE PRODUCTS

See: Gluten-Free Products.

PEPDITE**PEPDITE 1+**

Disaccharide and/or whole protein intolerance, or where amino acids or peptides are indicated in conjunction with MCT.

PEPDITE 1+ (BANANA FLAVOUR)

Whole protein intolerance, or where amino acids or peptides are indicated in conjunction with MCT.

BORDERLINE SUBSTANCES**PEPTAMEN (FLAVOURED AND UNFLAVOURED)**

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, patients with proven inflammatory bowel disease, bowel fistulae. Not to be prescribed for any child under one year; use with caution for young children up to five years of age. This product may be flavoured with NESTLE NUTRITION FLAVOUR MIX.

PEPTAMEN HN

For use as a nutritionally complete high calorie peptide-based formula for optimal digestion in the dietary management of impaired gastrointestinal function.

For use as an enteral feed in patients with short bowel syndrome, intractable malabsorption, proven inflammatory bowel disease and bowel fistulae or with higher nutritional requirements.

PEPTAMEN JUNIOR LIQUID**PEPTAMEN JUNIOR POWDER**

For use as the sole source of nutrition or as a necessary nutritional supplement for children aged 1-10 years prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, patients with proven inflammatory bowel disease, bowel fistulae.

PEPTISORB

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:-

Short bowel syndrome, intractable malabsorption, patients with proven inflammatory bowel disease, bowel fistulae. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

PERATIVE

As a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under five years of age.

PHLEXY-10 EXCHANGE SYSTEM (CAPSULES AND DRINK MIX)

Phenylketonuria

PHLEXY-10 TABLETS

For Phenylketonuria only

PHLEXY-VITS**PHLEXY-VITS TABLETS**

For use as a vitamin and mineral component of restricted therapeutic diets for older children, from the age of around eleven years, and adults with phenylketonuria and similar amino acid abnormalities.

PHENYLALANINE AMINO ACID SUPPLEMENT

For use in the dietary management of inborn errors of metabolism only.

PK AID 4

Phenylketonuria

PK FOODS LOW-PROTEIN PRODUCTS

See: Low-Protein Products

PK FOODS LOW-PROTEIN RANGE (FLOUR MIX, EGG REPLACER, CHOCOLATE CHIP COOKIES, CINNAMON COOKIES, ORANGE COOKIES, JELLY MIX DESSERT ORANGE FLAVOUR, JELLY MIX DESSERT CHERRY FLAVOUR)

Phenylketonuria

PKU ANAMIX FIRST SPOON

For use in the dietary management of proven phenylketonuria for 6 months to 5 years of age.

PKU ANAMIX INFANT

For use in the dietary management of proven phenylketonuria in infants from birth to 12 months and as a supplementary feed up to 3 years of age.

BORDERLINE SUBSTANCES

PKU ANAMIX JUNIOR (FLAVOURED AND UNFLAVOURED) (formerly MINAPHEX FLAVOURED & UNFLAVOURED)

For use in the dietary management of children with phenylketonuria.

PKU ANAMIX JUNIOR LQ

For use in the dietary management of phenylketonuria for children aged 1-10 years of age.

PKU COOLER 10

For use in the dietary management of phenylketonuria for people over 3 years of age.

PKU COOLER 15

For use in the dietary management of phenylketonuria for people over 3 years of age.

PKU COOLER 20

For use in the dietary management of phenylketonuria for people over 3 years of age.

PKU EXPRESS

Phenylketonuria

PKU-GEL

As part of the low-protein dietary management of phenylketonuria in children aged one to ten years. Not recommended for children under one year of age.

PKU LOPHEX LQ 10

PKU LOPHEX LQ 20

For use in the dietary management of proven phenylketonuria in children aged 4 years and above and adults (includes use in pregnant women).

PKU START

For use in the dietary management of phenylketonuria.

POLIAL GLUTEN-FREE PRODUCTS

See: Gluten-Free Products.

POLYCAL (LIQUID & POWDER)

Disease related malnutrition, malabsorption states or other conditions requiring fortification with a high or readily available carbohydrate supplement.

PREGESTIMIL LIPIL (formerly PREGESTIMIL)

Disaccharide and/or whole protein intolerance, or where amino acids or peptides are indicated in conjunction with MCT.

PRO-CAL

PRO-CAL SHOT

PRO-CAL SHOT STARTER PACK

Disease-related malnutrition, malabsorption states or other conditions requiring fortification with a fat/carbohydrate supplement. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

PROCELI PRODUCTS

See: Gluten-Free Products

PROMIN LOW-PROTEIN PRODUCTS

See: Low-Protein Products

PROSOBEE LIQUID AND POWDER

Proven lactose and associated sucrose intolerance in pre-school children, galactokinase deficiency, galactosaemia and proven whole cows milk sensitivity.

PROSOURCE LIQUID

Biochemically proven hypoproteinaemia.

PROSURE

As a nutritional supplement for patients with pancreatic cancer.

PROTIFAR

Biochemically proven hypoproteinaemia.

BORDERLINE SUBSTANCES**PROVIDE XTRA**

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

PROZERO

For use in the dietary management of inherited metabolic disorders.

QUICKCAL

Disease-related malnutrition, malabsorption states or other conditions requiring fortification with a fat/carbohydrate supplement. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

RENAMIL

Chronic renal failure. Not suitable for infants and young children under one year of age.

RENAPRO

Dialysis and hypoproteinaemia. Not suitable for infants and children under one year of age.

RENASTART

For the dietary management of renal failure from birth to 10 years of age.

RENILON 7.5

For use as a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under three years of age.

RESOURCE 2.0 FIBRE

For use as the sole source of nutrition, or as a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under 6 years of age; use with caution for children up to ten years of age.

RESOURCE DESSERT ENERGY

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition, continuous ambulatory peritoneal dialysis (CAPD) and haemodialysis. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

RESOURCE DESSERT FRUIT (APPLE, APPLE-PEACH, APPLE-STRAWBERRY)

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition, continuous ambulatory peritoneal dialysis (CAPD) and haemodialysis. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

XV**RESOURCE ENERGY**

For use as the sole source of nutrition or as a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, proven inflammatory bowel disease, following total gastrectomy, dysphagia and disease related malnutrition.

RESOURCE FRUIT

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowl fistulae, disease-related malnutrition. Not suitable for any child under 3 years; maximum recommended amount of 3 units for 3+ to 6 years.

BORDERLINE SUBSTANCES

RESOURCE JUNIOR

For use as the sole source of nutrition or as a nutritional supplement prescribed on medical grounds for:
Disease-related malnutrition, short bowel syndrome, intractable malabsorption, pre-operative preparation of undernourished patients, proven inflammatory bowel disease, following total gastrectomy, bowel fistulae and dysphagia. Not to be prescribed for any child under one year.

RESOURCE OPTIFIBRE

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, bowel fistulae, disease-related malnutrition. Not to be prescribed for any child under five years of age.

RESOURCE PROTEIN

As a necessary nutritional supplement prescribed on medical grounds for:
Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae and disease-related malnutrition suitable as a supplement for patients over 3 years, 1 to 3 units per day under appropriate medical/dietetic supervision.

RESOURCE READY THICKENED DRINKS

Dysphagia. Not suitable for infants and children under one year of age.

RESOURCE SENIOR ACTIV

For the dietary management of malnourished or nutritionally at risk elderly.

RESOURCE THICKENUP WITHOUT VITAMINS AND MINERALS

Thickening of foods in dysphagia. Not to be prescribed for children under three years of age.

RESOURCE THICKENUP CLEAR

Patients requiring thickening of liquid or food for the management of dysphagia.

RESPIFOR

For the dietary management of disease related malnutrition in patients with chronic obstructive pulmonary disease (COPD) with a body mass index (BMI) of less than 20.

RIZOPIA GLUTEN-FREE PRODUCTS

See: Gluten-Free Products

SALIVEZE**SALIVIX PASTILLES**

Patients suffering from xerostomia (dry mouth) as a result of having or having undergone radiotherapy or sicca syndrome.

SCANDISHAKE MIX FLAVOURED AND UNFLAVOURED

Disease related malnutrition, malabsorption states or other conditions requiring fortification with a fat/carbohydrate supplement.

SHS FLAVOUR MODJUL

For use with any unflavoured product based on peptides or amino acids.

SHS FLAVOUR SACHETS

For use with SHS unflavoured amino acid and peptide based products.

SIMILAC HIGH ENERGY

As a sole source of nutrition or as a nutritional supplement for infants and young children up to 8kg body weight who have faltering growth, increased energy requirements and/or require a fluid restriction.

SLO DRINKS (BLACKCURRANT, HOT CHOCOLATE, LEMON, ORANGE AND WHITE COFFEE FLAVOURS)

For the dietary management of dysphagia.

SMA GOLD PREM 2

Catch up growth in preterm infants and small for gestational age babies on discharge from hospital until 6 months corrected age. It may be used as the sole source of nutrition until complementary feeding commences

SMA HIGH ENERGY

Disease-related malnutrition, malabsorption and growth failure in infancy.

BORDERLINE SUBSTANCES

SMA LF

Proven lactose intolerance

SMA STAYDOWN

For use in significant reflux disease, for use not in excess of a 6 month period and not to be used in conjunction with any other thickener or antacid product.

SNO-PRO DRINK

Phenylketonuria, chronic renal failure, and other inborn errors of metabolism

S.O.S. 10

For use in the dietary management of inherited metabolic disorders.

S.O.S. 15

For use in the dietary management of inherited metabolic disorders.

S.O.S. 20

For use in the dietary management of inherited metabolic disorders.

S.O.S. 25

For use in the dietary management of inherited metabolic disorders.

SUNNYVALE PRODUCTS

See: Gluten-Free Products

SUNSENSE ULTRA (EGO) SPF 50+

Protection from UV radiation in abnormal cutaneous photosensitivity resulting from genetic disorders or photodermatoses, including vitiligo, and those resulting from radiotherapy; chronic or recurrent herpes simplex labialis.

SUPLENA LIQUID NUTRITION

Patients with chronic or acute renal failure who are not undergoing dialysis; patients with chronic or acute liver disease with fluid restriction; other conditions requiring a high energy, low protein, low electrolyte, low volume enteral feed.

SUPPORTAN**SUPPORTAN DRINK**

For the dietary management of patients with pancreatic cancer and patients with lung cancer undergoing chemotherapy. Not suitable for children under 1 year; use with caution in children 1-4 years.

SURVIMED OPD

As a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia, bowel fistulae, disease-related malnutrition and/or growth failure. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

TARANIS LOW-PROTEIN PRODUCTS

See: Low-Protein Products

TENTRINI**TENTRINI ENERGY**

As indicated for:-

Short bowel syndrome, intractable malabsorption, pre operative preparation of undernourished patients, inflammatory bowel disease, total gastrectomy, bowel fistulae, dysphagia, disease related malnutrition and growth failure.

TENTRINI ENERGY MULTI FIBRE**TENTRINI MULTI FIBRE**

As indicated for:-

Short bowel syndrome, intractable malabsorption, pre operative preparation of undernourished patients, inflammatory bowel disease, total gastrectomy, dysphagia, disease related malnutrition and growth failure.

BORDERLINE SUBSTANCES

THICK AND EASY**THIXO-D**

Thickening of foods in dysphagia. Not to be prescribed for children under one year old except in cases of failure to thrive.

TOBIA TEFF PRODUCTS

See: Gluten-Free Products

TRITAMYL PRODUCTS

See: Gluten-Free Products

TYR ANAMIX INFANT

For use in the dietary management of proven tyrosinaemia when plasma methionine is normal in infants from birth to 12 months and as a supplementary feed up to 3 years of age

TYR ANAMIX JUNIOR

For the dietary management of proven tyrosinaemia in children aged 1-10 years.

TYR ANAMIX JUNIOR LQ ORANGE

For the dietary management of children with Tyrosinaemia Type I (when NTBC used), Type II and Type III aged 1 year and over.

TYR COOLER

For use in the nutritional management of the inherited metabolic disorder of Tyrosinaemia, aged 3 years and above.

TYR EXPRESS

For the dietary management of Tyrosinaemia in patients aged 8 years and over.

TYR GEL

A Tyrosine and Phenylalanine free protein substitute for use in the dietary management of Tyrosinaemia, approved for patients between the ages 12 months and 10 years.

TYROSINE AMINO ACID SUPPLEMENT

For use in the dietary management of Phenylketonuria and other inborn errors of amino acid metabolism.

ULTRA GLUTEN-FREE AND LOW-PROTEIN PRODUCTS

See: Gluten-Free and Low-Protein Products

ULTRA PKU LOW-PROTEIN PRODUCTS

See: Low-Protein Products

UVISTAT LIPSCREEN SPF 50**UVISTAT SUNCREAM SPF 30****UVISTAT SUNCREAM SPF 50**

Protection from UV radiation in abnormal cutaneous photosensitivity resulting from genetic disorders or photodermatoses, including vitiligo and those resulting from radiotherapy; chronic or recurrent herpes simplex labialis.

VALINE AMINO ACID SUPPLEMENT

For use in the dietary management of maple syrup urine disease (MSUD) and other inborn errors of amino acid metabolism.

VALPIFORM GLUTEN-FREE

See: Gluten-Free

VEGENAT MED (APPLE, CHICKEN, CHICKPEAS, CHOCOLATE, CURRY CHICKEN, FISH, FISH AND VEGETABLES, HAM, HONEY, LEMON, LENTILS, ORANGE, RICE AND LEMON, SAVOURY, VEAL, VEGETABLES, WINTER VEGETABLES AND RICE WITH APPLE FLAVOURS)

As a necessary nutritional supplement prescribed on medical grounds for:

Short bowel syndrome, intractable malabsorption, pre-operative preparation of patients who are undernourished, patients with proven inflammatory bowel disease, following total gastrectomy, dysphagia and disease-related malnutrition.

BORDERLINE SUBSTANCES**VEIL COVER CREAM****VEIL FINISHING POWDER**

See: Covering Creams

VITA-BITE

Inherited metabolic disorders, renal or liver failure requiring a low protein diet. Not recommended for any child under one year of age.

VITAFLO FLAVOUR PAC

Specifically designed to use in conjunction with Vitaflo's Inborn Error range of protein substitutes.

VITAJOULE

Disease related malnutrition, malabsorption states or other conditions requiring fortification with a high or readily available carbohydrate supplement.

VITAMIN & MINERAL PREPARATIONS

Only in the management of actual or potential vitamin or mineral deficiency; not to be prescribed as dietary supplements or "pick-me-ups".

VITAPRO

Biochemically proven hypoproteinaemia.

VITAQUICK

Thickening of foods in dysphagia. Not to be prescribed for children under one year old except in cases of failure to thrive.

VITASAVOURY

Disease-related malnutrition, malabsorption states or other conditions requiring fortification with a fat/ carbohydrate supplement. Not to be prescribed for any child under one year; use with caution for young children up to five years of age.

VSL#3

For use under the supervision of a physician for the maintenance of remission of ileoanal pouchitis only in adults as induced by antibiotics.

WELLFOODS GLUTEN-FREE PRODUCTS

See: Gluten-Free Products

WYSOY

Proven lactose and associated sucrose intolerance in pre-school children, galactokinase deficiency, galactosaemia and proven whole cows milk sensitivity.

XLEU FALADON**XLEU MAXAMAID**

Isovaleric acidaemia

XLYS LOW TRY MAXAMAID

Glutaric aciduria

XLYS MAXAMAID

Hyperlysinemia

XLYS TRY GLUTARIDON

Type 1 glutaric aciduria

XMET HOMIDON

Homocystinuria or hypermethioninaemia

XMET MAXAMAID**XMET MAXAMUM**

Hypermethioninaemia, homocystinuria

XMTVI ASADON

Methylmalonic acidaemia or propionic acidaemia

XMTVI MAXAMAID

Methylmalonic acidaemia and propionic acidaemia

XMTVI MAXAMUM

Methylmalonic acidaemia and propionic acidaemia

BORDERLINE SUBSTANCES

XP MAXAMAID (ORANGE AND UNFLAVOURED)

XP MAXAMUM (ORANGE AND UNFLAVOURED)

Phenylketonuria. Not to be prescribed for children under 8 years old.
Tyrosinaemia

XPHEN TYR MAXAMAID

XPHEN TYR TYROSIDON

Tyrosinaemia where plasma methionine levels are normal

XPTM TYROSIDON

Tyrosinaemia type 1 where plasma levels are above normal

BORDERLINE SUBSTANCES**LIST B**

This is a cross index listing clinical conditions and the products which the ACBS has approved for the management of those conditions. It is essential to consult LIST A for more precise guidance.

LIST C

LIST C

The products which have been considered by the ACBS and may not be prescribed on Form FP10, are now included in Part XVIII.

NOTES ON CHARGES

NOTES ON CHARGES FOR DRUGS AND APPLIANCES PAYABLE UNDER REGULATIONS MADE UNDER SECTION 172(1) AND (2) OF THE NATIONAL HEALTH SERVICE ACT 2006 AND SECTION 121(1) AND (2) OF THE NATIONAL HEALTH SERVICE ACT (WALES) ACT 2006

- (i) Information about the number of charges payable is in paragraph 11 - with examples of the application of the charging arrangements in paragraph 12.
- (ii) Where the arrangements or charge rates differ between England and Wales, provisions for England (ie set out in regulations made in England) apply to prescriptions dispensed by community pharmacists, appliance contractors and dispensing doctors in agreement with Primary Care Trusts (PCT) in England. Provisions for Wales (ie set out in regulations made in Wales) apply to prescriptions dispensed by community pharmacists, appliance contractors and dispensing doctors in agreement with Local Health Boards (LHB) in Wales. The cost of prescription prepayment certificates (PPCs) will apply in accordance with the normal address of the patient. Details are in paragraph 6.
- (iii) Any PPC or exemption certificate issued in England, Northern Ireland, Scotland or Wales is valid across the UK.
- (iv) In the following paragraphs, where no separate provision for Wales is noted, the same provisions apply in England and Wales.

1. CHARGES PAYABLE

£7.20 (England) for each prescription item, preparation or type of appliance including each anklet, legging, knee-cap, below-knee, above knee or thigh stocking. In Wales from 1 April 2007 there will be no prescription charge for a patient (or the patient's representative) who presents a Welsh prescription form (WP10, or another in that series) or for a patient (or a person on a patient's behalf) who present an English prescription form (FP10) with a valid Entitlement Card). No charge is payable for Oxygen concentrators from 1 April 1992.

2. PHARMACY AND APPLIANCE CONTRACTORS

Unless a completed declaration of entitlement to exemption or remission (paragraphs 4 and 5) is made on the prescription form, a charge is payable for each drug or appliance supplied, including each piece of elastic hosiery.

In order to secure exemption of or remission from prescription charges when presenting a prescription form to a pharmacy, or appliance contractor, the patient, or a person on his behalf, must complete the declaration on the back of the prescription form. The regulations have now been changed to require them to do so.

Patients, or their representatives, are also required to sign the prescription form to declare that a charge has been paid. Charges are retained by the dispensing practitioner whose payment for provision of pharmaceutical services is adjusted accordingly.

In Wales: From 1 April 2007 there is no longer any requirement for a patient or their representative to sign the declaration on the reverse of a WP10 to be exempt from paying a prescription charge. However, if a patient presents an FP10 for dispensing in a Welsh pharmacy and it is not accompanied by a valid Entitlement Card then the declaration must be signed in the usual way or a charge paid in accordance with the English regulations made under section 121(1) and (2) of the National Health Service Act 2006.

XVI

3. DISPENSING DOCTORS

Unless a completed declaration of entitlement to exemption or remission (paragraphs 4 and 5) is made on the prescription form, the charges set out at (1) above are payable in respect of each item supplied by a dispensing doctor. In order to secure exemption or remission from prescription charges when presenting a prescription form to a dispensing doctor, the patient, or a person on his behalf, must complete the declaration on the back of the prescription form. The regulations have now been changed to require them to do so.

Patients, or their representatives, are also required to sign the prescription form to declare that a charge has been paid. Charges are retained by the dispensing practitioner whose payment for provision of pharmaceutical services is adjusted accordingly.

NOTES ON CHARGES

In Wales: From 1 April 2007 there is no longer any requirement for a patient or their representative to sign the declaration on the reverse of a WP10 in order to secure exemption from paying a prescription charge.

When an item dispensed by a dispensing doctor is delivered to a patient outside the surgery, every reasonable effort should be made to obtain a signed declaration from the patient that they have either paid the charge or are exempt.

However, there will be occasions when repeat prescriptions are delivered to points outside the surgery, or for example for collection from village shops to rural areas. Where a patient is exempt from charges and it is not practical for the patient to sign the form, a dispensing doctor or responsible member of the practice team should mark the reverse of the form as "remote delivery" and sign the form.

4. PEOPLE ENTITLED TO EXEMPTION

Provided that the appropriate declaration is received, a charge is not payable to the pharmacist, appliance contractor or dispensing doctor for drugs or appliances, including elastic hosiery, supplied for:

- 4.1 Children aged under 16;
- 4.2 Young people aged 16, 17 or 18 in qualifying full-time education;
- 4.3 People aged 60 and over.
- 4.4 People holding a valid exemption certificate, which is issued to:
 - 4.4.1 expectant mothers;
 - 4.4.1 women who have borne a child or women who have given birth to a child in the last 12 months;
 - 4.4.2 people suffering from the following specified conditions who have a valid exemption certificate:
 - permanent fistula (for example, caecostomy, colostomy, laryngostomy or ileostomy) requiring continuous surgical dressing;
 - a form of hypoadrenalism (for example, Addison's Disease) for which specific substitution therapy is essential;
 - diabetes insipidus and other forms of hypopituitarism;
 - diabetes mellitus, except where treatment is by diet alone;
 - hypoparathyroidism;
 - myasthenia gravis;
 - myxoedema (that is, hypothyroidism requiring thyroid hormone replacement);
 - epilepsy requiring continuous anti-convulsive therapy;
 - a continuing physical disability which means they cannot go out without the help of another person;
 - for further information about the exemption for cancer please see 4.8.
- 4.5 War pensioners holding a War Pension exemption certificate for prescriptions needed for treating their accepted disablement;
- 4.6 People who have purchased a Prescription Prepayment Certificate (PPC), which is valid at the point of dispensing.
- 4.7 From 1 April 2008 released prisoners who present an FP10 or FP10 (MDA) will not have to pay a prescription charge for any item on that form if the following applies:

'HMP', the prison name, address and the prison telephone number is printed in the box provided for the practice address on the front of the form, with the prescribing code and responsible Primary Care Trust code.

The patient does not have to sign the declaration, but should print their name and address if different from the front of the form. Should the patient be homeless the use of 'No Fixed Abode' is acceptable in part 3 of the form.

NOTES ON CHARGES

- 4.8 From 1 August 2010, any patient who presents an NHS prescription form originating from Northern Ireland (coded HS21CS) will not pay a prescription charge for any items on that form that are dispensed in England.

Following the abolition of prescription charges in Northern Ireland on 1 April 2010, a new prescription form (coded HS21CS) has been produced in Northern Ireland and this is now in circulation. The form does not include a tick box and declaration section on the reverse of the form, but does include a signature box for those collecting controlled drugs.

The previous version of the Northern Ireland prescription form may be in circulation for the time being. Both versions of the forms must be dispensed without collecting prescription charges. A patient or patient representative signature is not required on either version of the form (except in the case of schedule 2 & 3 controlled drugs when a collector's signature is still required).

- 4.9 **EXTENSION OF THE LIST OF MEDICAL CONDITIONS GIVING EXEMPTION FROM NHS PRESCRIPTION CHARGES: GUIDANCE FOR DOCTORS**

ALL CONDITIONS

We ask all doctors to advise patients of their entitlement to medical exemption from prescription charges and give them a form FP92A once a relevant diagnosis is made. Application for an exemption certificate should only be made once the diagnosis of one of the medical condition listed on the FP92A is confirmed. The exemption certificate will be backdated one month from the date the application is received but cannot start before 1 April 2009 in respect of cancer exemption.

Exemption certificates only apply to charges for NHS prescriptions but they cover all prescriptions, not just those for the exempting condition.

Pending receipt of an exemption certificate, patients should ask the dispenser for an NHS receipt (FP57) (which is also a refund claim form) when they pay a prescription charge.

Patients who are aged 60 and over are exempt from NHS prescription charges on age grounds and do not need to apply for a medical exemption certificate. Patients who are exempt because they are receiving a relevant benefit, for example income support, may wish to apply for a medical exemption certificate so they are covered if their financial circumstances change.

Applications for medical exemption for all patients, including cancer patients, are made to, and exemption certificates issued by, the NHS Business Services Authority (BSA) on behalf of the Secretary of State. Certificates run for 5 years and are in respect of all NHS prescriptions, not just those for the exempting medical condition. Certificates can be used until the end date shown. A reminder will be issued automatically and the certificate may then be renewed if the qualifying conditions still apply. Certificates do not have to be returned if the patient's condition changes. They should be returned on the death of the patient so the system may be noted and no reminders sent.

Application forms FP92A are only available for NHS use. They are normally purchased and distributed by PCTs. They have been revised to include cancer patients and on this occasion, they will be purchased and distributed direct to practices by the NHSBSA.

Regulations are changed so that only the new version FP92As - clearly marked 1 January 2009 - should be used from 9 February 2009. The new version FP92As can be used as soon as they are received and old versions should be destroyed securely. Further supplies should be ordered from your PCT in the usual way.

XVI

If a patient receiving private treatment has an NHS doctor, they may apply for exemption if the doctor has access to records to enable him/her to confirm the patient's statement

CANCER

The Charges Regulations have been amended to extend the medical exemption to include cancer patients. They will give exemption from charges for cancer patients in respect of all prescription items (not just those for cancer) dispensed on or after 1 April 2009. Cancer patients may apply for exemption certificates from 9 February but their exemption certificates will not start until 1 April 2009. The new version of the FP92A must be used. Exemption certificates for cancer patients will last for 5 years and can be used to their end date even if the patient's cancer treatment finishes during that period. At the end of 5 years a new application may be made if the patient still meets any of the conditions in (i) - (iii) below.

NOTES ON CHARGES

The regulations will state:

“No charges shall be payable by a person with a valid exemption certificate issued by the Secretary of State on the ground that the person is undergoing treatment for –

- (i) cancer;
- (ii) the effects of cancer; or
- (iii) the effects of cancer treatment”.

The words used are intended to have the following meanings but interpretation is a matter for the doctor’s clinical judgement in deciding whether or not to confirm the patient’s statement and sign the application form.

The new medical exemption is not intended for patients who have been treated and are now apparently clear of cancer where no further treatment is planned. In these cases, treatment does not include routine follow ups with planned discharge later.

Advisory sunscreen because of risk of skin cancer is not a qualifying condition for exemption. This does not preclude prescribing sunscreens (per drug tariff) where clinically appropriate.

“**Cancer**”: means diagnosed cancer (any cancer), not suspected cancer, eg skin lesion where no biopsy (or diagnostic test) has been carried out, nor pre-cancerous cells, eg following smear test.

“**Undergoing**” means continuing treatment not just one episode such as nitrogen freezing of a skin lesion with no further treatment planned

“**Treatment**” for diagnosed prostate cancer is in accordance with NICE guidelines as at: www.nice.org.uk

“**Treatment**” includes a course of tamoxifen following diagnosed cancer or similar drug to like effect. It also includes the prescription of lymphoedema garments needed as an effect of cancer or its treatment. These are listed in the Drug Tariff and can be prescribed on an FP10.

“**The effects of cancer**” includes palliative care if treatment for cancer itself has ceased (eg pain relief). It also includes effects directly related to cancer that did not exist before the diagnosis, for example change in mental health. The effects of cancer (and cancer treatment) would also include “ostomies” although these patients could apply for an exemption certificate if they have a permanent fistula.

“**The effects of cancer treatment**” may be in respect of current treatment or previous treatment and could arise some time after the treatment. They include all the side-effects of cytotoxic drugs listed in chapter 8 of BNF and includes prevention of side effects of these drugs. This is an example, not exhaustive, and effects of treatment also include late effects of radiation, including the need for camouflages, and secondary lymphoedema.

- 4.10 In Wales: From 1 April 2007 all patients (including temporary residents) who have prescriptions issued by prescribers contracted to a Local Health Board or Welsh NHS Trust, or those patients in possession of a valid Entitlement Card and a prescription written by a prescriber contracted to a PCT or an English NHS Trust, are eligible for free prescriptions. In all other cases the English charge will apply unless the patient is entitled to an exemption as specified above.

5. NO PRESCRIPTION CHARGE EXEMPTION DECLARATION NEEDED FROM CERTAIN PATIENTS

1. In England from 1 April 2005 certain patients exempt on age grounds (aged under 16 in England or aged 60 or over) are no longer required to make a declaration of entitlement to claim exemption from prescription charges. (This means that certain patients do not have to complete any part of the exemption declaration i.e. will not have to fill in Part 1, 2, 3 or sign the declaration. In such cases pharmacists will not have to complete any part of the patient declaration.)
2. This easement applies only to patients (and representatives acting on behalf of patients) whose date of birth is automatically printed out on a hard copy paper prescription or inserted into an electronic prescription by an appropriate computer system that stores the patient’s NHS care record. This easement also applies to repeat prescriptions (both electronic and paper) in the same way.
3. Those patients who are given an electronic prescription and who claim exemption from prescription charges on age grounds but whose date of birth is not held on the NHS care record will have to continue to make an exemption declaration. The same will also apply to those patients who are given hand written prescription forms where the date of birth is inserted manually.

NOTES ON CHARGES

6. PEOPLE ENTITLED TO REMISSION

- 6.1 People, who are included in an award of Income Support, Income based Jobseeker's Allowance or Income Related Employment and Support Allowance;
- 6.2 People, who are included in an award of Pension Credit Guarantee Credit;
- 6.3 People, whose family income for tax credits is £15,276 or less (the limit is valid from 6 April 2009) and:
- 6.3.1 they get Working Tax Credit (WTC) and Child Tax Credit (CTC); or
- 6.3.2 they get WTC with a disability or severe disability element; or
- 6.3.3 they are not eligible for WTC but get CTC.
- 6.4 HM Revenue & Customs send information to the NHSBSA, Help with Health Costs about people getting tax credits who are entitled to remission. Help with Health Costs send exemption certificates to these people. The certificate can be used as evidence of their entitlement to remission.
- 6.5 From 27 October 2008 people who are included in an award of Income Related Employment and Support Allowance should tick box H *gets Income Support or income-related Employment and Support Allowance, on the reverse of the new prescription form (version 0608) to claim free prescriptions.
- If the old version of the prescription form is presented for dispensing, the person should be instructed to tick box H *gets Income Support.
- Evidence should be provided in the form of an Employment and Support Allowance award notice. Note: receipt of the contribution based Employment and Support Allowance alone does not entitle a person to free prescriptions.
- 6.6 People and their partners who are named on an NHS Charges certificate HC2 because they are entitled to full help through the NHS Low Income Scheme.
- 6.7 Leaflet HC11 and the equivalent HC11W in Wales provides information for patients about help with health costs within the respective countries. HC11 is on the Department of Health's website at www.dh.gov.uk/helpwithhealthcosts. HC11W is also available at www.wales.gov.uk/healthforms.
- 6.8 Leaflet HC12 and the equivalent HC12W in Wales provides information for patients about NHS charges and optical voucher values within the respective countries. HC12 is on the Department of Health's website at www.dh.gov.uk/helpwithhealthcosts. HC12W is also available at www.wales.gov.uk/healthforms.
- 6.9 Copies of both HC11 (HC11W in Wales) and HC12 (HC12W in Wales) should be made available to patients. They may be ordered free of charge from your PCT in England and requested from your LHB in Wales, or direct from:
- In England
- NHS Forms Orderline, 3M Security Printing and Systems Ltd, Gorse Street, Oldham, OL9 9QH by letter;
 - 0161 683 2188 by fax;
 - 0845 610 1112 by telephone;
 - nhsforms@spsl.uk.com by email
 - web: www.nhsforms.co.uk
- In Wales
- Welsh Assembly Government, PO Box 2000, St. Helens, WA11 9XY by letter;
 - 01942 271 717 by fax;
 - 01623 724 233 by telephone;
 - welshassembly@prolog.uk.com by email

NOTES ON CHARGES

7. PRESCRIPTION CHARGE REFUND PROCEDURE

1. This guidance applies to refunds of prescription charges in England only. Patients enquiring about getting a refund paid in Scotland should call the following number

Scotland - 0131 275 6076

Or they can write to: Practitioner Services (Pharmacy Repayments), 1 South Gyle Crescent, Edinburgh, EH12 9EB, Scotland

Security of forms

2. Prescription refund and receipt forms are secure items and should not be left in locations where they may be accessed by the public. They should be locked away when not required. Only authorised staff may process prescription refunds. If a pad or a form disappears, or cannot be accounted for, report this urgently to the Primary Care Trust (in England) or Business Services Centre (in Wales). Pharmacists should be alert to the possibility of misuse of the forms.

When to issue Prescription refund and receipt forms

3. Only issue a prescription refund and receipt form when the patient (or representative) requests this (but see paragraph 8 below) or is in genuine doubt about whether they might be exempt from prescription charges, or they have applied (or are thinking about applying) for a prescription charge exemption certificate or prepayment certificate.

4. When a patient (or representative) states they do not have to pay prescription charges because they are in an exempted group or hold a pre-payment certificate, they are not required to pay a charge simply because they do not have any evidence of entitlement. If they are prepared to sign to say they are exempt, they should complete and sign the declaration on the reverse of the prescription form. The "evidence not seen" box should be crossed, as per normal Point of Dispensing check procedures.

5. Only issue a prescription refund and receipt form at the time the prescription charge is paid. Later requests may be an attempt to get a second form to obtain a double refund fraudulently. If the patient or their representative is persistent in their request and they have grounds why they do not have a prescription refund and receipt, they should be advised to write to NHSBSA, Help with Health Costs, Sandyford House, Newcastle Upon Tyne, NE2 1DB or ring 0845 8501166, to explain why they were unable to obtain an FP57. Their Review Section will examine the claim and will either send a payment directly to the patient or advise the patient why they do not qualify.

6. If a receipt is required by a carer or representative, for example to show that the charge was paid, a till receipt may be sufficient proof. Only if a refund may be required should the patient be issued with a prescription refund and receipt form.

Issuing prescription refund and receipt forms

7. Part A must be fully completed by the dispenser or an authorised member of staff. There must be no alterations to the amounts or the quantities in Part A. If a mistake is made, then start again with a new form and cross through the discarded form in such a way that it cannot be used and write, "CANCELLED" diagonally across it. The dispenser can initial any other alterations elsewhere on the form. Any forms which have been discarded due to alterations or mistakes in Part A should be kept for audit purposes.

8. The dispenser's stamp and date of payment must be on the form with the patient's name and address, the rate of prescription charge paid per item, the number of charges paid and the total paid.

Pharmacies processing forms for refunds

9. Patients should preferably return the prescription refund and receipt form to the community pharmacy that issued it. However, if this is not possible they may take the form to the most convenient pharmacy (normally in the country where the charge was paid.)

10. Community pharmacists should accept the claim even if the form was issued by a hospital or other NHS organisation. If a dispensing doctor or appliance contractor has taken a payment and the patient requires a refund the dispensing doctor or appliance contractor must provide the patient with a prescription refund and receipt form. The patient should go to a community pharmacy to obtain the refund.

11. Pharmacists in England may make refunds for prescription refund and receipt forms issued in England, Scotland or Wales. The paid form will be sent to the NHSBSA, NHS Prescription Services (In England). Pharmacists in Wales may make prescription refunds on Welsh receipt and refund forms (WP57) only. The paid form should be sent to Powys LHB via the Business Services Centre local offices (In Wales) in the normal way.

NOTES ON CHARGES

12. When a patient presents a prescription refund and receipt form for payment, the pharmacist (or any member of staff who would normally collect a prescription charge) should check the following:

- serial number on the form to ensure it is in the same format as the forms held by that pharmacy;
- that there are no alterations to the amounts or quantities in Part A and the form appears genuine, e.g. there is no white border indicating that it is a "home produced" copy.

13. If the form is not in order the pharmacist should phone the NHSBSA, Counter Fraud and Security Management Division fraud line number 08702 400100 (In England) and CFS Wales on 01495 745844 (In Wales).

14. If the form is in order, take the following steps:

- Check that the claim is being made within three months of the date the charge was paid, or the patient has an authorised form (LIS04(P)) from NHSBSA, Help with Health Costs
- Request evidence of entitlement to exemption or sight of form LIS04(P) authorising payment
- Check that the evidence relates to the patient
- Check that the evidence covers the date the charge was paid
- Note on the form what was produced, e.g. tax credit exemption certificate
- Note on the form the reference number on the exemption document (where applicable) e.g. 1234365
- Note on the form the LIS04(P) form reference number and date
- The person claiming the refund must print their name and address (i.e. the representative's details where appropriate)
- Pay the amount shown in Part A of the form
- Obtain signature of patient, or representative, and date for the cash
- Ensure that you, or the member of staff authorised to make refunds sign and print their name on the FP57/WP57 form.

Time Limit for making claims

15. A refund must be claimed within 3 months of the date on which the prescription charge was paid (e.g. if charge is paid 1 January, the refund must be claimed by 31 March). If more than 3 months have elapsed between the time the charge was paid and the prescription refund and receipt form is presented for payment, the refund may not be paid unless the patient has a form LIS04(P).

16. In the event of a late claim, patients will need to send the prescription refund and receipt form to NHSBSA, Help with Health Costs, Sandyford House, Newcastle Upon Tyne NE2 1DB and explain why they did not claim the refund within the 3 month time limit. Their Review Section will examine the claim and either authorise a refund by sending form LIS04(P) or advise the patient why they do not qualify.

Old style forms

17. You may be presented with the FP57/WP57 (0403) version of the form. If a patient does produce a 0403 form, the refund may be paid as long as either the form is presented within three months of the charge being paid, or the patient has an authorised form LIS04(P).

XVI

8. PREPAYMENT CERTIFICATES (PPCs)

In England, a patient can buy a PPC:

- 8.1 Over the internet, using their debit or credit card, at www.nhsbsa.nhs.uk/ppc;
- 8.2 Over the telephone, using their debit or credit card, by calling 0845 850 0030;
- 8.3 By post, making payment by cheque, postal order, or their debit or credit card by completing the PPC application form (FP95);
- 8.4 By 10 monthly direct debit instalments of £10.40. These PPCs are available by post, by completing the PPC application form (FP95), telephone, by calling 0845 850 0030 or internet, at www.nhsbsa.nhs.uk/ppc. This applies from 1 July 2007 and for 12 month PPCs only.

NOTES ON CHARGES

8.5 At a pharmacy registered to sell PPCs on behalf of the NHSBSA. A list of pharmacies registered to sell PPCs can be found at www.nhsbsa.nhs.uk/ppc.

PPCs may start up to one month earlier or one month later than the NHSBSA, Help with Health Costs receive the application.

Doctors and pharmacists could greatly assist any patient who makes frequent payments for prescriptions by drawing attention to the availability of PPCs. These certificates cost £104.00 (England) for one year or £28.25 (England) for three months.

They are worthwhile for anyone requiring more than 14 prescription items in 12 months or 4 items in three months. For the convenience of patients, pharmacists are asked to hold PPC application forms FP95 (which are also available from PCTs).

9. BULK PRESCRIPTION

Charges are not payable in respect of "bulk" prescriptions for schools or institutions supplied in accordance with the Regulations See Note 9, Part VIII (page 88).

10. CONTRACEPTIVE SERVICES

No charge is payable for contraceptive substances and listed contraceptive appliances for women prescribed on FP10 or any of its variants.

The great majority of family planning prescriptions will be for contraceptive devices (See Part IXA) spermicidal gels, creams, films, pessaries and aerosols; or those systemic drugs promoted as contraceptives which are listed below: prescriptions for those products will not be specially marked and a prescription charge should not be levied.

Prescriptions for other drugs - If the prescription is for contraceptive purposes the prescriber should mark the item with the symbol ♯ (or endorse the item in another way which makes it clear that the prescription is for contraceptive purposes) and a prescription charge should not be levied for any items so marked. In the absence of such an endorsement by the prescriber, the normal prescription charge will apply to that item.

Where a dispensing doctor paid on the Drug Tariff basis supplies for contraceptive purposes a drug which is not on the list he should mark the item with the symbol ♯ (or endorse the item in another way which makes it clear that the prescription is for contraceptive purposes) on the prescription form before it is submitted for pricing.

List of Contraceptive Drugs to be Dispensed Free of Charge:

Bi Novum	Mercilon
Brevinor	Microgynon 30
Cerazette	Microgynon 30 ED
Cilest	Micronor

Medroxyprogesterone Acetate Injection (Aqueous Suspension) 150mg/5ml	

NOTES ON CHARGES

11. NOTES ON THE NUMBER OF CHARGES PAYABLE

11.1 SINGLE PRESCRIPTION CHARGE PAYABLE

Unless the patient claims exemption a single prescription charge is payable where:

- 11.1.1 The same drug or preparation is supplied in more than one container.
- 11.1.2 Different strengths of the same drug are ordered as separate prescriptions on the same prescription form (see also paragraph 12.4.2).
- 11.1.3 More than one appliance of the same type (other than hosiery*) is supplied.
- 11.1.4 A set of parts making up a complete appliance is supplied.
- 11.1.5 Drugs are supplied in powder form with the solvent separate for subsequent admixing.
- 11.1.6 A drug is supplied with a dropper, throat brush, or vaginal applicator.
- 11.1.7 Several flavours of the same preparation are supplied.

More than one prescription charge is payable where:

11.2 MULTIPLE PRESCRIPTION CHARGES PAYABLE

- 11.2.1 Different drugs, types of dressing or appliances are supplied.
- 11.2.2 Different formulations or presentations of the same drug or preparation are prescribed (but see 12.4.2) and supplied.
- 11.2.3 Additional parts are supplied together with a complete set of apparatus or additional dressing(s) together with a dressing pack.
- 11.2.4 More than one piece of elastic hosiery* is supplied.

* (Anklet, legging, knee-cap, below-knee, above knee or thigh stocking).

12. EXAMPLES OF APPLICATION OF PRESCRIPTION CHARGE ARRANGEMENTS**"NO CHARGE" ITEM**

The number of "no charge" items (ie items which are counted as prescriptions for pricing purposes but which do not carry a prescription charge) should be included on the invoice submitted with the prescription forms to the Pricing Authority.

		Professional Fees	Number of Prescription Charges	No Charge Prescriptions
12.1	LIQUIDS			
	Required by the prescriber to be supplied in more than one container. Certain preparations, if extemporaneously dispensed, may be subject to additional fees, (see Part IIIA paragraph 2).

Tetracycline Tablets BP

* The title covers strengths of 120mg/5ml and 250mg/5ml, it is therefore necessary to specify the strength required.

**NURSE PRESCRIBERS' FORMULARY FOR COMMUNITY PRACTITIONERS (IN WALES
DISTRICT NURSES AND HEALTH VISITORS)**

Part XVIIIB(i)

List of preparations as determined by the Secretary of State for Health as respects England and the Welsh Ministers as respects Wales which may be prescribed by Community Practitioner Nurse Prescribers on Form FP(10)P (Forms WP10 (CN) and WP10 (PN) in Wales) for NHS patients under Section 41(1)(d) of the National Health Service Act 1977 as respects England and under Section 80(3)(d) of the National Health Service (Wales) Act 2006 as respects Wales.

Community Practitioner Nurse Prescribers (in Wales district nurses and health visitors) who have completed the necessary training may only prescribe items appearing in the Nurse Prescribers' Formulary for Community Practitioners list set below.

NURSE PRESCRIBERS' FORMULARY FOR COMMUNITY PRACTITIONERS

See Also: Drug Tariff Part 1, 2, 3; Note 7 to Part IXA, B, C and Note 1 to Part IXR

Nurses are recommended to prescribe generically, except where this would not be clinically appropriate or where there is no approved generic name.

- 1 Only in quantities up to 100
- 2 Except pack sizes that are not to be prescribed under the NHS (See Part XVIII A)
- 3 Except for indications and doses that are POM
- 4 Notes for Nurse Prescribers in Family Planning Clinics - Where it is not appropriate for nurse prescribers in family planning clinics to prescribe contraceptive devices using Form FP10(P) (forms WP10(CN) and WP10(PN) in Wales), they may prescribe using the same system as doctors in the clinic.

Medicinal Preparations

Almond Oil Ear Drops BP
 Arachis Oil Enema NPF
¹ Aspirin Tablets Dispersible 300mg BP
 Bisacodyl Suppositories BP (includes 5mg and 10mg strengths)

Mouthwash Solution-tablets NPF	
Nicotine Inhalation Cartridge for Oromucosal Use NPF	

Appliances and Reagents (Including Wound Management Products)

All Appliances and Reagents included in this list must comply with the description, specifications, sizes, packs and quantities as specified in the relevant entry in Part IX of the Drug Tariff

Appliances as listed in Part IXA (including Contraceptive Devices⁴)

Incontinence Appliances as listed in Part IXB

Stoma Appliances and Associated Products as listed in Part IXC

Chemical Reagents, as listed in Part IXR

NURSE, PHARMACIST & OPTOMETRIST INDEPENDENT PRESCRIBING

From April 2006, the Nurse Prescribers' Extended Formulary is discontinued. From May 2006, Nurse Independent Prescribers (formerly known as Extended Formulary Nurse Prescribers) are able to prescribe any licensed medicine for any medical condition, including some Controlled Drugs - see below.

Pharmacist Independent Prescribers can also prescribe similarly, but currently cannot prescribe any Controlled Drug independently.

Optometrist Independent Prescribers can prescribe any licensed medicine for ocular conditions affecting the eye and surrounding tissue, but cannot prescribe any Controlled Drug independently.

Nurse Independent Prescribers, Pharmacist Independent Prescribers and Optometrist Independent Prescribers:

- must work within their own level of professional competence and expertise
- are recommended to prescribe generically, except where this would not be clinically appropriate or where there is no approved generic name;

Nurse Independent Prescribers are also able to prescribe independently the following list of **Controlled Drugs**, solely for the medical conditions indicated:

Drug	Indication	Route of Administration
Buprenorphine	Transdermal use in palliative care	Transdermal
Chlordiazepoxide hydrochloride	Treatment of initial or acute withdrawal symptoms caused by the withdrawal of alcohol from persons habituated to it	Oral
Codeine phosphate	N/A	Oral
Co-phenotrope	N/A	Oral
Diamorphine hydrochloride	Use in palliative care, pain relief in respect of suspected myocardial infarction or for relief of acute or severe pain after trauma, including in either case post-operative pain relief	Oral or parenteral
Diazepam	Use in palliative care, treatment of initial or acute withdrawal symptoms caused by the withdrawal of alcohol from persons habituated to it, tonic-clonic seizures	Oral, parenteral or rectal
Dihydrocodeine tartrate	N/A	Oral
Fentanyl	Transdermal use in palliative care	Transdermal
Lorazepam	Use in palliative care, tonic-clonic seizures	Oral or parenteral
Midazolam	Use in palliative care, tonic-clonic seizures	Parenteral or buccal
Morphine hydrochloride	Use in palliative care, pain relief in respect of suspected myocardial infarction or for relief of acute or severe pain after trauma, including in either case post-operative pain relief	Rectal
Morphine sulphate	Use in palliative care, pain relief in respect of suspected myocardial infarction or for relief of acute or severe pain after trauma, including in either case post-operative pain relief	Oral, parenteral or rectal
Oxycodone hydrochloride	Use in palliative care	Oral or parenteral administration in palliative care

XVIIIB

For the purposes of nurse independent prescribing, palliative care means the care of patients with advanced, progressive illness.

NURSE, PHARMACIST & OPTOMETRIST INDEPENDENT PRESCRIBING

Nurse Independent Prescribers, Pharmacist Independent Prescribers and Optometrist Independent Prescribers:

- can prescribe licensed medicines independently for uses outside their licensed indications (so-called 'off-licence' or 'off-label'). They must accept clinical/legal responsibility for that prescribing, and should only prescribe off-licence/off-label where it is accepted clinical practice. In general, the General Optical Council discourages optometrists from prescribing 'off-licence' or 'off-label'. Further guidance is provided in the College of Optometrists Clinical Management Guidelines;
- may prescribe any appliances/dressings that are listed in Part IX of the Drug Tariff. Optometrist Independent Prescribers can only prescribe appliances/dressings for the treatment of eye conditions or tissue around the eye;
- must not prescribe drugs and other substances listed in Part XVIII A of the Drug Tariff at NHS expense;
- may prescribe drugs listed in Part XVIIIB of the Drug Tariff at NHS expense, but only in the specified circumstances, and/or for the specified patient groups listed in the Drug Tariff;
- Nurse and Pharmacist Independent Prescribers can now prescribe unlicensed medicines for their patients, on the same basis as doctors and supplementary prescribers. Optometrist Independent Prescribers can not prescribe unlicensed medicines;
- may prescribe borderline substances, which have been approved by the Advisory Committee on Borderline Substances (ACBS). A list of ACBS approved products and the circumstances under which they can be prescribed, can be found in part XV of the Drug Tariff. Although this is a non-mandatory list, Nurse Independent Prescribers should normally restrict their prescribing of borderline substances to items on the ACBS approved list. Optometrist Independent Prescribers should not need to prescribe any items on the ACBS list.

Up-to-date information and guidance on nurse independent prescribing is available on the Department of Health website at www.dh.gov.uk/nonmedicalprescribing and at www.dh.gov.uk/en/Healthcare/Medicinespharmacyandindustry/Prescriptions/index.htm

For Wales it is available at <http://www.wales.nhs.uk/sites3/page.cfm?orgid=371&pid=14547>

NATIONAL OUT-OF-HOURS FORMULARY

THE FORMULARY CORE DRUG LIST

The following National Out-of-Hours Core Formulary contains the *minimum* list of drugs that patients should be able to access. Exact mechanisms for the provision of these drugs should be decided locally, taking into account existing treatment protocols. **(England only. At the time of going to press the Welsh Ministers had not adopted the formulary)**

Guidance and information on template PGDs can be found on the website: <http://www.pgd.nhs.uk/>

Drug	Comment	Oral			
		Child	Adult	Injectable	Other
ANALGESIA					
Codeine or equivalent	Oral formulations to be supplied as a full course to appropriately treat the presenting condition. Codeine preferred as it has a dual role for pain relief and diarrhoea.		Y		
Diamorphine	Diamorphine is preferred for its use in both cardiac pain and palliative care.			Y	
Non Steroidal Anti-Inflammatory Drug (NSAID)	Oral formulations to be supplied as a full course to appropriately treat the presenting condition. The exact preparation(s) should be decided after local negotiation. Intramuscular injection of a NSAID may avoid the need for controlled drug use.	Y	Y	Y	
Paracetamol	Supply as a full course to appropriately treat the presenting condition.	Y	Y		
ASTHMA					
Inhaled Ipratropium	Supply as a full course to appropriately treat the presenting condition.				Y
Inhaled Salbutamol or equivalent	Supply as a full course to appropriately treat the presenting condition.				Y
Prednisolone	Oral formulations to be supplied as a full course to appropriately treat the presenting condition. Soluble tablets may be preferable for dual use in children and adults.	Y	Y		
Spacer Device	Or nebuliser device.				Y
CARDIAC EMERGENCIES					
Adrenaline/Epinephrine	Strength/formulation suitable for treatment of cardiac arrest.			Y	
Aspirin	For use in all patients with suspected Myocardial Infarction unless contraindicated or already taken.		Y		
Atropine	For use in cardiac emergencies.			Y	
Diamorphine				Y	

XVIII

NATIONAL OUT-OF-HOURS FORMULARY

Drug	Comment	Oral			
		Child	Adult	Injectable	Other
Furosemide	Supply as a full course to appropriately treat the presenting condition. Full course of oral tablets is expected to be 7 days maximum.		Y	Y	
Glyceryl Trinitrate Sub-lingual	Supply as a full course to appropriately treat the presenting condition.		Y		
ALLERGY/ANAPHYLAXIS					
Adrenaline/Epinephrine	Strength/formulation suitable for treatment of anaphylaxis.			Y	
Hydrocortisone	Hydrocortisone sodium succinate can be used for anaphylaxis, asthma and hypoadrenalism.			Y	
Chlorphenamine	Supply as a full course to appropriately treat the presenting condition.	Y	Y	Y	
Non-Sedating Antihistamine	Supply as a full course to appropriately treat the presenting condition. Choice of preparation to be decided locally.		Y		
DIABETIC EMERGENCIES					
Glucagon Injection	Current recommendation is for both Glucose IV and Glucagon to be carried. Children may not respond to Glucagon so are more likely to need glucose. Patients not responding should be admitted.			Y	
Glucose				Y	
OPIOID OVERDOSE					
Naloxone	Any patient with an opioid overdose should be admitted to hospital, as repeated doses may be required.			Y	
GASTROINTESTINAL					
Antacid	Supply as a full course to appropriately treat the presenting condition taking into account manufacturers' pack sizes.		Y		
Domperidone	Supply as a full course to appropriately treat the presenting condition (see also metoclopramide).		Y		
Glycerol Suppositories	Included for immediate symptom relief (may be suitable for use by other healthcare professionals).				Y
Anti-Spasmodic Agent	Supply as a full course to appropriately treat the presenting condition.		Y		
Loperamide	Supply as a full course to appropriately treat the presenting condition.		Y		
Metoclopramide	Included as there is no parenteral formulation of domperidone			Y	
Oral Rehydration Sachets	Supply as a full course to appropriately treat the presenting condition.	Y			

NATIONAL OUT-OF-HOURS FORMULARY

Drug	Comment	Oral			
		Child	Adult	Injectable	Other
Phosphate Enema	Included for immediate symptom relief (may be suitable for use by other healthcare professionals).				Y
Prochlorperazine	Oral formulations to be supplied as a full course to appropriately treat the presenting condition.		Y	Y	Y
PSYCHIATRIC EMERGENCIES/CNS					
Diazepam	Supply as a full course to appropriately treat the presenting condition. Course length to be decided locally taking into account local policies and guidelines. Small quantities may be more appropriate. An appropriate rectal formulation to be included.	Y	Y	Y	Y
Haloperidol	Supply as a full course to appropriately treat the presenting condition. May also be used for treatment of severe nausea and vomiting.		Y	Y	
Prochlorperazine	Supply as a full course to appropriately treat the presenting condition.		Y	Y	
OBSTETRIC AND GYNAECOLOGY					
Levonorgestrel 1500	Full course to be supplied - included as current evidence suggests early treatment is appropriate.		Y		
Syntometrine Injection	Rarely used but essential to have available for intra or post partum obstetric emergencies. Special storage arrangements may be necessary.			Y	
PALLIATIVE CARE DRUGS					
Diamorphine				Y	
Cyclizine				Y	
Dexamethasone	It is expected that these drugs would be part of a special tamper proof palliative care pack that would be locally available. Local discussions will be necessary to determine appropriate access. The quantities supplied should be enough to allow appropriate symptom relief until formal review by palliative care team or General Practitioner.		Y		
Hyoscine Butylbromide				Y	
Ketorolac/Diclofenac				Y	
Methotrimeprazine/ Levomepromazine				Y	
Midazolam				Y	
					Y

XVIII

NATIONAL OUT-OF-HOURS FORMULARY

Drug	Comment	Oral			
		Child	Adult	Injectable	Other
LOCAL ANTIBIOTIC CHOICE					
Following local discussion, antibiotics should be made available to appropriately treat the conditions listed below. Choice of preparation(s) should take into account local resistance patterns.					
Cellulitis and other skin infections	Supply as a full course to appropriately treat the presenting condition. Choice of preparation(s) should be made after local discussion taking into account local resistance patterns.	Y	Y		
Respiratory infections		Y	Y		
Upper respiratory tract infections		Y	Y		
Urinary tract infections		Y	Y		
INFECTION					
Bacterial conjunctivitis	Supply as a full course to appropriately treat the presenting condition. Choice of preparation(s) should be made after local discussion taking into account local resistance patterns.				Y
Candidiasis (Topical)	Included for immediate symptom relief.				Y
Herpes Zoster	Supply as a full course to appropriately treat the presenting condition. Choice of preparation to be decided locally. Included as current evidence suggest early treatment is appropriate.		Y		
Benzylpenicillin	For immediate treatment of meningococcal meningitis or septicaemia. Patients with suspected meningitis should be transferred to hospital urgently.			Y	
MISCELLANEOUS					
Sodium chloride for injection/ infusion	Also to include IV giving set and canula			Y	
Water for injection	For dissolving injectable drugs.			Y	
Blood glucose testing sticks	Use where diagnosis cannot safely wait e.g. to identify patients who have urgent treatment needs or who should be admitted to hospital.				Y
Urine testing sticks	Use where diagnosis cannot safely wait e.g. to identify patients who have urgent treatment needs or who should be admitted to hospital.				Y
DRUGS WHERE SPECIAL ARRANGEMENTS MAY BE APPROPRIATE					
Oxygen	It may be appropriate for some organisations to keep a supply of oxygen. Alternatively, local discussion and specific arrangements will need to be made for the delivery of oxygen.				

**DRUGS, MEDICINES AND OTHER SUBSTANCES NOT TO BE ORDERED UNDER A
GENERAL MEDICAL SERVICES CONTRACT**

Part XVIII A reproduces Schedule 1 to the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) Regulations 2004.

Note: Some of the references to products listed in Schedule 1 to the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) Regulations 2004, and reproduced below in Part XVIII A, are to their British Approved Name (BAN). The list has not been updated to reflect changes to the legislation which now requires that generic medicines should be referred to by their recommended International Non-proprietary Name (rINN), rather than their BAN. For the purposes of this list, reference to a generic product's British Approved Name also includes any corresponding generic medicine which is now known by the recommended International Non-proprietary Name. For example, there is an entry in Part XVIII A of the Drug Tariff for Guaiphenesin Syrup (any strength), but Guaifenesin is now the rINN. Neither product should be ordered under a general medical services contract. Appropriate amendments to schedule 1 to the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) Regulations 2004 will be made in due course.

10.10 Cleaning and Disinfecting Solution	All Fours Mixture (Glynwed Wholesale Chemists)
10.10 Rinsing and Neutralising Solution	All Fours Mixture (Roberts Laboratories)
10 Day Slimmer Tablets	Allbee with C Capsules
10 Hour Capsules	Allbee with C Elixir
4711 Cologne	Aller-eze Plus Tablets
	Aller-eze Tablets

**DRUGS, MEDICINES AND OTHER SUBSTANCES NOT TO BE ORDERED UNDER A
GENERAL MEDICAL SERVICES CONTRACT**

This Page is Intentionally Blank

**DRUGS, MEDICINES AND OTHER SUBSTANCES THAT MAY BE ORDERED ONLY IN
CERTAIN CIRCUMSTANCES**

Part XVIII B reproduces Schedule 2 to the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) Regulations 2004.

Drugs in Column 1 of this part may be prescribed for persons mentioned in Column 2, only for the treatment of the purpose specified in Column 3. The Prescriber must endorse the prescription with the reference "SLS".

Details of restricted availability appliances (vacuum pumps and constrictor rings for erectile dysfunction) can be found in Part IX of the Drug Tariff beside the listing for the relevant appliance.

* "at clinical risk" means in relation to a patient, a patient who -

- (a) has chronic respiratory disease;
- (b) has asthma that requires continuous or repeated use of inhaled or systemic steroids or with previous exacerbations requiring hospital admission;
- (c) has chronic heart disease;
- (d) has chronic renal failure;
- (e) has chronic liver disease;
- (f) has chronic neurological disease;
- (g) has diabetes; or
- (h) is immunosuppressed.

Note: Cyanocobalamin tablets are not suitable for the treatment of vitamin B12 deficiency in vegans because the tablets contain products of animal origin. Cyanocobalamin injection would be a suitable alternative. Appropriate amendments to schedule 2 to National Health Service (General Medical Services Contracts) (Prescription of Drugs etc) Regulations 2004 will be made in due course.

Drug	Patient	Purpose
Clobazam	Any patient	Epilepsy
Cyanocobalamin Tablets	A patient who is a vegan or who has a proven vitamin B12 deficiency of dietary origin.	Treatment or prevention of vitamin B12 deficiency.
Locabiotol Aerosol	Any patient	Treatment of infections and inflammation of the oropharynx.
Niferex Elixir 30ml Paediatric Dropper Bottle	Infants born prematurely	Prophylaxis in treatment of iron deficiency
Nizoral Cream	Any patient	Treatment of seborrhoeic dermatitis and pityriasis versicolor

(b) SI 1972/1265 (NI 14)

(c) OJ No.L257, 19.10.68, p.22 (OJ/SE 1968(II) p.475)

CRITERIA NOTIFIED UNDER THE TRANSPARENCY DIRECTIVE

Criteria notified to the European Commission under Article 7 of the Council Directive relating to the transparency of measures regulating the pricing of medicinal products for human use and their inclusion in the scope of national health insurance schemes (89/105/EEC)

The following six criteria have been separately notified by the UK Government to the European Commission since 1989 to comply with Article 7 of the Transparency Directive.

First, under the Selected List Scheme, medicinal products in seventeen therapeutic categories which are excluded from prescription on the grounds that, on expert advice, they had no clinical or therapeutic advantage over other, cheaper, drugs in the following categories:-

- mild to moderate painkillers
- indigestion remedies
- laxatives
- cough and cold remedies
- vitamins
- tonics
- benzodiazepine sedatives and tranquillisers
- anti-diarrhoeal drugs
- drugs for allergic disorders
- hypnotics and anxiolytics
- appetite suppressants
- drugs for vaginal and vulval conditions
- contraceptives
- drugs used in anaemia
- topical anti-rheumatics
- drugs acting on the ear and nose
- drugs acting on the skin

Second, products may be considered as "borderline substances" which are not truly medicinal products with clinical or therapeutic value and are excluded from NHS prescription on that ground.

Third, as well as being freely available on sale over the counter to the general public the cost to the NHS if the product(s) were to be supplied on prescription could not be justified at any price likely to be economic to the manufacturer and that the supply of the product is not considered a priority for the use of the limited resources available to the NHS.

Fourth, that products which nonetheless may meet a legitimate clinical or therapeutic need when properly prescribed, are subject to misuse by drug misusers, and such misuse, or the manner in which the product is administered by drug misusers, gives rise to the risk of physical or mental morbidity and alternative products are available to meet all legitimate clinical or therapeutic needs.

Fifth, a medicinal product or a category of medicinal products may be excluded entirely from supply on NHS prescription. It may alternatively be excluded except in specified circumstances, or except in relation to specified conditions or categories of condition, or specified categories of patient. A medicinal product or a category of them may be so excluded where the forecast aggregate cost to the NHS of allowing the product (or category of products) to be supplied on NHS prescription, or to be supplied more widely than the permitted exceptions, could not be justified having regard to all the relevant circumstances including in particular: the Secretary of State's duties pursuant to the NHS Act 1977 and the priorities for expenditure of NHS resources.

Sixth, products which comprise an injection device prefilled with a drug may be excluded from supply on NHS prescription if the same drug is available and can be used more economically in a container which may be used in conjunction with a refillable injection device.

CRITERIA NOTIFIED UNDER THE TRANSPARENCY DIRECTIVE

ELECTRONIC PRESCRIPTION SERVICE AUTHORISATION

The Primary Medical Services (Electronic Prescription Service Authorisation) Directions 2008, set out below, list the PCTs that are able to authorise the use of the ETP service (Electronic Transmission of Prescriptions service, which is the Electronic Prescription Service) by -

- (a) any primary medical services contractor with whom it is entering or has entered into a primary medical services contract: or
- (b) any practice established by the PCT.

NATIONAL HEALTH SERVICE, ENGLAND**THE PRIMARY MEDICAL SERVICES (ELECTRONIC
PRESCRIPTION SERVICE AUTHORISATION)
DIRECTIONS 2008**

The Secretary of State for Health gives the following Directions in exercise of the powers conferred by section 8 of the National Health Service Act 2006(a):

Citation, commencement and application

1.—(1) These Directions may be cited as the Primary Medical Services (Electronic Prescription Service Authorisation) Directions 2008 and come into force on 1st December 2008.

(2) These Directions are given to the Primary Care Trusts listed in the Schedule to these Directions and apply in relation to England.

Interpretation

2. In these Directions—

“the Act” means the National Health Service Act 2006;

“chemist” means—

- (a) a registered pharmacist(b),
- (b) a person lawfully conducting a retail pharmacy business in accordance with section 69 of the Medicines Act 1968(c), or
- (c) a supplier of appliances,

who is included in the list of a Primary Care Trust under section 129 of the Act or a Local Health Board under section 83 of the National Health Service (Wales) Act 2006(d), or who provides local pharmaceutical services in accordance with LPS arrangements;

(a) 2006 c.41.

(b) See section 275 of the Act for the definition of “registered pharmacist”.

(c) 1968 c. 67.

(d) 2006 c. 42.

ELECTRONIC PRESCRIPTION SERVICE AUTHORISATION

“ETP service” means the electronic prescription service which forms part of the NHS Care Record Service;

“GMS contractor” means a person with whom a Primary Care Trust is entering or has entered into a general medical services contract;

“NHS Care Record” means the records relating to an individual patient held by the NHS Care Record Service;

“NHS Care Record Service” means the information technology systems procured by the Department of Health and used by the health service to hold medical records relating to patients;

“nominated dispenser” means a chemist, medical practitioner, GMS contractor or PMS contractor whom a patient has nominated in their NHS Care Record to dispense their electronic prescriptions;

“patient” means—

- (a) a registered patient,
- (b) a temporary resident,
- (c) persons to whom the primary medical services contractor or the practice is required to provide immediately necessary treatment,
- (d) any other person to whom the primary medical services contractor or practice has agreed to provide services under the primary medical services contract or in accordance with the practice’s practice statement, or
- (e) any other person for whom the primary medical services contractor or practice is responsible under the primary medical services contract or in accordance with the practice’s practice statement;

“PMS contractor” means a person with whom a Primary Care Trust is entering or has entered into section 92 arrangements^(a) which require the provision by that person of primary medical services;

“practice” means a practice established by a Primary Care Trust for the purpose of providing primary medical services pursuant to section 83(2)(a) of the Act;

“practice statement” means a practice statement prepared and maintained by a Primary Care Trust, in accordance with directions issued under section 8 of the Act, in respect of any practice it establishes;

“primary medical services contract” means—

- (a) a general medical services contract,
- (b) section 92 arrangements which require the provision of primary medical services, or
- (c) contractual arrangements for the provision of primary medical services under section 83(2)(b) of the Act (primary medical services);

“primary medical services contractor” means—

- (a) a GMS or PMS contractor, or
- (b) a person with whom a Primary Care Trust is making or has made contractual arrangements for the provision of primary medical services under section 83(2)(b) of the Act;

^(a) See section 92(8) of the Act for the definition of “section 92 arrangements”.

ELECTRONIC PRESCRIPTION SERVICE AUTHORISATION

“registered patient” means—

- (a) a person who is recorded by a Primary Care Trust as being on a primary medical services contractor or practice’s list of patients, or
- (b) a person whom a primary medical services contractor or practice has accepted for inclusion on its list of patients, whether or not notification of that acceptance has been received by the Primary Care Trust, and who has not been notified by the Primary Care Trust as having ceased to be on that list; and

“temporary resident” means a person accepted by —

- (a) a primary medical services contractor as a temporary resident in accordance with the provisions of their primary medical services contract and for whom the contractor’s responsibility has not been terminated in accordance with the provisions of that contract, or
- (b) a practice as a temporary patient pursuant to the requirements of the practice’s practice statement and for whom that person’s responsibility has not been terminated in accordance with any procedure specified under that practice statement.

Authorisation to use the ETP service

3. The Primary Care Trusts listed in the Schedule to these Directions are specified as Primary Care Trusts that may authorise the use of the ETP service by—

- (a) any primary medical services contractor with whom it is entering or has entered into a primary medical services contract; or
- (b) any practice established by the Primary Care Trust.

Nomination of dispensers

4.—(1) The Primary Care Trusts listed in the Schedule to these Directions must monitor and consider any information available to them concerning the identities of the nominated dispensers recorded in the NHS Care Records of the patients of—

- (i) any primary medical services contractor with whom it has entered into a primary medical services contract and which is operating the ETP service for its patients; and
- (ii) any practice established by the Primary Care Trust which is operating the ETP service for its patients.

(2) Where any of those Primary Care Trusts identify any unusual or unexpected distribution of nominations, they must consider whether further investigation or action is appropriate.

(b) These Directions were signed on 7th November 2008 and amended by the Primary Medical Services (Electronic Prescription Service Authorisation) (Amendment) Directions 2009, signed on 9th June 2009, both published on http://www.dh.gov.uk/en/Publicationsandstatistics/Publications/PublicationsLegislation/DH_091267.

PAYMENTS TO CHEMISTS SUSPENDED BY A PRIMARY CARE TRUST OR BY DIRECTION OF THE FHSAA

This Determination is made by the Secretary of State under regulation 58 of the National Health Service (Pharmaceutical Services) Regulations 2005¹ and regulation 18A of the National Health Service (Pharmaceutical Services) Regulations 1992.

1. Interpretation

- 1.1 Unless the context otherwise requires, words and phrases used in this Determination have the same meaning as they have in the National Health Service (Pharmaceutical Services) Regulations 2005 ("the 2005 Regulations") in relation to England, and the same meaning as they have in the National Health Service (Pharmaceutical Services) Regulations 1992 ("the 1992 Regulations") in relation to Wales.

2. Calculation of payments to be made to suspended chemists

- 2.1 Where a chemist is suspended by direction of the FHSAA, or by a Primary Care Trust (PCT) in England or a Local Health Board (LHB) in Wales as the case may be, a PCT in England or a Local Health Board shall make payments to him, calculated in accordance with this Determination.
- 2.2 Where the suspended chemist has undertaken to provide pharmaceutical services from two or more premises in the area of a PCT or the area of a LHB, payments shall be calculated separately in respect of each of those premises.
- 2.3 Upon receipt of a claim from the chemist, the PCT or LHB shall pay to the suspended chemist in respect of each complete calendar month during which he is suspended an amount equal to his reference remuneration, calculated in accordance with paragraph 3.
- 2.4 For any calendar month during which the chemist was suspended for less than the whole month, payment shall be reduced pro rata to the number of days (including weekends and Bank Holidays) during which the chemist was suspended.
- 2.5 If when the chemist is first suspended, the PCT or LHB does not have available to it all the details of the fees and allowances which it needs in order to calculate reference remuneration in accordance with paragraph 3, it shall estimate the reference remuneration on the basis of the information which is available to it, and make payments accordingly. When the full information becomes available, it shall recalculate the reference remuneration, and adjust its payments accordingly.
- 2.6 The PCT or LHB shall also recalculate the reference remuneration (and, where appropriate, any additional payment or deduction under paragraphs 6 to 9 below) if the chemist ceases to be included in the pharmaceutical list in respect of any premises, or if the PCTs for England or LHBs for Wales receive new information about the fees and allowances to which he was entitled. The PCT or LHB shall adjust its monthly payments accordingly.

3. Reference Remuneration

- 3.1 A chemist's 'reference remuneration' is the total of the relevant fees and allowances (as defined in paragraph 4 below) to which he was entitled in respect of the relevant period (as defined in paragraph 5 below) in relation to the premises in question, divided by the number of months in the relevant period.
- 3.2 For example, if the relevant fees and allowances for a given set of premises come to £12,000, and the relevant period for those premises is ten months, the reference remuneration will be £12,000/10 = £1200. If the relevant period is the full twelve months, the reference remuneration would be £12,000/12 = £1000.
- 3.3 Where a chemist is included in the pharmaceutical list of a PCT or a pharmaceutical list of a LHB both as a person who has undertaken to provide pharmaceutical services by way of the provision of drugs and by way of the provision of appliances in respect of the same premises, and the relevant period for the two types of service differ, the two sets of relevant fees and allowances shall be calculated separately for the purposes of determining reference remuneration.

XIX

¹ S.I.2005/641

PAYMENTS TO CHEMISTS SUSPENDED BY A PRIMARY CARE TRUST OR BY DIRECTION OF THE FHSAA

4. Relevant Fees and Allowances

- 4.1 Relevant Fees and allowances means:
- (a) Professional Fees payable under clause 1 of Part IIIA of the Drug Tariff;
 - (b) Additional or Special Fees payable under clause 2 of Part IIIA;
 - (c) Fees for dispensing appliances, payable under Part IIIB;
 - (d) Payment for Essential Services (Pharmacy Contractors) payable under Part VIA;
 - (e) On-Cost Allowance for Appliance Contractors payable under Part VIB;
 - (f) Payment for advanced services (pharmacy contractors) payable under Part VIC;
 - (g) Payments for any enhanced services (pharmacy contractors) payable under Part VID;
 - (h) Payments under the Essential Small Pharmacies Scheme payable under Part XII;
 - (i) Payments in respect of Pre-Registration Trainees under Part XIII;
 - (j) Payments for Oxygen Therapy Services (including service element and hardware, but excluding compensation for financial loss in respect of oxygen equipment paid under regulation 56(1)(j) of the 2005 Regulations as determined by the PCT or paid under regulation 18(1)(i) of the 1992 Regulations as determined by the LHB).
- 4.2 For the purposes of calculating reference remuneration, relevant fees and allowances to which the chemist was entitled in respect of any part of the relevant period (as defined in paragraph 5) prior to 1 April 2005, other than those listed at (c) and (e) in paragraph 4.1, shall be increased by 3.225%.
- 4.3 For example, if the relevant period were to be July 2004 to June 2005, reference remuneration would be calculated by reference to
- the relevant fees and allowances for July 2004 to March 2005, increased by 3.225%;
 - and
 - the relevant fees and allowances for April to June 2005, without any increase.

5. Relevant Period

- 5.1 Where, prior to the suspension, the chemist has been included in the pharmaceutical list in respect of premises for less than 12 complete calendar months, the relevant period for those premises is the number of complete calendar months during which the chemist was so included in the pharmaceutical list.
- 5.2 In all other cases, the relevant period is the last twelve complete calendar months immediately prior to the suspension.
- 5.3 For example, if a chemist is suspended on 12 November 2005, the relevant period for each set of premises would normally be 1 November 2004 to 31 October 2005 (i.e. 12 months). But if the chemist was first included in the pharmaceutical list on 3 April 2005, the relevant period will be 1 May 2005 to 31 October 2005 (i.e. 6 months).
- 5.4 Where a chemist has, under regulation 5 (1) (b) (ii) or 5 (1) (c) of the 2005 Regulations (where the premises are in England) or 4 (3) (a) of the 1992 Regulations (where the premises are in Wales), relocated the premises from which he provides pharmaceutical services, only the period after that relocation (or the last such relocation) is to form part of the relevant period.
- 5.5 The provisions in paragraph 5.4 do not apply where a chemist has already been suspended and a relocation of the premises from which he provides pharmaceutical services takes place subsequent to that suspension (for example by virtue of a temporary chemist applying to change premises on behalf of the suspended chemist under regulation 9 (3)).
- 5.6 Where a chemist began to provide pharmaceutical services from premises in place of another chemist under regulation 8 (1) of the 2005 Regulations (if the premises are in England) or 4 (3) (b) of the 1992 Regulations (if the premises are in Wales) and is then suspended, only the period after that change of ownership is to form part of the relevant period.

PAYMENTS TO CHEMISTS SUSPENDED BY A PRIMARY CARE TRUST OR BY DIRECTION OF THE FHSAA

6. Additional Payments

- 6.1 Where the PCT or LHB is satisfied that, but for suspension, a pharmacy contractor would have been entitled to a higher rate of payment for Essential Services in Part VIA in respect of the month in which he was suspended than he in fact received, the PCT for England and LHB for Wales shall make an additional payment to him.
- 6.2 That payment shall be the difference between the amount the contractor received in respect of that month and the amount to which, by reference to payments in previous months, the PCT or LHB believes he would have been entitled but for the suspension.
- 6.3 Payment shall be made as soon as practicable after the PCT or LHB has available to it final details of the amount of Payment for Essential Services that was actually made to the contractor in respect of the month in question.

Payments for temporary chemists

- 6.4 Where the PCT for England has granted, under the provisions of regulation 54 of the 2005 Regulations, approval to a temporary chemist to provide pharmaceutical services at the relevant premises in place of the suspended chemist, and is further satisfied that the suspended chemist is paying to the temporary chemist a payment whether by way of fee, salary or other emolument, additional to any agreed share of payments made under paragraph 4 above, in respect of the month in which he was suspended, the PCT for England shall reimburse the suspended chemist the fee, salary or other emolument, up to a maximum of £150 per day.

7. Deductions from Payments**7.1 Essential Small Pharmacies Scheme**

- 7.1.1 Where the PCT or LHB is satisfied that, but for suspension, a pharmacy contractor would have been entitled under Part XII of the Drug Tariff to lower payments under the Essential Small Pharmacies Scheme in respect of the month during which he was suspended than he in fact received, the PCT or LHB shall make a deduction from its monthly payment to him.
- 7.1.2 That deduction shall be the difference between the amount the contractor received in respect of that month and the amount to which, by reference to payments in previous months, the PCT or LHB believes he would have been entitled but for the suspension.
- 7.1.3 Such deduction shall be made as soon as practicable after the PCT or LHB has available to it final details of the amount of payments under the Essential Small Pharmacies Scheme that was actually made to the contractor in respect of the month in question.

7.2 On-cost allowance for Appliance Contractors

- 7.2.1 Where the PCT or LHB is satisfied that, but for suspension, a supplier of appliances would have been entitled under Part VIB of the Drug Tariff to a lower level of on-cost allowance in respect of the month during which he was suspended than he in fact received, the PCT or LHB shall make a deduction from its monthly payment to him.
- 7.2.2 That deduction shall be the difference between the amount the supplier of appliances received in respect of that month and the amount to which, by reference to payments in previous months, the PCT or LHB believes he would have been entitled but for the suspension.
- 7.2.3 Such deduction shall be made as soon as practicable once the PCT or LHB has available to it final details of the level of on-cost that was actually paid to the supplier of appliances in respect of the month in question.

**PAYMENTS TO CHEMISTS SUSPENDED BY A PRIMARY CARE TRUST OR BY DIRECTION
OF THE FHSAA**

8. Claims for payment

- 8.1 The suspended chemist shall claim payments under this determination, by notifying the PCT or LHB in writing. When first making the claim, and subsequently as necessary, the suspended chemist shall provide such information as the PCT or LHB may reasonably require for the purposes of establishing the chemist's entitlement to, or the level of, payments.

9. Arrangements for payment

- 9.1 Upon receipt of a claim from the suspended chemist, payments shall be made in arrears as soon as practicable following the end of each calendar month, starting at the end of the month following that in which the chemist was suspended. For example, if the chemist is suspended on 27 August, the first payment will be due as soon as practical after 30 September.

10. Termination of payment

- 10.1 No claim for payment may be made in respect of any period after which the suspended chemist has, under regulation 9 (1) of the 2005 Regulations, disposed of the premises from which he was providing pharmaceutical services prior to his suspension.

Signed and dated by Jeanette Howe, Head of Pharmacy, Dept of Health, 1 April 2005

PAYMENTS TO SUSPENDED CHEMISTS

This Determination is made by the Secretary of State under regulation 58 of the National Health Service (Pharmaceutical Services) Regulations 2005(a), and by the Welsh Ministers under regulation 18A of the National Health Service (Pharmaceutical Services) Regulations 1992(b), acting jointly.

Citation and commencement

1. This Determination may be cited as the Payments to Suspended Chemists Determination 2009 and comes into force on 18th January 2010.

Modification of the 2005 Determination

2.—(1) The Determination made by the Secretary of State under regulation 58 of the National Health Service (Pharmaceutical Services) Regulations 2005, and regulation 18A of the National Health Service (Pharmaceutical Services) Regulations 1992, signed on 1st April 2005, (“the 2005 Determination”) has effect subject to the modifications set out in sub-paragraphs (2) and (3).

(2) In the heading, for “DIRECTION OF THE FHSAA” substitute “DIRECTION OR ORDER OF THE FIRST-TIER TRIBUNAL”.

(3) In paragraph 2.1, for “direction of the FHSAA,” substitute “direction or order of the First-tier Tribunal.”

Orders of the FHSAA

3. By virtue of paragraph 3(5) of Schedule 5 to the Transfer of Tribunal Functions Order 2009, directions of the FHSAA have effect from 18th January 2010 as directions of the First-tier Tribunal, and accordingly, as from 18th January 2010, any chemist who claims or is in receipt of a payment under the 2005 Determination as a consequence of a suspension that continues in effect by virtue of paragraph 3(5) is to be treated for the purposes of the 2005 Determination as suspended by direction of the First-tier Tribunal as regards the entirety of their period of suspension.

REQUISITIONS AND PRIVATE PRESCRIPTIONS FOR CONTROLLED DRUGS

Following the Government's response to the Fourth Report of the Shipman Inquiry (Safer Management of Controlled Drugs), the requirements for requisitions and private prescriptions for controlled drugs have changed.

For EnglandPrivate Prescriptions for Controlled Drugs

From 1 July 2006 all private prescriptions issued for controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 must be ordered using the prescription form designed specially for this purpose (FP10PCD).

Following dispensing, the original FP10PCD prescription forms must be submitted to the NHS Business Services Authority (NHSBSA) for audit purposes.

Requisitions for Controlled Drugs

From 1 January 2008 requisitions used for the supply of controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 should be ordered using a FP10CDF requisition form. Once the supply has been issued the requisition must be submitted to the NHS Business Services Authority (NHSBSA) for audit purposes. Requisitions for supplies by hospitals and wholesalers are exempt from this requirement.

Submission of Forms

One FP34PCD submission document must be completed and submitted with each monthly submission of original FP10PCD prescription forms/FP10CDF requisition forms. The submission document is available at www.nhsbsa.nhs.uk along with guidance on how to complete the document.

The original prescriptions/requisitions should be sorted separately, packed securely and dispatched to the NHS Business Services Authority by no later than the fifth day of the month following that in which they were supplied.

The FP34PCD submission document and original FP10PCD prescription forms/FP10CDF requisition forms must be submitted to the following address:

**NHSBSA, NHS Prescription Services
Division 3 Newcastle
Goods Entrance (off Dean Street)
Bridge House
152 Pilgrim Street
Newcastle upon Tyne
NE1 6SN**

Please ensure that original FP10PCD prescription forms/FP10CDF requisition forms are only sent with the relevant FP34PCD submission document and are not included in the monthly submission of NHS prescription forms.

For WalesPrivate Prescriptions for Controlled Drugs

From 1 January 2007 all private prescriptions issued for controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 must be ordered using the prescription form designed specially for this purpose (WP10PCD (Pad) or WP10PCDSS (Single Sheet)).

Following dispensing, the original WP10PCD or WP10PCDSS prescription forms must be submitted to Health Solutions Wales (HSW) for audit purposes.

REQUISITIONS AND PRIVATE PRESCRIPTIONS FOR CONTROLLED DRUGS

Requisitions for Controlled Drugs

From 1 January 2008 requisitions used for the supply of controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 should be ordered using a WP10CDF requisition form. Once the supply has been issued the requisition must be submitted to Health Solutions Wales (HSW) for audit purposes. Supplies of the WP10CDF form can be obtained from local Business Service Centre stores. Requisitions for supplies by hospitals and wholesalers are exempt from this requirement.

Submission of Forms

The supplier must submit all CD requisitions that they have processed to Health Solutions Wales (HSW) using the WP34C form which can be downloaded from - <http://www.hsw.wales.nhs.uk/page.cfm?orgid=166&pid=9848>.

The WP34C submission document and original WP10PCD/WP10PCDSS prescription forms and WP10CDF requisition forms must be submitted to the following address:

**Health Solutions Wales
12th Floor, Brunel House
2 Fitzalan Road
Cardiff
CF24 0HA**

DETERMINATION AND DESIGNATIONS

DETERMINATIONS AND DESIGNATIONS

THE NATIONAL HEALTH SERVICE ACT 2006
The Schedule 14 Determination and Designations 2010

The Secretary of State makes the following determination under paragraph 4(2) of Schedule 14 to the National Health Service Act 2006(a) and the following designations under paragraph 3A(1) of that Schedule(b), read with paragraph 4(1) of that Schedule(c).

Citation and commencement

This Instrument may be cited as the Schedule 14 Determination and Designations 2010 and comes into force on 1st April 2010.

Determination under paragraph 4(2): remuneration treated as remuneration referable to the cost of drugs

—(1) The Secretary of State determines that the reimbursement costs that—

- (a) the NHS Business Authority includes in its Itemised Prescription Payment Reports;
- (b) Primary Care Trusts are required to pay to persons providing pharmaceutical services or local pharmaceutical services;
- (c) are in respect of medicines and other products lawfully dispensed in accordance with the Drug Tariff; and
- (d) the Secretary of State does not treat as remuneration to be met by an NHS trust or an NHS foundation trust,

must be treated for the purposes of Schedule 14 to the National Health Services Act 2006 as remuneration referable to the cost of drugs.

(2) Reimbursement costs relating to Home Oxygen Services are not covered by this determination.

(3) This paragraph supersedes all previous determinations under paragraph 4(2) of Schedule 14 to the National Health Service Act 2006.

Designations under paragraph 3A(1): designated remuneration which is not remuneration referable to the cost of drugs

—(1) The Secretary of State designates, for the purposes of paragraph 3A of Schedule 14 to the National Health Services Act 2006, the elements of remuneration of fees and allowances that—

- (a) the NHS Business Authority includes in its Remuneration Reports;
- (b) are paid by Primary Care Trusts to persons providing pharmaceutical services or local pharmaceutical services;
- (c) are in respect of—

(a) 2006 c. 41.

(b) Paragraph 3A is inserted by the Health and Social Care Act 2008 (c.14), Schedule 12, paragraph 5(1) and (3).

(c) Paragraph 4(2) contains a definition of "designate" (inserted by the Health and Social Care Act 2008, Schedule 12, paragraph 5(1) and (4)(a)), which is relevant to the powers being exercised.

DETERMINATION AND DESIGNATIONS

- (i) fees and allowances (including the rechargeable costs that are, or are associated with, prescription charges) paid in accordance with the Drug Tariff,
 - (ii) fines for breaches of terms of service that are credited to the Primary Care Trust of the contractor responsible for the breach,
 - (iii) payments made to a suspended contractor in accordance with a determination under regulation 58 of the National Health Service (Pharmaceutical Services) Regulations 2005(a),
 - (iv) payments for advanced services provided in accordance with the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2005(b),
 - (v) payments made in accordance with the Schedule to the Local Pharmaceutical Services (Essential Small Pharmacies) Directions 2005(c), or
 - (vi) payments for advanced services provided in accordance with the Pharmaceutical Services (Advanced Services) (Appliances) (England) Directions 2009(d); and
- (d) the Secretary of State does not treat as remuneration to be met by an NHS trust or an NHS foundation trust.
- (2) The following fees and allowances are not covered by this designation—
- (a) any payable to dispensing doctors;
 - (b) any payable under primary medical services contracts in respect of personally administered drugs or appliances;
 - (c) any payable in respect of Home Oxygen Services;
 - (d) any that are remuneration referable to the cost of drugs covered by the determination under paragraph 2.

Signed by authority of the Secretary of State for Health

19 March 2010

Jeannette Howe
Head of Pharmacy
Department of Health

(a) S.I. 2005/641; amended by S.I. 2006/3373.
(b) Signed on 31st March 2005 and published in the Drug Tariff, together with the amending Directions.
(c) Signed on 28th October 2005 and published in the Drug Tariff, together with the amending Directions.
(d) Signed on 16th December 2009 and published in the Drug Tariff.
